

# BACKSTAGE® MAKEUP STATION

## Makeup on the move.

Introducing the professional makeup station that's portable. The Backstage Makeup Station from Wenger sets up anywhere - on tables, countertops, road cases, you name it. Weighing in at only 35 lbs (16 kg), it can be carried by one person yet it's incredibly solid and well balanced. Now you can convert auxiliary rooms and backstage areas into makeup studios because you get features you'd expect from wall-mounted makeup stations.

Six 60 watt incandescent bulbs (not included), or 15 watt full-spectrum swirl fluorescents bulbs (not included) give you excellent illumination for accurate reflection of skin tones and makeup colors. Openings in the cages allow for bulb removal and installation without removing the cages. The attractive white aluminum mirror surround positions lights for optimal shadow-free illumination. The large mirror provides a full, unobstructed view of head and shoulders for detailed makeup application. There's even access for electric appliances such as hair dryers and curling irons. And makeup stations nest together for compact storage.

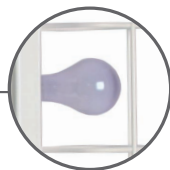

The Backstage Makeup Station from Wenger - As committed to the quality of our products as you are to your craft.

# BACKSTAGE® MAKEUP STATION

Steel frame and unique aluminum light housing surround a large high quality mirror.

Openings in the cages allow for bulb removal and installation without removing the cages.

A rocker switch and single grounded outlet are mounted on the mirror surround.

Even though it's portable, the makeup station is solid and well balanced so you can set it almost anywhere.

Optional Lightweight canvas padded Dust Cover protects the Backstage Makeup Station from damage and collection of dust.

## PRODUCT SPECIFICATIONS:

- Weighs 35 lbs. (16 kg) and can be carried by one person. Steel frame doubles as carrying handle.
- 33" wide x 33<sup>1</sup>/<sub>4</sub>" high x 9<sup>3</sup>/<sub>8</sub>" deep (838 mm x 845 mm x 238 mm) makeup station is well balanced and sets anywhere.
- Each 33" (828 mm) wide unit requires an incremental 6<sup>1</sup>/<sub>2</sub>" (165 mm) of floor or shelf space for storage.
- Recommended GE Reveal® 60 watt incandescent bulbs (not included), or 15 watt full-spectrum swirl fluorescents (not included) for additional clarity and accurate reflection of skin tones and makeup colors.
- <sup>3</sup>/<sub>16</sub>" (5 mm) diameter steel wire light bulb cages, permanently mounted.
- 20<sup>3</sup>/<sub>4</sub>" wide x 22<sup>3</sup>/<sub>4</sub>" high (527 mm x 578 mm) high quality mirror laminated to a steel backer. Steel frame and unique aluminum light housing surround the mirror.
- Single outlet and rocker switch combination with built-in GFCI protection. Switch controls lights, allowing appliances to operate with lights off.
- 10' (3048 mm) 12 gauge, 3-wire cord plugs into a standard 110 outlet.
- Meets NEC (National Electric Code) requirements.
- Entire product is UL (Underwriter Laboratory) approved.
- Optional Dust Cover protects from damage and dust.
