

SPORT CART™

A smaller, fast-moving GearBoss system cart

GearBoss Sport Carts are designed to compliment a larger GearBoss installation or to be used as a stand-alone solution. They are smaller than other carts in the system and are intended for use in smaller spaces and for sports that require less storage. Mobility is easy with four heavy-duty 5" swivel casters. At 6'1" tall and 32"W X 42"L, the Sport Cart will navigate narrow hallways, shorter door openings and most elevators.
