Sherpa & Shire »

Sherpa & Shire have been the hallmark of durability and cleanability since their inception. Cited by Interior Design magazine for their longevity as the best of the past 25 years, these fabrics are nearly impervious to damage.

UPHOLSTERY FABRIC **LL***
100% Marquésa Lana®

Marquésa 
Lana®

* Covered by a Limited Lifetime performance warranty.

Sherpa & Shire *Marquésa Lana polyolefin is an environmentally friendly product that entails a mode of manufacturing that not only prevents damage to the environment, but actually reduces the carbon footprint by utilizing waste products from gasoline manufacturing. It is a byproduct of post-industrial waste and its manufacture produces no waste product.*

WORSHIP

Absecon Mills is focused on being a responsible corporate entity and we are continually striving to find ways to help preserve our environment, increase energy efficiency and reduce waste. Our mode of manufacturing is specifically designed to prevent damage to the environment. Our products are woven using wind power and many are constructed with polypropylene (a by-product of gasoline manufacturing, utilizing post-industrial waste) and recycled polyester, which helps keep post-consumer waste in the material stream and out of landfills. Absecon offers finishes that use ten times less fluorocarbons than conventional finishes and are SCS Indoor Advantage Gold certified. We participate in a fabric recycling program and work hard to lessen our footprint on the environment. For more information on our green initiatives, please visit www.absecon.com.

WOVEN WITH
WIND POWER

Colors may vary slightly from dye lot to dye lot.

*ASTM-D-4034: Seam 12mm from edge using 7 stitches per 25mm (1"), plain lock stitch and a 22 ballpoint needle)
