

"We're very happy with all our OnBoard products. As a director, I appreciate how they are solidly built. They're built to handle what we do, which is the extreme of the marching arts activities. When we're going to a performance, we don't worry about our OnBoard equipment because it's rock solid."

– Brad Furlano, Executive Director
Blue Stars Drum & Bugle Corps, La Crosse, Wisconsin

Avon High School, Avon, Indiana
Music for All Bands of America
Grand Nationals, Indianapolis, Indiana

ONBOARD[®] TRANSPORT CARTS

Uniform Cart
Page 76

The safe, secure, easy way to transport marching band uniforms. Great for low-profile and under-bus storage.

Cargo Cart
Page 77

Rugged, built to last, with the ability to easily haul instruments, uniforms, etc. wherever you need them.

Timpani Cart
Page 78

Transports individual drums or timpani sets. Perfect for concert or field use.

Auxiliary Podium
Page 79

Compact, folding design rolls easily on two wheels when folded and then sets up fast where you need it.

Field Podium
Page 79

A revolutionary new design for drum majors makes setup a snap in under 30 seconds.

Percussion Cart
Page 80

Marching bands and drum corps will love the storage, mobility, and easy access for outdoor performances. Works great for indoor rehearsals too.

Bass Drum/Gong Cart
Page 80

Holds and stores large bass drums or gongs. Great for marching band competitions or concerts.

Speaker Cart
Page 81

Heavy-duty workhorse stores and moves large speakers down the hall or across the football field.

Keyboard Cart
Page 81

Now it only takes one cart to move an electronic keyboard onto the field, set it up, play it, and store it. Perfect for indoor rehearsal and outdoor performance.

ONBOARD® TRANSPORT CARTS

Owatonna Bus Company, Owatonna, Minnesota

OnBoard® Uniform Cart

If you travel by bus to and from performances, the OnBoard Uniform Cart is a safe, convenient way to transport marching band uniforms. Solid, versatile storage that holds up to 24 uniforms and travels easily in standard coach bus storage compartments.

USAGE

Safe, easy way to transport marching band uniforms for low-profile and under-bus storage

PERFORMANCE REQUIREMENTS

- Lightweight design for movement and lifting by two people
- Accommodates up to 24 standard-length uniforms
- Specifically designed to fit into the standard storage compartment of a coach bus
- 250 lb (113 kg) load capacity
- Includes 28 hanger retainer clips
- Hanger arms include space for label on end cap

CONSTRUCTION

- Durable ABS construction with built-in slide rails on back of cart
- Dimensions: 48"l x 23"d x 45"h (122 cm x 58 cm x 114 cm)
- Fits through standard 3' (91 cm) doorways

ORDERING INFORMATION

- 210A007 OnBoard Uniform Cart, 56 lbs (25 kg)
- 210A012 OnBoard Uniform Cart - 2-Pack, 112 lbs (50 kg)

Hanger Retainer Clips lock hangers in place to prevent uniforms from falling off the garment bar during transport.

Wear strip and slide strip help to easily glide cart into bus compartment.

Rugged handles make it easy to roll cart where you need it and then tilt cart into position to slide into bus storage compartment.

"The OnBoard Cargo Cart is another great Wenger product – its dependability is without question and it gives us great flexibility in handling our marching band uniforms."

*– Evelio Villarreal,
Director of Bands
Plano East Senior
High, Plano, Texas*

Cart shown with two optional shelves.

OnBoard® Cargo Cart

We asked marching bands what they wanted in a cart. They wanted it to be rugged, built to last, with the ability to easily haul instruments, uniforms, flags – you name it. In other words, they wanted the new Wenger OnBoard Cargo Cart. Each unit can be easily configured with shelves, a garment bar or both. The garment bar can be replaced with an optional shelf to haul instruments. And OnBoard Cargo Carts fit through standard doorways and are perfect for transport in standard trailers.

