# HIGH-DENSITY STORAGE

## Smart Storage Solutions for Your Valuable Equipment

Storage of sports equipment in most facilities is still in the stone age – wood shelves, plastic bins and piles on the floor. Rugged GearBoss® carts and shelving take storage and transport of your valuable gear to the next level. You'll be able to free up space, keep better track of equipment, roll it where you need it, secure it from theft and improve sanitation. Our experts can help you design a system that meets your space and storage needs so you always know your gear is organized, protected and accounted for.

## GEARBOSS® BENEFITS:

### SPACE & ORGANIZATION

GearBoss delivers a unique solution that increases the storage capacity of your rooms by as much as 50 - 75%, while greatly improving organization, efficiency and access.

### MOBILITY

The ability to get equipment closer to where it is needed – from the storage room to the gym to the field or even away games – is critical to your organization, effort and time savings.

### SECURITY

The average school or professional team has thousands of pieces of athletic equipment to organize, store and protect from loss or theft. GearBoss carts let individual teams secure their equipment, even in an unlocked room.

### FLEXIBILITY

GearBoss equipment is designed to adjust as your programs change. Carts can be moved, reorganized and shuffled within your storage space as sports and seasons change.

### SANITATION

MRSA, mold, mildew, bacteria, and staph issues can be a burden on your athletes and your program. GearBoss products gets equipment out of piles, off the floor and into well-ventilated spaces. Plus, lockers are treated with an antimicrobial finish.

### PRIDE

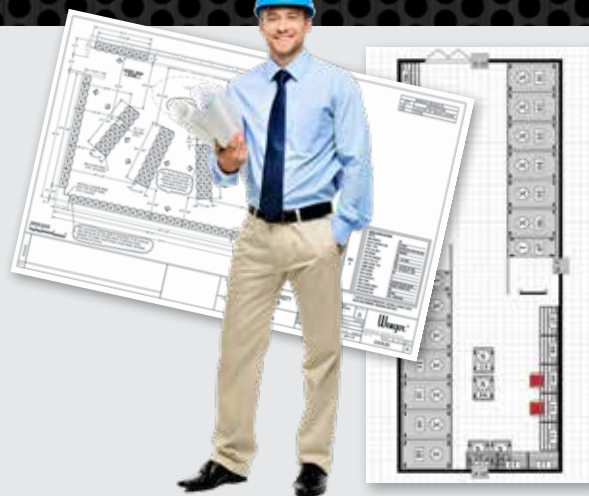

The organization and cleanliness of your GearBoss equipment covered with your team colors and logos will make a positive impact on everyone who comes in contact with your athletic program.
