

# ROUGHNECK® MUSIC STAND

## *The all-steel stand that's built to last.*

Because you've spent hours practicing, your performance shouldn't be hampered by a music stand that doesn't perform. Wenger builds sturdy stands that won't shake, wobble, tilt or slip.

Wenger RoughNeck Stands have a solid welded base that won't lean or loosen. Wenger's brass spring height-adjustment mechanism allows smooth, easy adjusting action and then holds tight! And Wenger guarantees their music stands for a full five years.

So don't put up with music stands that keep letting you down. Insist on RoughNeck, and get a superior performance every time.

# ROUGHNECK® MUSIC STAND

The RoughNeck desk is made of tough 22-gauge steel. Finished rolled steel edges reinforce the desk to withstand bending, and are less likely to nick precious instruments or snag clothing. And the desk easily accommodates full-sized scores.

The base and tube are made of steel for durability.

The finish of the desk, base and tube is an extra-durable, textured, black powder-coat, which looks fresh far longer than metal enamels.

The brass spring slider mechanism goes up easily and stays up.

## RoughNeck Music Stand Accessories

Music Stand Light: Clips securely onto the Wenger RoughNeck or other music stands. Light is directed only to music for easier reading without glare. Finish is matching textured black powder-coat. Ample 6' cord and 40-watt bulb included.

LED Music Stand Lights are compact and adjustable, with LED technology so there are no bulbs to replace. Dual arms ensure evenly distributed light. Extra-strong grip clamp.

Move & Store Cart: Constructed of sturdy steel tubing. Swivel casters make it a breeze to roll the cart across most floor surfaces. Shipped partially assembled. Large Move & Store Cart holds 22 RoughNeck Music Stands. Small cart holds 11 RoughNeck stands. This cart works as well with other music stands.

## PRODUCT SPECIFICATIONS:

- 22-gauge steel desk with rolled edges.
- Solid welded base.
