## ONBOARD® INNOVATIVE STORAGE AND TRANSPORT CARTS

---

THE PERFECT STORAGE AND TRANSPORT PRODUCTS TO GET MARCHING BANDS ONTO THE FIELD.

“The OnBoard Cargo Cart is another great Wenger product — its dependability is without question and it gives us great flexibility in handling our marching band uniforms. We ordered 16 Carts during the summer of 2007 and they are working out very well. The Cargo Carts and the layout of our new facility make everything more efficient.”

“I’ve used Wenger products for years and have always been pleased with the quality and value. I’ve learned you get what you pay for. And Wenger has never failed to live up to that expectation!”

**Evelio Villarreal**  
 Director of Bands  
 Plano East Senior High School, Plano, Texas

## ONBOARD CARGO CART

HIGH-DENSITY METHOD OF TRANSPORTING UNIFORMS, HATS, FLAGS AND INSTRUMENTS.

- Saves time in set-up and take down at marching events.
- Optional adjustable shelves and removable garment bar provide flexibility in transporting and storing marching band equipment.
- Hanger retainer clips prevent uniforms from falling off during transport.
- Choice of pneumatic or hard casters for easy rolling on soft or hard surfaces.

Shown with optional shelves.

Shelves are adjustable. OnBoard Cargo Carts feature slots for attaching up to three shelves in addition to the bottom shelf. This makes it easy to add or remove shelves.

OnBoard Cargo Carts are also ideal for storing and transporting color guard attire and equipment.

Pneumatic wheels make it easy for two people to transport carts loaded with heavy instruments whether on grass or concrete.

Solid rubber non-marking casters are extremely durable and provide smooth transport inside or outside your facility.

Both pneumatic and solid rubber casters have two locking swivel casters for safety and maneuverability.

## ONBOARD UNIFORM CART

PERFECT FOR TRANSPORTING UNIFORMS IN UNDER-THE-BUS STORAGE COMPARTMENTS.

- Permits quick, easy set-up and take-down at marching events.
- Lightweight design allows easy tilting and sliding into storage compartment – no lifting required.
- Hanger retainer clips prevent uniforms from falling off during transport.
- All-swivel casters for easy handling

Rugged handles make it easy to roll cart where you need it and then tilt cart into position to slide into bus storage compartment.

Hanger Retainer Clips lock hangers in place to prevent uniforms from falling off the garment bar – especially during transport.

Wear strip and slide strip help to easily glide cart into bus compartment.

“This cart is extremely mobile. It’s easy for one person to move it anywhere – through doors, up and down ramps, in and out of trailers. For performers, it’s nice to have the drums already set up, right where you need them. The OnBoard Timpani Cart also helps protect the drums because you’re not pushing and pulling on the tuning mechanisms and rims.”

## ONBOARD MARCHING BAND PODIUMS

IT DOES NOT GET FASTER OR EASIER THAN THIS!

### 72" ONBOARD FIELD PODIUM

- Break through design sets up in less than 30 seconds.
- Unique combination of black, powder coated steel and aluminum, for a striking appearance and maximum durability.
- Includes two Gas Assists to minimize lifting effort.
- Unit comes equipped with four large diameter/high wear rubber wheels and Tow Bar included in base price.
- Folds compactly and designed to fit most trailers and trucks.

### 42" ONBOARD AUXILIARY PODIUM

- Quick and easy set-up in less than 30 seconds.
- Unique combination of black, powder coated steel and aluminum, for a striking appearance and maximum durability.
- Simple design folds compactly and rolls from vehicle to performance position.
- This smaller unit has full size ladder on one side with wide rungs for quick access.

## ONBOARD TIMPANI CART

INNOVATIVE DESIGN LETS YOU EASILY MOVE INDIVIDUAL TIMPANI OR COMPLETE SETS OUT OF STORAGE AND ONTO THE FIELD OR INTO THE CONCERT HALL.

