

GEARBOSS® X-CART™ & TEAM CART™ HIGH-DENSITY STORAGE

All of your sports equipment packed for maximum efficiency.

GearBoss® X-Carts™ and Team Carts™ are high-density storage carts that transform your equipment room into an organized, clean, professional storage space by maximizing your space.

X-Carts are part of a smart, efficient system of storage that will save space, protect your equipment, and save you loads of time spent organizing. X-Carts roll laterally along a fixed aluminum track creating aisles between carts when you need to get at your equipment and closing back together when you don't.

Team Carts retain all the convenient storage benefits of X-Carts but are engineered to leave the track. Imagine all your gear organized on one or two high-density storage carts, traveling wherever it needs to go – and back again. Or park and lock your equipment in a temporary space, instantly creating safe, secure storage anywhere.

Carts can be configured with a full range of panels, doors and grilles in your team colors. You can also add accessories like doors, helmet hangers, shoulder pad stackers, hanger rods, shelves and more.

GEARBOSS® X-CART™ & TEAM CART™ HIGH-DENSITY STORAGE

FEWER AISLES CREATE MORE ROOM IN LESS SPACE

GearBoss® systems install easily with the flexibility to work in almost any space.

HIGH-DENSITY STORAGE LETS YOU MANAGE YOUR SPACE FOR MAXIMUM EFFICIENCY

The high-density design of GearBoss uses modular carts installed on a rail. You will save construction dollars and create a storage room that will be a functional point of pride.

- Carts move on the rail eliminating unused aisle space.
- Stores 50% more than static storage units.
- Team Carts come off the rail to move and store gear around the facility.
- More organized storage and inventory management.
- Better sanitation and air flow with proper ventilation.
- More secure.
- Multiple standard color options for painted grilles and laminate doors and closures.
- Multiple configurations.

Aircraft-Grade
Aluminum Knuckles

Hanging
Brackets

Retractable Guides and
Swivel Casters

SPECIALIZED ACCESSORIES

- Garment Bars
- Shelves
- Shelf Lips
- Shoulder Pad Hangers and Stackers
- Attic Units
- Helmet Hangers

Shelf Lips

Shelf lips secure with knobs and can be set up with the tall side out for a 4" (102 mm) lip or the short side out for a 2 1/2" (64 mm) lip.

Soft Dividers

Mesh dividers allow you to divide a 48" (1219 mm) wide cart lengthwise. The mesh dividers maintain airflow and allow visibility through the cart.

PANEL CLOSURES AND DOORS

Added security and customizable with a variety of laminate colors and an excellent space for team logos.

GEARBOSS® WORKSTATION

A RUGGED MOBILE ATHLETIC STORAGE CART WITH WORKSPACE TOP

The equipment room is a hub of activity. Helmets are assembled and decaled, equipment is inspected and repaired, hundreds of jerseys and garments are folded, lunch is eaten, meetings are held. If you are using folding tables, boxes or the floor to make it happen, it's time to step up to the GearBoss Workstation. Ergonomically perfect at 42" (1067 mm) high the Workstation features a tough 1" (25 mm) wood laminate surface. The entire Workstation rolls easily on casters keeping your space transitional to ever-changing activities. Built like a GearBoss Storage Cart, you can add optional, adjustable grille shelves and locking bypass doors.
