Smoke Seal

- Used to seal the horizontal gap between the top of the fire curtain and the proscenium wall
- Modular pieces are 4' (1219 mm) long making handling easier and reducing field installation time •
- A triple layer of Zetex[™] fabric is factory crimped into the folded steel mounting angle, providing the stiffness necessary to • maintain contact with the fire curtain
- The angle is pre-punched on 16" (406 mm) centers for mounting convenience ٠
- Each piece weighs only 5.5 lb (2.5 kg), for simple handling •
- Smoke seal sections may be trimmed to fit as required •
- Three-year warranty against defects in materials or workmanship is provided on all J.R. Clancy equipment, additional warranty • information is available at jrclancy.com
