

Take fundraising to a new level.

The GearBoss® Mobile Kiosk by Wenger Corporation is a self contained, mobile merchandising kiosk that allows you to follow your fans, wherever they go. All of your logo gear is neatly secured inside the enclosed unit while moving from venue to venue. Panels open up in seconds to create your kiosk. Eight removable bins allow different athletic programs, boosters or school clubs to keep inventory in their own bin. Move beyond candy sales and car washes to stronger revenue generation.

On-site performance

The Mobile Kiosk outperformed previous fundraising efforts in various beta-test sites. New Mexico State University doubled logo merchandise sales at football games. Owatonna High School outsold their annual spirit store revenue in three months!
