Intended Use

- This product is intended for indoor use in normal ambient temperature and humidity conditions — it must not be exposed to prolonged outside weather conditions.
- This product is intended to be assembled and used only as described in these instructions.

Warranty

This product is guaranteed free of defects in materials and workmanship for five full years from date of shipment. A full warranty statement is available upon request.

Required Tools

The following tools are required for assembly.

- Phillips head screwdriver
- 4 mm hex wrench (supplied) *if installing on a 76-key piano*

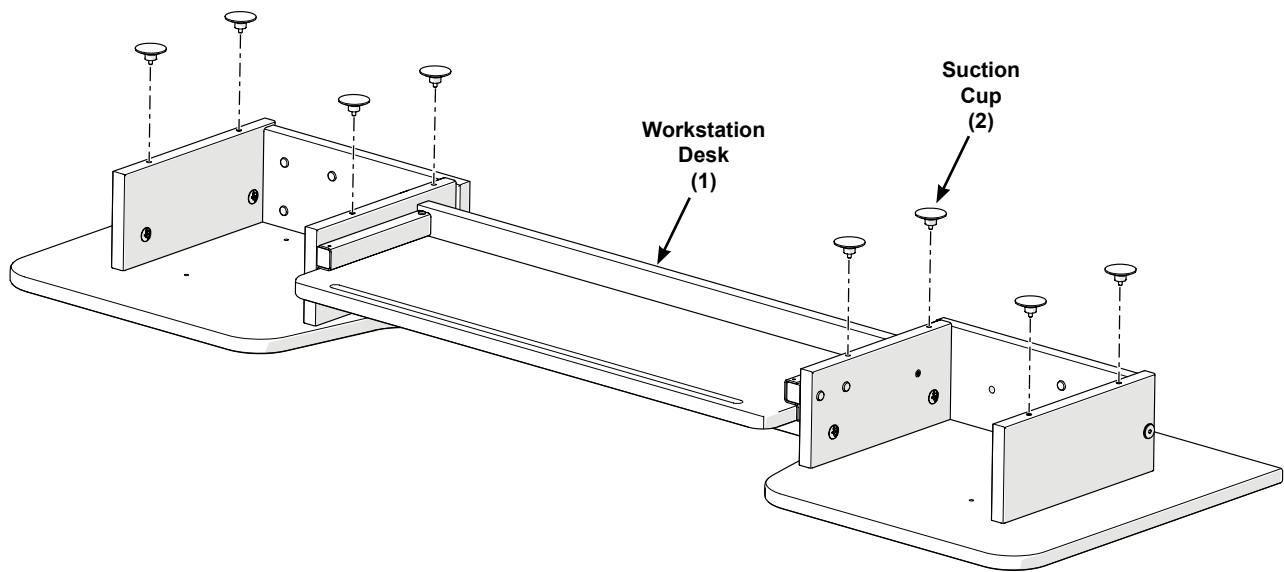

Parts List

Item	Qty	Description
1	1	Workstation Desk
2	8	Suction Cup
3	2	Wire Grommet
4	1	Power Strip
5	1	Plastic Rear Cover
6	4	#8-32 x 3/4" Machine Screw
7	1	Music Holder

Assembly

1. Screw eight suction cups (2) into the inserts on the bottom side of the workstation desk (1). Tighten securely.

2. Insert two wire grommets (2) into the slots on the top side of the workstation desk.

Assembly (continued)

The Class Piano Workstation is shipped to fit on top of a 88-key digital piano.
To fit on top of a smaller 76-key digital piano, the end support panels can be moved in.
To move the end support panels, follow the step below before proceeding.
Otherwise skip ahead to the next page.

3. Turn the workstation desk onto its top.

On both end support panels:

- Turn and unlock the two cam connectors in the side panel.
- Remove the hex socket screw from the back panel.
- Lift the end support panels off the connecting bolts
- Move the connecting bolts to the inner set of holes.
- At the new location, place the end support panels onto the connecting bolts and reattach.

Assembly (continued)

- 4 Set the workstation desk to fit on top of the piano as shown.
Press down firmly to secure the suction cups

Assembly (continued)

5. Attach the power strip (4) at the back side of the workstation desk under the desk surface using the included hardware.
6. Wires, cords and cables can all be fed through the wire grommets.

Assembly (continued)

7. Attach the plastic rear cover (5) to the pilot holes at the back side of the workstation desk using four #8-32 x 3/4" Machine Screws (6).

8. Slide the music holder (7) over the front edge of the upper desk surface as shown.
