Note: Please read and understand these instructions before proceeding.
Note: If you need additional information, contact Wenger Corporation using the information below.

Full Length Center Soft Divider Installation

To attach the full length center soft divider:

1. Secure the center soft divider to each end frame wire-grille end panel using the included nylon ties.
 - a. Feed one of the included nylon ties through each eyelet (three holes on each side).
 - b. Wrap nylon tie around a wire-grille panel horizontal wire and fasten the tie.

NOTICE

Once the nylon tie is fastened, it cannot be removed without cutting it off.

Half Length Center Soft Divider Installation

NOTICE

The half length center soft divider accessory is designed to be used with the cart divider accessory.

To attach the half length center soft divider:

1. Secure the one side of the center soft divider to the end frame wire-grille end panel using the included nylon ties.
 - a. Feed one of the included nylon ties through each eyelet (three holes on each side).
 - b. Wrap nylon tie around a wire-grille panel horizontal wire and fasten the tie.

NOTICE

Once the nylon tie is fastened, it cannot be removed without cutting it off.

2. Secure the other side of the center soft divider to the cart divider using the steps above.