USAGE

Ideal way to move marching band instruments, uniforms, and equipment

PERFORMANCE REQUIREMENTS

- Easy to reconfigure with shelves, garment bar or both
- Capacities: 35 marching band uniforms on garment bar, 21 hats on bottom shelf
- Heavy-duty solid rubber casters or pneumatic wheels maneuver easily on hard or soft surfaces
- Optional adjustable shelves (not included)

CONSTRUCTION

- Equipped with removable full-length garment bar and 40 hanger retainer clips to lock uniforms in place
- Bottom shelf constructed of 16-gauge steel with powder coat black paint finish
- Garment bar constructed of 12-gauge 1 1/4" (3.2 cm) round tubing
- Uprights are 16-gauge 1 1/4" (3.2 cm) round tubing with slots for additional shelves
- Dimensions: 72 1/2" l x 31 1/2" d x 70 1/2" h (184 cm x 80 cm x 179 cm)
- Fits through standard 3' (91 cm) doorways
- Fits into trailers, semi-trailers and trucks with minimum 6' (183 cm) door height. Six fully loaded carts fit into a 14' (4.26 m) trailer and nine carts fit into a 20' (6.1 m) trailer
- Top of garment bar to top of bottom shelf is 5' 1 1/2" (154 cm)
- 5-year warranty
- Shipped unassembled

ORDERING INFORMATION

- 210A003 6' (183 cm) OnBoard Cargo Cart, 130 lbs (59 kg) with hard casters
- 210A004 6' (183 cm) OnBoard Cargo Cart, 130 lbs (59 kg) with pneumatic casters

Optional Accessories

- 210A002 Adjustable Shelf, 50 lbs (23 kg)
- 210A230 Hanger Retainer Clip (Bag of 40)
- 210A220 Protective Cover

Take your equipment to where you practice and perform – pneumatic wheels make it easy for two people to transport carts loaded with heavy instruments whether on grass or concrete.

Solid rubber non-marring casters are extremely durable and provide smooth transport inside or outside your facility.

Optional shelves are adjustable. OnBoard Cargo Carts feature slots attaching up to three shelves in addition to the bottom shelf. This makes it easy to add or remove shelves based on your need.

Hanger Retainer Clips lock hangers in place to prevent uniforms from falling off the garment bar – especially during transport in a trailer.

OnBoard® Timpani Cart

This unique, innovative design lets you easily move individual timpani or complete sets onto the field, into the concert hall and back into storage. The innovative design allows this cart to quickly convert to the proper performance position with one simple turn. The system fits all five sizes of pedal-style timpani. And stabilizer bars allow the cart to be used on uneven surfaces.

USAGE

Easily transport pedal-style timpani anywhere for marching band or concert use

PERFORMANCE REQUIREMENTS

- Fits all five sizes of pedal-style timpani – 20", 23", 26", 29" and 32" (51 cm, 58 cm, 66 cm, 74 cm and 81 cm) diameter
- Stabilizer bars allow cart to remain steady on uneven surfaces
- Black powder-coat paint finish makes cart virtually invisible on a field
- Carts can separate and be used individually
- Fold-down player platform quickly locks into performance position
- Tie-down rings allow timpani to be secured in place (Tie-down straps not included)
- Can be easily pulled onto the field with drums in place
- Metal tow bar included
- Holds up to 4 drums of the sizes listed

CONSTRUCTION

- Each cart includes two 10"-diameter (25 cm) pneumatic tires
- Load capacity: 200 lbs (90 kg) evenly distributed per cart
- Dimensions: 34½" w x 149" l x 16" h (88 cm x 378 cm x 41 cm) folded flat, 44½" h (113 cm) when player platform is vertical
- Performance position: 90" w x 90" l x 12" h (229 cm x 229 cm x 31 cm)
- Weight: 180 lbs (82 kg)

ORDERING INFORMATION

210A016 OnBoard Timpani Cart, 180 lbs (82 kg)

The OnBoard Timpani Cart converts from its towing position into a stable performance position in a few simple steps.

Center pin may be removed to separate carts for individual use.

OnBoard® Auxiliary Podium

The companion to the Field Podium, the Auxiliary Podium stands 42" (1.1 m) tall to flank the Drum Major. One person can roll it easily and it can be unfolded and ready to go in less than 30 seconds. It's sturdy and comes with a safety railing.

QR CODE
Snap this QR code to view setups of both podiums on YouTube!

Rubber wheels make rolling this podium onto the field a snap.

