Music Stand Move & Store Carts

Music Stand Move & Store Carts

“The Bravo Music Stands are holding up well. We’ve not had any break or fall apart”

ALVARO GARCIA

Associate Professor of Music & Music Department Chair
University of Wisconsin – Parkside, Kenosha, WI

“I’ve used the Classic 50 music stands ever since they came out. They’re lightweight, easy to handle and withstand rough treatment.”

DAN NEECE

Director of Bands
Enterprise High School, Redding, California

“The Classic 50 music stands are easily portable, durable and user-friendly.”

BRENT POLING

Director of Performing and Visual Arts
International School Bangkok, Thailand

“I love the trigger lock on the RoughNeck music stands -- that’s the neatest new innovation. Instead of the music stand just sliding up and down, you squeeze the grip and adjust it to the level you want. When you let go, it locks in place and stays there instead of sliding up and down at will”

CHRIS KRAMBO

Technical Director
Los Angeles County High School for the Arts, Los Angeles, California

BRAVO MUSIC STAND

RETHINKING A MUSIC ROOM ICON.

Music stands dot the landscape of every music facility. They are among the most prominent pieces of equipment so it's important that they look good and stand up straight. On a daily basis they get used and over-used, they get carried around, knocked around and driven around. They have to be built tough. And, since a typical music facility needs quite a few of them, they end up being a significant investment. You shouldn't have to repair, repaint or replace them after only a few years of use.

If you want a better music stand, there's no need to look past the Bravo Music Stand. It's more durable, more functional, more attractive and a better investment.

- Polycarbonate desk won't chip or scratch.
- Accessory shelf for assorted items.
- Color selection matches Nota® Chairs and other Wenger Corporation products.
- Stylized 20³/₈" x 13¹/₂" (518 x 343 mm) desk surface.
- Unique composite spring mechanism with exceptional holding ability.
- 18 gauge upright post for added strength and stability.
- Desk adjusts from 25¹/₂" to 46¹/₂" (648 to 1181 mm), desk lip to floor.
- 10- year warranty.
- Assembly required.

STAND DESK

Black

Brass spring height adjustment moves and stays put with a single, smooth motion.

Welded construction stands straight.

Right out of the box, every music stand looks nice and is performance-ready. But once they're put into use, it doesn't take too much time for the typical metal music stand to look a little tired. In fact, if you have metal music stands in your facility now, go take a look at them. How many are scratched, dented, bent, wobbly or leaning: How many have height adjustments that are too stiff or too loose? How many have desks that won't hold the angle?

Any music teacher will tell you about tightening bolts on wobbly stands or picking through them before a concert to find the ones with the fewest dents and scratches. Ask a musician what it's like trying to get through a performance with a stand that is slowly sinking, or with a desk that keeps tilting forward.

When it comes time to invest in music stands, the Bravo Music Stand gives you a lot more for your money. In fact you'll probably have to replace other music stands long before a Bravo retires.

CLASSIC 50® MUSIC STAND

TRADITIONAL STYLING MEETS ADVANCED CONSTRUCTION.

