- 0320001 Chrome finish frame, 12 lbs (5.4 kg).
- Black powder-coat paint finish frame for maximum durability. Chrome finish frame is also available.
- Patented design provides two seating zones: "Engaged" (rear) and "Perched" (forward).
 - The engaged position allows the occupant to sit with a thigh to back angle of 97°.
 - The perched position allows the occupant to sit with a thigh to back angle in the range of 96-106°.
 - A transition area allows users to move seamlessly between zones.
 Each zone enhances performance by promoting a naturally balanced skeletal shape, reducing muscle strain and enabling increased circulation, freedom of movement, and diaphragmatic breathing.
- Narrow convex back provides lumbar support while still allowing for freedom and range of movement.
- Seat and back are rugged polypropylene with 1/2" (13 mm) polyfoam seat cushioning and 1/4" (6 mm) polyfoam back cushioning.
- Seat and back are covered with 100% polypropylene fabric and available in six colors: Black, Plum, Red, Green, Grey and Blue.
- Fabric is treated with BLOCKaide™ Stain Repellant.
- 14-gauge 7/8" (22 mm) welded round tube frame.
- Available in heights of 14-1/2" (368 mm), 16" (406 mm), 17-1/2" (445 mm), 19" (483 mm), 20-1/2" (521 mm).
- Rounded waterfall front allows one height of chair to accommodate a wider range of body sizes.
