

Spikemark Console

Spikemark Console is designed for performances that demand the most precise cueing and flexible playback control. It's the perfect desk for a hands on automation operator. Designed for cue creation, jogging, and dynamic playback environments. It combines a high-performance PC with multi-use, data display playback dials, soft-stop buttons, jog paddle, and hold-to-run switch. The console is the ultimate Spikemark desk.

Applications

Ideal for touring, permanent installations, and show-to-show changes of theatre. Spikemark Console is crafted for performances that demand the most precise cueing and flexible playback control.