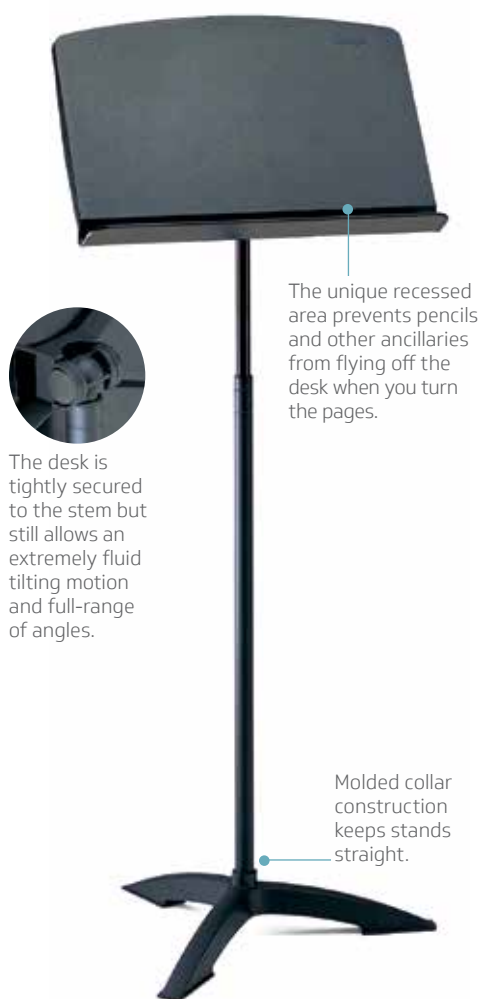

The Classic 50® is the end result of half a century of experience with music educators just like you. By thoroughly investigating your day-to-day needs and recurring problems, we've been able to create a music stand that delivers traditional elegance without traditional headaches. The Classic 50's superiority begins with its tough, lightweight construction.

The special polymer material has an inherent tensile strength that withstands daily rigors without bending or denting like metal — and without creating a clatter. Add striking good looks and you have the most refined music stand ever designed, along with a stand that's tough enough to withstand years of use.

- High-strength polymer desk and base.
- Balanced for excellent stability.
- Wobble-free base attachment.
- Unique recessed desk area for pencils.
- Classic black styling is color-molded through base and desk for distinctive, long-lasting good looks.
- Bolt-through desk attachment holds tight and secure — always.
- 13½" x 20" (343 x 508 mm) music desk.
- Brass spring height adjustment mechanism adjusts height from 25½" to 49" (648 to 1245 mm), desk lip to floor.
- 10- year warranty.
- Some assembly required.

039E500 Classic 50 Music Stand, 6 lb, 8 oz (2.9 kg)

We tested Classic 50 against metal to see which would bend — and stay bent.

Classic 50 Metal Stand

We wanted to see how the Classic 50 and a metal stand would compare when subjected to identical sustained pressure.

Classic 50 Metal Stand

As you can see, there is no comparison. The Classic 50 bounces back into shape, while metal stays permanently bent.

ENDUR™ MUSIC STAND

THE BEST COMBINATION OF DURABILITY AND STRENGTH

Are your students particularly rough with your music stands? We have the answer. Endur™ is our toughest music stand ever! The new Endur Music Stand combines a 22-gauge steel (desk) and an 18-gauge steel (post) resulting in a practically indestructible music stand. Plus, Endur's sturdy all-metal post and premium hinge design are engineered to confidently hold more weight than a typical stand without sinking or tipping. It's perfect for classroom activities where stands hold more than just sheet music.

Endur features many of the characteristics that our other popular stands possess, including a solid welded base that won't lean or loosen, an elegant black powder-coat finish and a desk with rolled edges for added strength that won't scratch delicate instruments.

- 22-gauge steel desk with rolled edges for added durability. All metal post, hinge, and base.
- 18-gauge upright post for added strength and stability
- Bolt-through desk attachment
- Durable black powder-coat paint finish
- 20" x 12¹/₂" (508 x 318 mm) desk
- Height is adjustable from 23" to 43³/₄" (584 to 1111 mm) (desk lip to floor)
- 10-year warranty

038A500 Endur Music Stand 8.4 lb (3.8 kg)

PREFACE® MUSIC STAND

THE LOW-COST MUSIC STAND THAT HAS MANY BENEFITS.

