Henry Sibley High School, Mendota Heights, Minnesota

ULTRASTOR® STORAGE ADVANTAGES

BOLT THROUGH CONSTRUCTION

Metal to metal bolt-through construction is stronger than wood screws. Teflon coated hinge pins allow for quiet operation of doors.

END COVER

End cover provides finished look with no exposed fasteners.

NO USE OF GLUES ALLOWS FOR REPLACEMENT OF PARTS

POLYESTER LAMINATE

Thermally fused polyester laminate provides a durable surface that will not peel or crack. Polyester is a preferred, elastic material that prevents wear-n-tear.

Backs of cabinets are locked together on both sides and top and reinforced with supports.

BACK PANEL ATTACHMENT

ONE-PIECE BLOW MOLDED SHELF

- Radius on front protects instruments and cases
- Ridges provide ventilation
- Virtually indestructible
- Consistent color throughout will not show wear

SLIDE LOCK/CARD HOLDER

Heavy duty, tamper resistant, slide lock keeps compartment door closed without lock and secure when locked.

- Features a durable plastic card holder for labeling
- Padlock positioned to prevent interference

MODULAR DESIGN

Stand-alone cabinet construction with finished base and integrated glides for ease of installation and relocation of cabinets.

Steel levelers allow cabinet installation on uneven floors and will not loosen or shift over time.

LEVELERS

"We're thrilled to have Wenger instrument storage cabinets – the students really enjoy them. We'll issue locks next year so students can secure their instruments and other personal items."

We plan on using the countertop cabinets primarily to show students how to care for their instruments – maintenance and simple repairs. For students with larger instruments, the countertop area provides plenty of room for backpacks, school supplies and anything extra."

– Gordon Haney, Band Director,
Aldine Middle School, Aldine, Texas

"The instrument cabinets are very durable and easily accessible. The name tag slots work perfectly for labeling individual student cabinets."

– Brent Poling,
Director of Performing and
Visual Arts,
International School Bangkok,
Thailand

"We wanted the security, flexibility and different cabinet sizes that Wenger offered, so we insisted that the specifications not allow any substitutions. Everyone says the Wenger cabinets look like beautiful furniture – which they are."

– Anthony H. Bailey,
Director of Bands,
Hart High School,
Newhall, California

WENGER IS YOUR EASY, FULL-RESOURCE SOLUTION

With so much to consider you may hardly know where to begin, but a call to Wenger is the answer.

Whatever you need to store, we have the ideal solution for your space and budget. We also bring a unique dual expertise — music education and storage — that we will help you leverage to your ultimate advantage.

Please keep in mind creating a customized storage solution that optimizes your space and dollars within the context of your specific storage requirements is a process that requires a close look at your needs and a close relationship with an expert. Work with Wenger and you will benefit from an expertise earned by working with situations just like yours.

Whether you are a new school ready to order your first products or a school in need of better replacements, we're excited to talk with you about how we can put our products and experience to work for you and your facility.

TESTED EVERY DAY, ALL AROUND THE WORLD.

One thing experience has taught us: Students hang on locker doors, so we load-test ours with more than 300 lb (136 kg) of pressure on the outer edge. To help prevent against theft, we use our patented lock-bar that's 12-gauge steel, a heavy-duty strike plate, and our tamper-proof locks. We've seen how daily wear-and-tear shortens product life and steals good looks, and that's why Wenger products are built so well and keep looking that way.

Chapman Middle School, Chapman, Kansas

AT YOUR SERVICE SINCE 1946

Wenger Corporation was founded by a music teacher to provide innovative, high-quality products and solutions otherwise unavailable for music and theatre education and performance. In the ensuing decades we've pioneered most of the advancements that promote superior storage. Much of our expertise has been generated by listening to our customers and spending time in their environments, where not just any products survive and fewer still help a program thrive. Ours do and we would relish the opportunity to provide great solutions for you.

