

SIGNATURE® CHORAL RISER

Proud Sponsor of Disney Performing Arts

The riser you've always wanted.

Wenger has reinvented the choral riser with every advantage you can imagine in a single, striking, easy-to-handle design. Classic black styling. Simple setup. Lightweight construction. Superb stability. Smooth mobility that fits through standard doorways. Quick step reversibility, without the need for tools. Available in a 3-step or 4-step design with permanent backrail and an optional side rail set (2) for added security. A compact footprint for less storage space. All backed by Wenger's fifteen-year warranty. Wenger Signature Choral Risers – now you can have it all.

SIGNATURE® CHORAL RISER

Step supports are welded steel for maximum stability and strength. Backrails are permanently attached for maximum safety.

Signature is designed from top-rail to floor to ensure flawless operation and long-lasting good looks. The level of detail is exquisite, with carpet edges protected by structural aluminum extrusions for a finishing touch that adds both distinction and stability.

Both the 3- and 4-step models have a compact footprint. They tuck away into tiny areas, saving you precious storage space. And both Signature models fit through standard doorways.

Signature is easy for one person to roll and control.

Just maneuver it into place and unfold with a single fluid motion.

It sets up without tools to provide excellent stability.

Optional siderails provide additional security for performers of all ages.

RISER STEP REVERSIBILITY

Wenger makes it easy to change riser arrangements. Simply switch the position of the steps on the frame and reverse the horizontal back rail components on the vertical supports.
