

Take fundraising to a new level.

The GearBoss® Mobile Kiosk by Wenger is a self contained, mobile merchandising kiosk that allows you to follow your fans, wherever they go. All of your logo gear is neatly secured inside the enclosed unit while moving from venue to venue. Panels open up in seconds to create your kiosk. Eight removable bins allow different athletic programs, boosters or school clubs to keep inventory in their own bin. Move beyond candy sales and car washes to stronger revenue generation.

On-site performance

The Mobile Kiosk outperformed previous fundraising efforts in various beta-test sites. New Mexico State University doubled logo merchandise sales at football games. Owatonna High School outsold their annual spirit store revenue in three months!

Features and Accessories

The GearBoss Mobile Kiosk features pneumatic wheels for easy rolling over many different terrains. A handle activated brake keeps you in control of the kiosk as you move from space to space. Add the option of track lights and a seven outlet power station for a cash register and concessions. Secure all of your merchandise with a single padlock.