USAGE

An elevated, sturdy drum major platform that rolls out easy and sets up fast for a commanding view

PERFORMANCE REQUIREMENTS

- Breakthrough design sets up in less than 30 seconds by one person
- 42" (1.1 m) platform lets a drum major see and be seen
- Ladder steps on the back and a safety rail on top
- Rubber wheels make transportation onto the field easy
- Sturdy deck with excellent traction and long life durability

CONSTRUCTION

- Unique combination of black, powder-coat painted steel and aluminum for a striking appearance and maximum durability
- Simple design folds compactly and rolls from vehicle to performance position
- Two high-wear rubber wheels
- Dimensions: with rail - 32" w x 72" l x 80" h (81 cm x 183 cm x 203 cm)
without rail - 32" w x 72" l x 42" h (81 cm x 183 cm x 107 cm)
stored position - 32" w x 54" l x 8" h (81 cm x 54 cm x 8 cm)

ORDERING INFORMATION

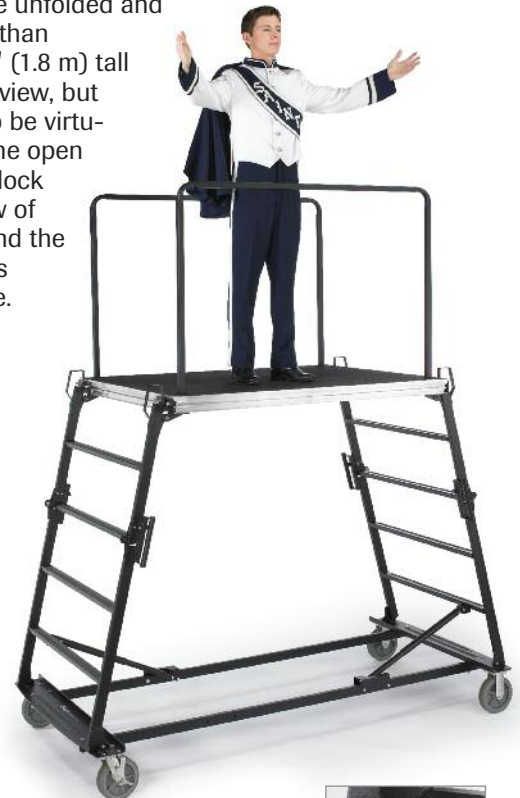

210A019 OnBoard Auxiliary Podium, 81 lbs (37 kg)

The Auxiliary Podium can set up easily in three simple steps by one person.

OnBoard® Field Podium

This podium can be unfolded and ready to go in less than 30 seconds. It's 72" (1.8 m) tall for a commanding view, but is sturdy enough to be virtually wobble-free. The open design will never block the audience's view of the performance and the unique design folds compactly after use. The Field Podium rolls easily to wherever you need it and when folded can even be used to transport other equipment.

Heavy-duty surface
Black (Quadruple)

USAGE

An elevated, sturdy field platform that rolls out easy and sets up fast for a commanding view

PERFORMANCE REQUIREMENTS

- Breakthrough design sets up in less than 30 seconds with two people
- 72" (1.8 m) platform lets a drum major see and be seen
- Ladder steps on each end and removable safety rails on top
- Rubber wheels and tow bar make transportation onto the field easy
- Sturdy deck with excellent traction and long life durability

CONSTRUCTION

- Unique combination of black, powder-coat painted steel and aluminum for a striking appearance and maximum durability
- Includes two gas assists to minimize lifting effort
- Four large diameter, high-wear rubber wheels. (Note: Not available with pneumatic wheels)
- Tow bar included for easy transport
- Folds compactly and will fit on most trailers and trucks
- Dimensions: with rail - 46 1/4" w x 96" l x 110" h (117 cm x 244 cm x 279 cm)
without rail - 46 1/4" w x 96" l x 72" h (117 cm x 244 cm x 183 cm)
stored position - 46 1/4" w x 96" l x 21 1/2" h (117 cm x 244 cm x 55 cm)

Large diameter rubber wheels with brakes

ORDERING INFORMATION

210A018 OnBoard Field Podium, 263 lbs (119 kg)

The Field Podium can set up easily in three simple steps with two people.

OnBoard® Percussion Cart

Marching bands and drum corps will love the storage, mobility, and easy access that our new Percussion Cart gives them for outdoor performances. Works for indoor use too. Casters roll easily on grass or hard surfaces and lock in place for worry-free stability.

USAGE

Easy way to store, transport and play percussion instruments for drum corps or marching band performances

PERFORMANCE REQUIREMENTS

- Bar designed to hold wide selection of small percussion instruments
- Designed to allow arms' reach access to all instruments
- 150 lb (66 kg) load capacity
- Includes storage pockets for mallets, sticks, etc.
- Metal tow bar is included

CONSTRUCTION

- Four posts with clamps to attach instruments to bar
- Pneumatic tires for easy mobility on soft surfaces with two locking wheels
- Dimensions: 72 1/4" l x 31" d x 49 1/2" h (184 cm x 79 cm x 126 cm)
- Fits through standard 3' doorway

Handy storage for mallets and sticks.

