# ***Suspended Cymbal Holder Assembly***

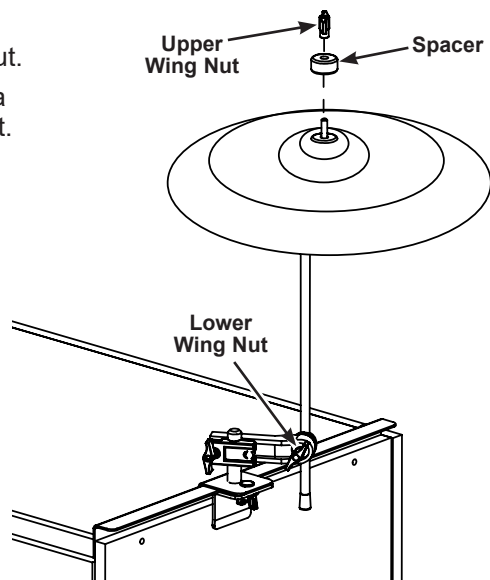

1. Set the upper bracket on the percussion cabinet rail.
2. Loosely assemble the lower plate to the upper bracket, using a washer and a 5/16-18 wing nut.

4. Assemble the rod assembly to the post of the upper bracket assembly as shown by adjusting the wing nut.

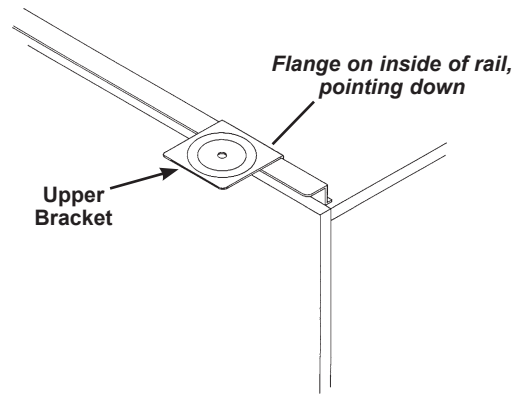

5. Remove the upper wing nut and nylon spacer. Install the cymbal, and secure with the spacer and a wing nut.
6. Move the upper bracket along the rail until the cymbal is in a convenient position, then lock securely with a lower wing nut.

## **Cymbal Cradle Assembly**

---

1. Set the upper bracket on the percussion cabinet rail, with the flange pointing down as shown.

2. Insert the cradle into the hole in the upper bracket.
3. Secure the cradle loosely with the lower plate and a 5/16-8 wing nut.
4. Move the cradle along the rail to a convenient position, then lock securely with the wing nut.