Stringed Instrument Cabinets

ACOUSTICABINETS®

Storage that helps enhance a room's acoustical performance.

- **The solution for rehearsal rooms**
- Grille doors and acoustically absorptive material
- Minimizes the loss of cubic volume
- Provides sound absorption
- Helps eliminate flutter echo caused by direct sound reflection

*Doors available in full length only

Henry Sibley High School, Mendota Heights, Minnesota

Reconfigure in minutes

When you consider just how valuable all your facility's media equipment is, it makes sense to store and secure it in a way that protects your investment. Being unable to find the proper cable, adapter or an expensive microphone when you need it is frustrating to say the least.

Media Storage that is customizable and designed especially for media and audio visual equipment storage

ADJUSTABLE SHELF OPTION

A flexible storage solution for your current and future needs.

- Features our durable blow molded shelf designed specifically for instrument storage
- Simple and easy-to-use system, allows for quick adjustment of shelf locations to accommodate different sized instruments
- Shelf pins flip up into stored position when not in use, and flip down when needed, no pins or hardware to lose
- Available in our most popular cabinet sizes
- Optional additional shelf packs available for multiple configuration options

FIXED MEDIA STORAGE

Wenger's fixed cabinets can help transform a chaotic storage area into one you can be proud of. Perfect for storage rooms or in-classroom lockable storage.

- Constructed of industrial grade composite wood with no added formaldehyde
- Available in Wenger standard colors
- Full locking wood doors
- Top venting holes to dissipate heat
- Wire management clips to hold wires

MOBILE MEDIA STORAGE

As the level of technology in today's educational environments skyrockets, the need for connecting students to various media increases as well. Wenger's Mobile Media Storage Carts are rollable, lockable, portable media hubs that will get the technology where it needs to be.

- Constructed of industrial grade composite wood with no added formaldehyde
- Durable worksurface
- Available in Wenger standard colors
- Full locking wood doors and locking rear access door
- Durable, smooth rolling swivel casters
- Cable management with clips, cable pass through and cord wrap

COLOR OPTIONS

GEARBOSS® HIGH-DENSITY STORAGE AND TRANSPORT

Hart High School, Newhall, California

GearBoss high-density storage carts create more room in less space – improving space efficiency by as much as 50% – by using an innovative system of tracks and rolling carts. X-Carts are designed to move laterally on the track and stay in your equipment room. Team Carts are portable and engineered with retractable track guides so you can move the equipment around the room or off campus. No more wasted time running back and forth to the storage room. Every cart can be reconfigured for maximum storage.

- Easy mobility
- Better organization
- Enhanced flexibility
- Improved sanitation
- Exceptional ventilation
- Increased security

HIGH-DENSITY STORAGE

GearBoss X-Carts™ and Team Carts™ offer rugged storage that will help make your athletic and/or music storage rooms more organized and secure.

- Lockable, breathable, flexible
- Two sizes, variety of colors
- Welded heavy-gauge components
- Heavy-duty 6" (15 cm) wheels

GEARBOSS® SHELVEING

Cantilever design frees space below.

- Configured to your specific needs
- Each bay load-rated at 1,000 lb (450 kg)
- Easy to install and relocate

GEARBOSS® SPORTCART™

A smaller profile GearBoss cart

- Fits on trucks and trailers
- Lockable, breathable
- Extra wide 5" (127 mm) swivel casters

GEARBOSS® II HIGH-DENSITY STORAGE

Simplified fixed track system delivers exceptional efficiency and value.

- Lockable, breathable
- One size, in black
- Heavy-gauge components
- Cast iron wheels

Owatonna High School, Owatonna, Minnesota

Innovative storage and transport carts built to keep the show rolling season after season.

- Great choice for marching programs
- Makes easy work of heavy jobs
- Safer for people and equipment
- Travels fluidly over rough terrain
- Designed to fit in standard bus compartments

ONBOARD® CARGO CART

Rugged go-anywhere, haul-anything cart.

