

Trim Chains

Trim Chains

- Trim chains are a simple, easy and cost effective method of adjusting line length and attaching the lift line to the batten
- Each assembly includes a piece of chain, a thimble and a shackle

AlphaChain™ Trim Chains

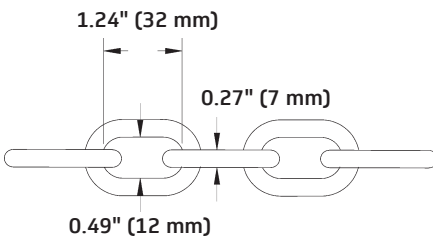

- 7 mm (0.275") black alloy chain for rigging
- Black chain eliminates glare and reflection
- Grade 63 hardened alloy chain can be used in a single load path configuration
- Marked with JRC on every link
- Date code on every 10th link for traceability

Grade 30 Trim Chains

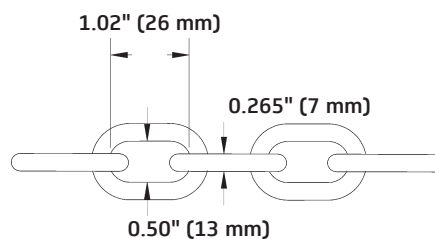

- Zinc plated
- Manufactured to Federal Specification RRC-271-E

Three-year warranty against defects in materials or workmanship is provided on all J.R. Clancy equipment, additional warranty information is available at jrclancy.com
