

GearBoss® Sports Storage System

GearBoss is an athletic equipment storage and transportation solution designed to transform your equipment room into a point of pride. GearBoss is a high-density storage solution that uses an innovative system of rolling carts and accessories to reduce the square footage of your storage area. GearBoss units are designed to encourage airflow and improve sanitation and odor issues. Accessories like closure panels and doors can be added for security, and in matching school colors, they present an unmistakable message of program pride. All SportCarts have a 5-year warranty.

Intended Use

- The GearBoss SportCart is intended for use as a mobile storage unit that can also transport equipment closer to points of use such as a gymnasium and can be secured to create storage around your facility.
- The GearBoss SportCart is intended for indoor use in normal ambient temperature and humidity conditions - components must not be exposed to prolonged outside weather conditions.
- The heavy-duty commercial-grade swivel casters are intended for easy moving on hard surfaces.

Specifications

- Welded chassis made from 14-gauge and 12-gauge components.
- Upright support tubes constructed from large 2" (5 cm) diameter, 16-gauge steel tubing.
- Resistant welded heavy-duty steel wire grill end frames.