- Accommodates band uniforms, instruments cases, and more
- Designed to travel on trucks, trailers, and buses
- Configurable with shelves, a garment bar, or both
- Lightweight design easily managed by two people

ONBOARD® UNIFORM CART

Solid, versatile, convenient, and custom-made to safeguard garments traveling by bus.

- Sturdy, enduring Wenger construction
- Lightweight design easily managed by two people
- Accommodates up to 24 standard-length uniforms

RACK 'N ROLL® GARMENT STORAGE

Designed to smoothly move bulky uniforms, robes, and concert wear.

- No-tool assembly
- Heavy-gauge steel shelving
- Black powder-coat paint finish
- Easy-maneuvering casters

INSTRUMENT STORAGE RACKS

Smooth-rolling protection and transportation to practice, rehearsal, and performance areas.

- Closed ends for extra protection
- Soft PVC instrument supports
- Easily traverse doorways
- Available in Wenger standard colors
- Flush storage and a compact footprint
- Tuba Tamer™ and Cymbal Stands also available

- STRING BASS RACK
- VIOLIN/VIOLA/VIHUELA RACK
- CELLO/GUITARRON RACK
- MOBILE GUITAR RACK
- TUBA & SOUSAPHONE MOBILE STORAGE RACK

SHEET MUSIC STORAGE

Central Washington University, Ellensburg, Washington

Wenger ingenuity and durability meet in this innovative line of space-saving solutions.

- An unprecedented combination of compact storage and accessibility
- Keeps sheet music clean, crisp, readable, and easy to find
- Polyester laminate finish adds strength
- Durable and sturdy Wenger construction
- Standard and oversized for larger scores

MUSIC LIBRARY SYSTEM

The revolutionary Wenger storage design that cuts your sheet music storage by more than half.

- High-density slide-out design
- Systematic organizational approach saves hours – even days – of searching
- Accommodates most music filing boxes, endtab file folders, and envelopes
- Available in standard or oversized width shelves
- 6-shelf and 7-shelf designs, variety of colors
- Clean, organized appearance
- Lockable (optional)
- Oblique file system accessory (optional)

MUSIC SORTING RACK

Sorts scores by instrument and smoothly rolls to rehearsal or performance.

- Strong, stable design
- Hardwood dividers
- Large top work surface
- Lockable (optional)
- One size, variety of colors
- 46 instrument slots for easy organization

MOBILE FOLIO CABINET

Lock the wheels to make the cabinet stationary or roll your folios wherever you need them.

- Units for band/orchestra or choral
- Shelf spacing is adjustable
- Extruded-aluminum shelf supports
- Lockable (optional)
- Three sizes, variety of colors

TALL FOLIO CABINETS

Keeps all of your folios organized and protected in a secure, stationary space.

- Choral and band/orchestra formats
- Extruded-aluminum shelf supports
- Lockable (optional)
- Two sizes, variety of colors
- Shelf spacing is adjustable

WENGER'S LAYOUT

THE FINISHED PROJECT

Over the past 75 years Wenger has helped hundreds of schools and performance facilities make better use of their storage space. It starts with understanding your needs and smart planning. It ends with well-organized and well-constructed storage cabinets, shelving and carts that enhance your facility and protect your investments in instruments, apparel and equipment.

No two facilities are the same and we approach every opportunity with a keen understanding of the challenges these spaces face. We listen to your storage frustrations and goals before creating a unique solution that's just right for you and your budget. We find solutions that will work today and years in the future.

Rather than relying on a standard, one-size-fits-all approach, Wenger applies a broad perspective to develop tailored solutions. Here are two examples:

CHAPMAN MIDDLE SCHOOL • • • • • AND CHAPMAN HIGH SCHOOL, CHAPMAN, KANSAS

After a tornado destroyed both schools, rebuilding efforts involved selecting unique Wenger storage solutions, including UltraStor storage cabinets for instruments, GearBoss® carts and shelving for phy ed equipment and GearBoss shelving for drama storage.

