

# Studio VAE<sup>®</sup> System

- Ideal for installing into private teaching studios or teaching offices where private music lessons are given.
- Ten acoustical performance environments available; Practice Room, Baroque Room, Medium Recital Hall, Large Recital Hall, Small Auditorium, Medium Auditorium, Large Auditorium, Cathedral, Sports Arena, and System Off.
- Record/Playback feature allows musician to get immediate feedback during practice session, and allows instructor to use in development of articulation, intonation, and other areas of music pedagogy.
- Ability to record up to nine sessions of one hour in length on each track.
- Includes a system of speakers located in each corner of the room that blends aesthetically with the room (8 total speakers, 2 in each speaker box).
- Provides a sense of envelopment that allows musicians to hear themselves more clearly.
- Two microphones placed on opposite walls and hidden from view in absorber panel.
- Control panel that is easily accessible for user to make quick adjustments in venues, volume, and recording/playback functions.
- Two standard choices of fabric (black or pearl) for microphone and speaker grill covers. Other current Guilford panel fabrics available at an up-charge.
- Installation kit, which includes all wiring, cables, flexible conduit, connectors, and fasteners to provide complete installation of system.
- Available for spaces up to 180 sq. ft. and or cubic volume up to 1400 cu. ft.
- System is calibrated to specific room during installation.
- 5-year warranty.
  - VAE Digital Processor
  - Four speakers with fabric grill covers