The Wenger Corporation Preface® Music Stand combines affordability with reliability. The large aluminum desk provides ample space for displaying music. A large one-piece attachment bracket and bolt-through desk attachment holds the desk securely to the stand. A reliable brake mechanism provides precise height adjustment and the stand can be easily positioned whether seated or standing. A 12-gauge steel-welded base features a wobble-free base attachment that won't loosen because it can't twist in the base – no more weekly tightening of wobbly stands! Slim and lightweight, the Preface Music Stand is just under 6 lb (under 3 kg) so it's easy to carry several stands in one hand. And the recessed desk lip lets you stack stands quickly on a cart because there's no need to flip the desks. The Wenger Corporation Preface Music Stand – a smart economical addition to your music program.

- Lightweight – just 5.7 lb (2.6 kg)
- 13¹/₂" x 20" (343 x 508 mm) desk
- 25¹/₂" - 49" (648 – 1245 mm) height adjustment desk lip to floor
- All-metal construction
- 12-gauge steel welded base for durability
- Wobble-free base attachment
- 1" outer tube for easy transport
- Brass spring slider mechanism
- Sturdy aluminum desk
- Bolt-through desk attachment
- Durable powder-coat paint finish
- 10- year warranty

237B500 Preface Stand, 5.7 lb (2.6 kg)

ROUGHNECK MUSIC STAND

THE RUGGED STAND THAT'S BUILT TO LAST.

Because you've spent hours practicing, your performance shouldn't be hampered by a music stand that doesn't perform. Wenger Corporation builds sturdy stands that won't shake, wobble, tilt or slip.

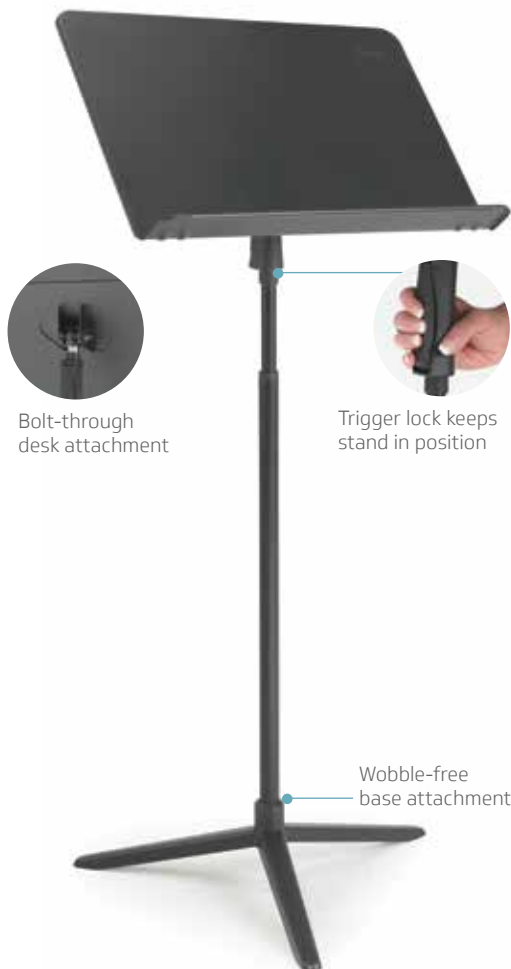

Wenger Corporation's Roughneck Stands have a unique trigger lock height-adjustment mechanism that allows smooth, easy adjusting action and holds tight – even with heavier weight on the desk! The solid welded base won't lean or loosen. And Wenger Corporation now guarantees their music stands for a full 10 years.

So don't put up with music stands that keep letting you down. Insist on RoughNeck, and get a superior performance every time.

- 22-gauge steel desk with rolled edges
- Solid welded base
- Wobble free base attachment and bolt-through desk attachment
- Durable black powder coat finish
- Desk: 20" x 12¹/₂" (508 x 318 mm)
- Trigger lock height adjustment mechanism adjusts height from 27¹/₄" to 43³/₈" (692 to 1102 mm) (desk lip to floor)
- 10- year warranty
- Some assembly required

038A001 RoughNeck Music Stand, 9 lb (4 kg)

The RoughNeck desk is made of tough 22-gauge steel. Finished rolled steel edges reinforce the desk to withstand bending, and are less likely to nick precious instruments or snag clothing. And the desk easily accommodates full-sized scores.

