

StageTek[®] Horizontal Storage Cart

Create a storage/transport cart for your StageTek staging by attaching this special set of caster units to the corners of any size rectangular StageTek platform. The caster units plug into the corner pockets like the legs.

- 281A864
- Four casters and one handle are included
- Two brackets have fixed casters and two have swivel casters with brakes
- Casters are 600 lb (270 kg) capacity each
- Cart is rated up to ten 4' x 8' (1219 x 2438 mm) platforms with legs
- Tie-down strap provided
- Removable handle provided on swivel end to allow pushing, pulling and turning
- Handle and caster units are heavy gauge steel welded with black powder-coat paint finish
- Requires double doorway with center post removed. Minimum width: 50" (1270 mm)
- We recommend platforms be stacked face to face to prevent scratching
- Ten-year warranty