ORDERING INFORMATION

210B006 OnBoard Percussion Cart, 90 lbs (41 kg)

OnBoard® Bass Drum/Gong Cart

Now it's an easy job for one or two people to get the bass drum or the gong on the field or back in storage. Our new Bass Drum/Gong Cart is perfect for marching band competitions or for indoor concerts.

USAGE

Easy way to move and store bass drums and gongs for marching band competitions or rehearsals and indoor concerts

PERFORMANCE REQUIREMENTS

- Elastic suspension system designed to easily hold the weight of a large bass drum or gong up to 40" (101 cm) diameter
- Drum tilts in 15-degree increments
- Metal tow bar included

CONSTRUCTION

- Two rigid and two swivel pneumatic tires
- Includes storage pockets for mallets
- Black powder-coat paint finish
- Dimensions: 25 1/2" w x 64" l x 57 1/4" h (64 cm x 163 cm x 145 cm)
- Weight: 81 lbs (37 kg)

ORDERING INFORMATION

210A013 OnBoard Bass Drum/Gong Cart, 81 lbs (37 kg)

OnBoard® Speaker Cart

Moving big speakers out onto a field has always been a painful, laborious process. Until now. Now there's the OnBoard Speaker Cart and it's designed to easily and securely move large speakers. It even moves heavy speakers over thresholds and cords with ease. Tilt your speakers to just the right angle. An accessory tray is also available to hold and store battery packs.

USAGE

The easy way to move heavy speakers to and from storage and on to field for performance

PERFORMANCE REQUIREMENTS

- Designed to move heavy-duty speakers up to 14"d (35.6 cm) x 24"w (61 cm)
- Supports one speaker up to 50 lbs (22.5 kg)
- Cart tilts speakers into performance positions – 0, 15, 30 and 45-degrees
- Black powder-coat paint finish makes product virtually invisible on field
- Metal tow bar included

CONSTRUCTION

- Rolls easily on soft surfaces with two rigid and two swivel pneumatic tires
- Fits through a standard 3' (91 cm) doorway
- Dimensions: 25½"w x 39"l x 27"h (64 cm x 99 cm x 68 cm)
- Weight: 72 lbs (33 kg)

Adjusting the speaker angle is easy.

ORDERING INFORMATION

- 210A014 OnBoard Speaker Cart, 72 lbs (33 kg)
- 210A017 OnBoard Speaker Cart (2-pack), 175 lbs (79 kg)
- 210A015 Battery Tray, 8 lbs (3.6 kg)

The OnBoard Speaker Cart and other OnBoard Carts can be linked together and towed by a golf cart or utility vehicle. The large, pneumatic OnBoard tires roll easily onto grass or artificial turf for practice or performance.

OnBoard® Keyboard Cart

Move the electronic keyboard out onto the field, set it up, play it, and store it – all with one cart. It's the perfect way to make your keyboard mobile and easy to play. Perfect for indoor and outdoor use. Features two swivel casters with brakes and locks. Rolls as easily on grass as it does on hard surfaces.

USAGE

Easy way to store, transport and play keyboard for marching band performances

PERFORMANCE REQUIREMENTS

- Top shelf accommodates 88-key keyboard length and width
- Designed to prevent keyboard from sliding around during transport
- Bottom shelf supports amplifier, graphic equalizer, speakers and other electronic equipment
- 300 lb (135 kg) load capacity
- Cord wrap for power cables included
- Adjustable to proper playing height 41"– 44" (104 cm–112 cm)
- Rolls easily on grass with heavy-duty pneumatic tires
- Metal tow bar included

CONSTRUCTION

- Shelf extensions tip up to allow sound to project to audience
- Supports speaker weights up to 75 lbs
- Supports speaker dimensions up to 22" w, 16" d, 30" h
- Built to withstand limited exposure to outdoor elements
- Dimensions: 68½"l x 31"d x 41"h (174 cm x 79 cm x 104 cm)
- Fits through standard 3' (91 cm) doorway

ORDERING INFORMATION

- 210B005 OnBoard Keyboard Cart, 150 lbs (68 kg)
- 210A008 Shelf Extensions, Package of 2, 25 lbs (11 kg)

The optional shelf extensions can quickly fold out to hold speakers or other equipment. Shelves are 22"l x 16½"d x 1½"h (56 cm x 42 cm x 4 cm)

The main keyboard shelf tilts to the desired angle and adjusts in height.
