teacherTAXI® CART

Take your art room with you wherever you go.

Need to move paints, brushes, markers, crayons, paper and other creative teaching materials—inside your building or even outside? Transitional teaching has never been easier with the Wenger Corporation teacherTAXI® cart. It's the easy way to transport your essential teaching tools anywhere you need to take them.

The easy-grip handle and maneuverable wheel design lets you roll the teacherTAXI® smoothly down halls, around corners and through doorways. It's ergonomically designed with tiered, stepped shelves for easy access and plenty of leg room while walking. And, optional cupholders provide creature comforts during those long days.

So why haul everything by hand when you can take a taxi? The teacherTAXI® cart from Wenger Corporation.

teacherTAXI® CART

Instead of a storage drawer, you can opt for a slide-out shelf for a laptop or gradebook.

Got a purse, gradebook, cell phone or other valuables you need to bring with you to class? Keep them secure and out of sight with the lockable storage drawer.

Your car has them, why not your TAXI? Don't leave your coffee, soft drink or water behind when you move to another classroom.

A lip and recessed groove that runs around the edge of all the shelves keeps pens, pencils and other small items from rolling off. It can even hold over one gallon of spilled liquid.

The sturdy handle lets you easily guide your teacherTAXI down the hall and around corners.

Plug in your laptop, projector and more with the convenient power strip.

Storage drawer can be accessed from either side.

Swivel casters in the front for easy maneuverability and 12" (305 mm) static all-terrain wheels in the back for smooth movement.

PRODUCT SPECIFICATIONS:

- Can be easily moved by student or adult even when fully loaded. Static rear wheels ensure straight tracking down narrow hallways.
- Ergonomically designed.
  - Top work surface at ergonomic height of 34 1/2" (876 mm).
  - Handle design avoids stress.
- Fits through standard doorways, hallways and elevators.
