

Legacy® Select Acoustic Tower

- 6' (1829 mm) wide panels
- Panels are constructed of 3/4" (19 mm) honeycomb core with 3/16" (5 mm) thick laminated hardboard skin on front and back
- Overall panel thickness is 1-1/8" (29 mm)
- Panels are curved at a 10' (3048 mm) radius to provide proper diffusion of sound
- Top panel folds for storage using gas assists and a tool to raise and lower the shell; top panel folds at 61" (1549 mm) from top of tower
- Base and shell frame are constructed of black powder-coat painted steel
- Base includes a rear counterweighted design
- Shell tower is 11' 6" (3505 mm) high
- Shell tower rolls through 34" wide x 80 high" (864 x 2032 mm) door opening in the folded storage position
- Includes four swivel, non-marring rubber casters for easy movement
4" dia (102 mm) casters at the front and 3" dia (76 mm) casters at the back
- Bottom filler panel is removable and rests 2" (51 mm) from floor;
bottom filler panel is stored in back of shell
- Front panel finishes are available in solid colors and selected woodgrain laminates
- Back panel finish is painted black
- Overall shell surface coverage is 60 ft² (5.6 m²) at 12' (3.7 m) height
- Shells nest compactly at 21" (533 mm) per unit at 11' 6" (3505 mm) height
- Shipped assembled
- Ten-year warranty
- Set up videos are available at www.wengercorp.com.
