

GEARBOSS® SPORT CART

A smaller, fast-moving GearBoss system cart

GearBoss Sport Carts are designed to compliment a larger GearBoss installation or to be used as a stand-alone solution. They are smaller than other carts in the system and are intended for use in smaller spaces and for sports that require less storage. Mobility is easy with four heavy-duty 5" (127 mm) swivel casters. At 6'1" (1854 mm) tall and 32" wide x 41²/₃" (813 x 1060 mm) long, the Sport Cart will navigate narrow hallways, shorter door openings and most elevators.

GEARBOSS® SPORT CART

SPACE

Maximize cubic volume by densely organizing equipment in carts

MOBILITY

Effective storage that lets you roll an entire closet of gear right to the place where you are going to issue it or use it

ORGANIZATION

Create natural organization boundaries that are easily configured by team and by items

FLEXIBILITY

Shelves and racks reconfigure and easily relocate

SANITATION

Designed to provide optimum air flow

SECURITY

Designed to lock, secure, organize and inventory your equipment with lockable doors and sliding side panel options

SPORTCART PLACEMENT EXAMPLES

Mobile storage on a smaller scale - as a trainer cart, it's perfect for storing tools, medical equipment or other small items.

Get innovative and use it for storing things besides equipment like the snacks you sell at your concession stand.

Roll where you need it. Easily rolls through doorways and is small enough to store in a closet or smaller storage room.

Fits into standard sized elevators.

OPTIONAL CLOSURE KIT

- Adds security
- Swing door is self-latching
- Lockable and reinforced with 16 gauge metal channels along the outer edges
- Door and side panels are constructed of 5/8" (16 mm) laminated MDF edge-banded in PVC

[PURCHASE ONLINE!](#)

ACCESSORIES

- Shelves and garment bars adjustable in 1" (25 mm) increments
- Team colored grille ends and closure kits
- Cubby dividers
- Shelf covers
- Shelf lips
