

Outrigger Bracket

- Used to support outrigger battens in front of the guide wall
- Use 015-67R Pipe Batten with these brackets to form the outrigger
- Outrigger battens are used to support index lights or act as a scenery bumper
- Use on 10' (254 m) maximum centers
- Optional 6" x 6" (152 mm x 152 mm) wall plate with 12" (304 mm) sleeve available to attach batten end to a wall
- Brackets typically attach to J-Guide, A-Guide, or T-Bar Guide wall battens
- Three-year warranty against defects in materials or workmanship is provided on all J.R. Clancy equipment, additional warranty information is available at jrclancy.com