The base and tube are made of steel for durability.

The finish of the desk, base and tube is an extra-durable, textured, black powder-coat, which looks fresh far longer than metal enamels.

The trigger lock height adjustment mechanism goes up easily and stays up.

GIG STAND® FOLDING MUSIC STAND

THE CONVENIENCE OF A PORTABLE STAND WITH THE STURDINESS OF A CLASSROOM STAND.

The Gig portable music stand is no pushover. It stands up to the weight of an oversized folder loaded with music. Solid, durable. Built to endure all the banging around that a heavy travel schedule can dish out. Sets up and adjusts in seconds and holds its position tight until the musician changes it.

Only the Gig stand adjusts to the extra low positions preferred by jazz bands, guitarists and chamber ensembles. Simply raise the swing-lift arm and extend it to reach over timpani or handbell tables bringing the music up high and close to the performer. When the performance is over, just fold up the Gig stand, grab the handle and go.

- Portable stand with 20" x 14" (508 x 356 mm) aluminum desk and 16-gauge steel tube and base.
- Cantilever arm for wide range positioning of desk.
- Height adjustment 10" to 42" (254 x 1067 mm) (desk lip to floor).
- Folds down to 20" x 24¹/₂" x 4⁵/₈" (508 x 622 x 117 mm) with its own carrying handle.
- Black powder coat finish.
- 10- year warranty.

143E001 Gig Music Stand, 9 lb (4 kg)

MUSIC STAND ACCESSORIES

MUSIC STAND MOVE & STORE CARTS

Wenger Corporation's Large Move & Store Cart features a center pivot point and slightly raised outside wheels that give you exceptional control and maneuverability. The smaller wheels create a smoother ride up ramps and over thresholds, with increased control around corners.

Our Small Move and Store Cart is compact with a space-saving footprint. It's also easy for one person to handle, even fully loaded and going up and down stairs.

Together they solve all your moving and storage needs. You might consider a practical – and popular – combination: Use a small cart for transporting and several larger carts for storage.

With a center pivot point and slightly raised outside wheels, the Large Move & Store Cart offers exceptional maneuverability.

Move music stands from rehearsal room to performance area and back again with ease.

Large Move & Store Cart:

- Holds 18 Bravo, 20 Classic 50, 20 Endur, 20 Roughneck or up to 24 Preface Music Stands. Fits most other stands.
- Large center pivot point and raised outside wheels improve maneuverability.
- Smaller outside wheels for a smoother ride up ramps and over thresholds with increased control around corners.
- Compact storage – 27½" x 68" (699 x 1727 mm) fully loaded footprint.
- Easy-grip handles increase comfort and control.
- Durable powder coat paint finish.
- 8" (203 mm) wheels and 5" (127 mm) heavy-duty casters.
- Assembly required.
- 10-year warranty.

039C202 Large Music Stand Move & Store Cart, 38 lb (17 kg)

Small Move & Store Cart:

- Holds 9 Bravo, 10 Classic 50, 10 Endur, 10 Roughneck or up to 12 Preface Music Stands. Fits most other stands
- Tilt-back design for easy two-wheel maneuverability on stairs, over curbs and around tight corners.
- Compact storage – 27½" x 36" (699 x 914 mm) fully loaded footprint.
- Easy grip handle increase comfort and control.
- Durable powder coat paint finish.
- 8" (203 mm) heavy-duty wheels.
- Assembly required.
- 10-year warranty.

039D201 Small Music Stand Move & Store Cart, 21 lb (10 kg)

UNIVERSAL TABLET MOUNT

The perfect holder for most models of tablets. Clipping your tablet in place is easy and secure. No more resting your tablet on a stand, amp, floor, etc.

040A154 Universal Tablet Mount, Single
