

GearBoss® Shelving System

GearBoss Shelving is designed for needs all over the facility. From athletics to fine arts to general storage areas. The unique design provides cantilevered shelves keeping areas underneath free from supports and available for carts and mobile storage. The system is easily installed and shelves and accessories can be adjusted quickly without tools. GearBoss Shelving comes in standard bays that are 4' wide and 8' high and can be mounted on block wall and wood or metal stud walls.

Intended Use

- The GearBoss Shelving System is intended to maximize storage density in areas where there is storage need and space limitations.
- The GearBoss SportCart is intended for indoor use in normal ambient temperature and humidity conditions - components must not be exposed to prolonged outside weather conditions.

Specifications

- Galvanized 2" square 12-gauge steel uprights with galvanized 14-gauge shelf support bracket and 14-gauge tube support brackets.
- Durable powder paint coat finishes.
- Each bay section measures approximately 4' wide x 8' high (122 x 244 cm).
- Each 4' (122 cm) wide bay is rated for 1000 lbs (454 kg) evenly distributed.
- GREENGUARD Certified.
- Shipped ready-to-assemble with detailed instructions. Wenger assembly and installation is optional.
- Product Numbers: 241A025 and 241A026.
- Patent and Patents Pending.
- 5-year warranty

Accessories

Shelves, 17.5" and 30.5"

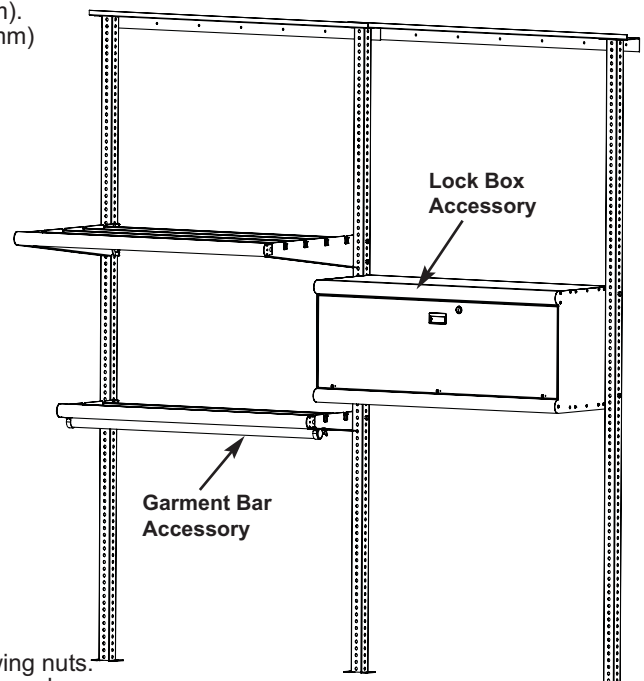

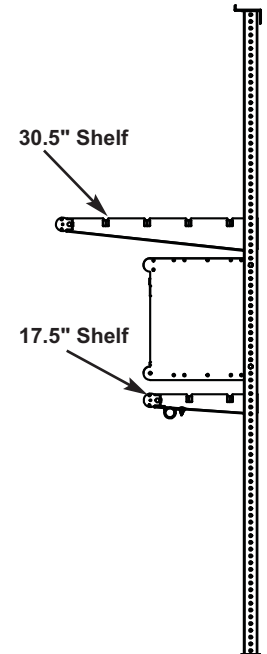

- 30.5" (77 cm) cantilevered shelf with 4 support tubes spaced 5¹/₄" (13 cm).
- 17.5" (44 cm) cantilevered shelf with 2 support tubes spaced 5¹/₄" (13 cm).
- Both shelves fronted with a contoured aluminum extrusion with a 3¹/₈" (9 mm) lip to retain a hardboard insert if necessary.
- Shelf brackets are formed 12-gauge steel.
- Shelf support are 14-gauge 7¹/₈" (22 mm) steel tubes.
- All steel parts have a durable silver powder coat finish.
- Shelves can be mounted and adjusted in 1" (3 cm) increments without tools with through-bolt and a Delrin material wing nut.
- Each shelf is rated for 250 lbs (113 kg) evenly distributed. (not to exceed 1,000 lbs (454 kg) per bay)
- Product Numbers: 241A019 and 241A020.

Garment Bar/Hanging Bar

- 48" (122 cm) x 14-gauge x 1¹/₂" (4 cm) round steel tube.
- Mounts to underside of shelves with steel mounting bracket and fasteners which do not require tools.
- All steel parts have a durable black powder coat finish.
- Durable powder paint coat finish, black.
- Rated for 100 lbs (45 kg) evenly distributed.
- Product Number: 241A004.
- Interchangeable companion products:
 - 240A056.1 - Football helmet hanger
 - 1510902 - Shoulder pad hanger - long
 - 1510901 - Shoulder pad hanger - short

Lock Box

- Mounted and adjustable without tools using 4 through bolts and Delrin wing nuts.
- Features upper and lower contoured aluminum extrusions, a key tab-lock and laminated wood door.
- Door is hinged at the bottom so the door drops and stays open for easy access. Sides, top and bottom panels are 16-gauge steel.
- Door is 5¹/₈" (16 mm) graphite pebble polyester laminated board with PVC edgebanding - black only.
- Rated for 100 lbs (45 kg) evenly distributed.
- Dimensions: 16" x 18" x 46 (41 x 46 x 117 cm).
- Product Number: 241A007.
