# ROOM ORGANIZATION STARTS WITH GEARBOSS

The average suburban school has well over \$1.5 million in athletic equipment and thousands of pieces to organize, store, transport and keep in working order. Time and budget constraints demand that you know what you have, where it is and that you maintain this equipment effectively. GearBoss by Wenger allows you a quick visual inventory of all your equipment for every sport. A place for everything and everything in its place.

- You have other commitments - time is a priority
- Understanding what you have, will save you money - no re-ordering mouthguards and jerseys only to find the order you received last spring under the stairwell
- Manage your inventory - don't let it manage you

Organizing your key pieces of equipment will keep you on a strict maintenance schedule. GearBoss will allow you to know what you have, what needs work and help you keep critical records of reconditioning and inspection. There will always be chances for litigation. A system that shows attention to organization and equipment care is one big step in heading off liability issues.

*"In the past, we'd have equipment for one sport split between a locked cabinet, a rolling bin, and a hanging rod. Now, instead of going 'here, here and here' to round up equipment, we're only going 'there' to the GearBoss cart."*

*- Jaime Sherwood, Director of Athletics and Activities  
Wayzata High School  
Plymouth, MN*