Here's what the three Kansas customers had to say:

"The GearBoss shelving makes it easier to organize the equipment room. The Team Cart helps move big items out to the gym – there are hundreds of ways we can use it. Both are very nice to have."

– Derek Berns, Physical Education Teacher

"I cannot say enough positives about Wenger cabinets. I really like the short cabinets because they give students a place to put their instruments together. These cabinets also allow me to monitor students from anywhere in the room."

– Marc Riegel, Band Director

Drama prop and costume storage room

Rehearsal room in-class storage

Instrument storage in a hallway

Rehearsal room uniform storage closet

HART HIGH SCHOOL • • • • • SANTA CLARITA, CALIFORNIA

In consultation with Wenger, Hart HS considered the full range of storage options for various aspects of its music program. This included UltraStor storage cabinets for instruments, GearBoss carts for marching and concert uniforms and flexible GearBoss shelving for marching equipment.

HOW TO ORDER YOUR OWN WENGER STORAGE SOLUTION

We treat every customer order the same — with prompt, courteous attention and a focus on your specific needs. Whether you need one product or a combination of many, we'll make sure you understand all of your options and then help you decide upon a solution that is ideal for you. And we guarantee we'll deliver it on time, on budget, and with uncompromising accuracy.

1. PROVIDE YOUR SPACE DIMENSIONS AND A COMPLETE LIST OF INSTRUMENTS AND OTHER GEAR TO BE STORED.

We'll help you get started in this all-important first step. Together we'll identify problems, discuss your concerns, and plan for what you have to store and what may change in the coming years. Looking ahead is as important as looking around, and we'll make sure your tailored solution is one that suits you well into the future.

2. BASED ON YOUR INPUT IN STEP 1, WE'LL PROVIDE A CUSTOM PROPOSAL.

Working together in Step 1 will yield a recommendation that accurately addresses all your requirements. In Step 2 you'll have an opportunity to see the extent of your storage solution — all the cabinets and other products required to securely store your inventory.

3. WITH YOUR APPROVAL OF STEP 2, WE'LL PROVIDE A CUSTOM LAYOUT.

Now you can really see your tailored solution taking shape. This is an opportunity to assess how all elements work together to improve convenience, security, and traffic flow.

Avon Old Farms School, Avon, Connecticut

4. WE'LL HELP YOU PLACE YOUR ORDER.

It's crucial to be confident and accurate in your order, because Wenger is famous for delivering exactly as promised and we want to make sure the solution you receive is exactly the one you want and need. At this time you'll also choose:

- The **color combination** (see bottom of page)
- The **core substrate** (choose Industrial-grade composite wood or upgrade to Fire Rated, Moisture-Resistant, Environmentally-Sensitive, Vencore Plywood or FSC Certified)
- The **type of door** you need
- The **delivery method**

Delivery options:

- Standard Tailgate delivery (customer unloads and installs)
- Inside delivery (Carrier delivers and helps your staff unload but doesn't install)
- Wenger delivery and installation

wood door waterfall grille door* no door grille door

5. YOUR ORDER ARRIVES ON TIME AND IS READY TO BE INSTALLED.

Installation varies by product and you will know exactly how each delivered item sets up long before you order. Many UltraStor cabinets, for instance, arrive already constructed and each is expertly positioned and secured by Wenger technicians.

6. WE'RE READY TO HELP – ESPECIALLY AFTER THE PURCHASE.

Wenger prides itself on providing trusted advice, solutions, and service that endures for as long as you own our products. We are always a phone call away and will come through for you, whether you need a missing bolt or something far bigger. Our reputation for providing the best service in the business was built over many, many years, and you can be sure we'll still be here for years to come, friendly, ready to help, and eager to support you however we can.

Here are some other ways Wenger is dedicated to offering you the unmatched expertise and resources you need to make the most of your program and facility:

- Professional installation
- Technical support
- Outstanding warranty coverage
- Parts and service
