Saint Paul, Minnesota
UltraStor Cabinets

Coastal Carolina University
Conway, South Carolina
Pass-Through Cubbies

Athlete Side Issue / Laundry Side

Wenger custom casework solutions bring a higher level of function and aesthetics to athletic spaces. From lockers to pass-through laundry cubbies, Wenger will customize casework to enhance your designs. All of our solutions begin with high-quality standards including our patented polyethylene shelves designed to provide an easy-to-clean surface and to enhance air-flow. We use a polyester laminate which out-performs cheaper melamine solutions. Antimicrobial laminate options can add another line of defense against sanitation issues. Bolt-through construction means that doors and connection points will never pull out and replacement doesn't require breaking apart glue and dowel construction.

We can provide a variety of lock options from patented slide-latches designed to work with hasp locks to electronic code locks.

If your designs call for a specialized solution, don't hesitate to call.

WENGER HAS YOUR GAME PLAN FOR ORGANIZING YOUR SPORTS EQUIPMENT STORAGE SPACE

Athletic storage areas should be some of, if not the most, specialized storage area in the school. Wenger has studied these areas in depth to bring you consultation on the critical requirements of the space.

- Storage area sizes
- Security
- Equipment movement
- Sanitation requirements
- Traffic flow
- Key adjacencies

Athletic Facility Planning Guide

The Space & Cost comparison shows you how GearBoss stacks up against traditional storage rooms to save money and square footage while improving all aspects of athletic equipment storage.
