

GEARBOSS® TEAM CART & X-CART HIGH-DENSITY STORAGE

All of your sports equipment packed for maximum efficiency.

There is a time-proven organizational philosophy of “a place for everything and everything in place.” With the GearBoss® Cubby System, that simple rule can be realized in any athletic equipment room. The Cubby System uses adjustable shelf dividers, and cart dividers to deliver unlimited flexibility.

Multi-purpose design

The system is easily configured and quickly reconfigures as your needs change. Shelf lips keep loose items contained and all of the components are secured and adjusted without tools. The Cubby System makes hundreds of configurations possible allowing you to size your storage compartments to fit your gear. The result is that you will optimize your space.

GEARBOSS® TEAM CART & X-CART HIGH-DENSITY STORAGE

FEWER AISLES CREATE MORE ROOM IN LESS SPACE

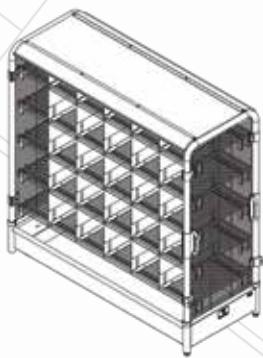

HIGH-DENSITY STORAGE LETS YOU MANAGE YOUR SPACE FOR MAXIMUM EFFICIENCY WITHOUT ADDING SQ FT.

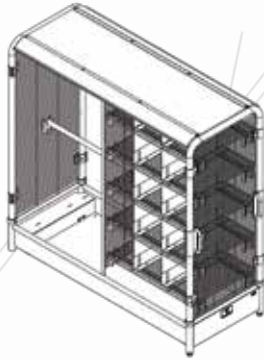

The high-density design of GearBoss uses modular carts installed on a rail. You will save construction dollars and create a storage room that will be a functional point of pride.

- Carts move on the rail eliminating unused aisle space
- A more economic use of square footage. Stores 50% more than static storage units
- Team Carts come off the rail to move and store gear around the facility
- More organized storage
- Better inventory management
- Better sanitation and air flow with proper ventilation
- More secure
- Multiple standard color options for painted grilles and laminate doors and closures

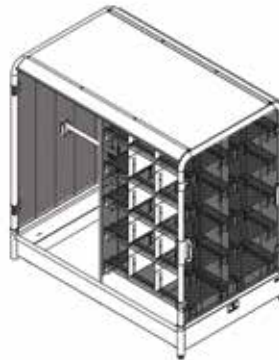

MULTIPLE CONFIGURATIONS

32" (813 mm) GearBoss Cart - 30 Cubbies

32" (813 mm) GearBoss Cart - 15 Cubbies + Garment Hanger

48" (1219 mm) GearBoss Cart - 30 Cubbies + Garment Hanger

48" (1219 mm) GearBoss Cart - 60 Cubbies

GearBoss® systems install easily with the flexibility to work in almost any space.

offer added security and are customizable with a variety of laminate colors. It's also an excellent space for team logos.

AIRCRAFT-GRADE ALUMINUM KNUCKLES

RETRACTABLE GUIDES AND SWIVEL CASTERS

HANGING BRACKETS

SHELF LIPS
Shelf lips secure with knobs and can be set up with the tall side out for a 4" (102 mm) lip or the short side out for a 2 1/2" (64 mm) lip.

CUBBY DIVIDERS
There are four dividers available in two depth and two height combinations.

- 24" (610 mm) Short Divider adjustable from 8" to 14" (203 to 356 mm) high
- 24" (610 mm) Tall Divider adjustable from 15" to 20" (381 to 508 mm) high
- 32" (813 mm) Short Divider adjustable from 8" to 14" (203 to 356 mm) high
- 32" (813 mm) Tall Divider adjustable from 15" to 20" (381 to 508 mm) high

The Cubby Dividers are adjustable side-to-side by loosening and tightening a simple thumb screw. To adjust the height, turn another knob and move to the desired dimension.

SOFT DIVIDERS
Mesh dividers allow you to divide a 48" (1219 mm) wide GearBoss cart lengthwise. The mesh dividers maintain airflow and allow visibility through the cart.

GRILL DIVIDERS
Grill dividers also allow you to divide any GearBoss cart in half with a grillwork that maintains your ability to adjust half shelves and garment bars in 1" (25 mm) increments. And, with the Grill divider your carts can have shelf and cubbies on one side and remain open for hanging items on the other.

GEARBOSS® WORKSTATION

A rugged mobile athletic storage cart with workspace top

The equipment room is a hub of activity. Helmets are assembled and decaled, equipment is inspected and repaired, hundreds of jerseys and garments are folded, lunch is eaten, meetings are held. If you are using folding tables, boxes or the floor to make it happen, it's time to step up to the GearBoss Workstation. Ergonomically perfect at 42" (1067 mm) high the Workstation features a tough 1" (25 mm) wood laminate surface. The entire Workstation rolls easily on casters keeping your space transitional to ever-changing activities. Built like a GearBoss Storage Cart, you can add optional, adjustable grille shelves and locking bypass doors.
