

GEARBOSS® SHELVING

An affordable, flexible and durable solution to instrument storage

This shelving system is designed to keep the music and theater areas organized and ready for action. Each bay can be customized to meet your specific needs. As those needs change throughout the year - GearBoss shelving offers you the flexibility of moving shelves quickly, without tools. The GearBoss shelving systems designed to maximize your storage space and to keep marching band and theater equipment clean, organized and accessible. The cantilever design optimizes overhead space while keeping the floor open and free from supports. Additional shelves and optional hanging bars or lock boxes can be added at any time. When used in conjunction with the GearBoss SportCart™ or the Rack 'n Roll® Cart, you can add another dimension of mobility and security to your storage area.
