

GearBoss® Sports Storage System

GearBoss is an equipment storage and transportation solution designed to transform your equipment room into a point of pride. GearBoss is a high-density storage solution that uses an innovative system of tracks and rolling carts and accessories to reduce the square footage of your storage area by at least half. GearBoss units are designed to encourage airflow and improve sanitation and odor issues. The modular system features accessories specific for the needs of bulky equipment like helmets and shoulder pads. Accessories like panels and doors can be added for security, and in matching school colors they present an unmistakable message of program pride. All accessories have a 5-year warranty.

Intended Use

- The GearBoss system is intended for indoor use in normal ambient temperature and humidity conditions - the system or its components must not be exposed to prolonged outside weather conditions.
- GearBoss Accessories are intended to be used by the customer to accessorize their High Density Sports Storage System Carts.

Island Stop

- Designed to be permanently installed as an end stop for the GearBoss Carts.
- Welded frame constructed of durable 2" (5 cm) diameter x 16 gauge steel tubing.
- Durable powder paint coat finish, black.
- Dimensions are 9⁵/₈" wide x 42³/₄" long x 30¹/₂" tall (24 x 109 x 77 cm).
- Approximate weight: 24 lbs (10.9 kg).
- Shipped fully assembled.
- 240A062.