- Unique design allows cart to quickly convert to the proper performance position with one simple turn.
- System adjusts to fit the five sizes of pedal-style timpani – 20", 23", 26", 29" and 32" (51, 58, 66, 74 and 81 cm) diameter.
- Stabilizer bars allow the cart to remain level even on uneven surfaces.
- Fold-down player-platform quickly locks into performance position.
- Tow bar included; carts may be used individually as well.
- Fits all five sizes of pedal-style timpani and quickly positions the drums into performance position with one simple turn.

Legs fold down to stabilize carts during a performance.

Center pin may be removed to separate carts for individual use.

The genius of the OnBoard Timpani Cart is how the transport cart converts into a stable performance platform in a few simple steps.

The OnBoard Speaker Cart and other OnBoard Carts can be linked together and towed by a golf cart or Gator. The large, pneumatic OnBoard wheels roll easily onto grass or artificial turf for practice or performance.

“The demands put upon equipment by marching bands and drum corps are much greater. Our carts need to be moved from the band room to the practice field into the equipment truck, off-loaded to the warm-up area, then moved across a large area to the performance, and then loaded back on the truck and transported back to school. Having the large tires and a very durable cart that can sustain multiple loads and unloads per performance is really a valuable benefit for the Blue Stars.”

**Eric Sabach**

Corps Director/Director of Youth Programs  
Blue Stars Drum & Bugle Corps  
LaCrosse, Wisconsin

## ONBOARD PERCUSSION CART

IDEAL FOR STORING AND TRANSPORTING SMALL PERCUSSION INSTRUMENTS ONTO FIELD.

- Ergonomic curved design keeps instruments within arm's reach for proper playing position.
- Built-in storage compartments for sticks and mallets.
- Four accessory mounts provide flexibility in mounting all types of small percussion instruments and brackets.
- Two rigid and two swivel 8" (20 cm) pneumatic casters allow cart to be rolled with minimum effort on grass surfaces.
- Tow bar for pulling with small garden tractor or Gator.

Cart includes four accessory mounts for attaching small percussion instruments.

Easily pull another OnBoard Transport Cart onto the field for your performance with the included tow bar.

## ONBOARD BASS DRUM/GONG CART

THE EASY WAY TO MOVE AND STORE BASS DRUMS AND GONGS FOR COMPETITIONS, REHEARSALS AND CONCERTS.

- Easily moved by one or two people.
- Suspension system designed to hold the weight of a large bass drum or gong up to 40" (101 cm) diameter.
- Drum rotates into performance position in 15° increments.
- Cart locks instruments into place for safe, easy transport.
- A tow bar is included.
- Built-in storage compartments for sticks and mallets.

Securely handles gongs up to 40" (101 cm).

“Wenger’s OnBoard products are engineered to be sturdy, last a long time and stand up to a heavy travel schedule, including being packed very tightly in a trailer with other equipment. While sturdy and durable, OnBoard carts are also very lightweight and mobile.”

**Eric Sabach**

Corps Director/Director of Youth Programs  
Blue Stars Drum & Bugle Corps  
LaCrosse, Wisconsin

## ONBOARD KEYBOARD CART

IDEAL FOR STORING AND TRANSPORTING ELECTRONIC KEYBOARD ONTO FIELD FOR PERFORMANCE EVENTS.

- Top keyboard shelf rotates 10° for flexibility in playing position and includes clamps for holding keyboard in place.
- Bottom shelf stores audio components, cables and small speakers so everything is within reach.
- Two rigid and two swivel 8" (20 cm) pneumatic casters allow cart to be rolled with minimum effort on grass surfaces.
- Optional keyboard shelf extensions for placement of a mixer or small speakers.

The main keyboard shelf tilts to the desired angle and adjusts in height.

The optional shelf extension can quickly attach to hold speakers or other equipment.

The cord management system keeps cords out of the way.

## ONBOARD SPEAKER CART

THE PERFECT WAY TO TAKE THE HASSLE OUT OF MOVING BIG SPEAKERS TO AND FROM STORAGE AND ONTO THE FIELD.

- Move large speakers easily, securely, even over thresholds and cords.
- Designed to move heavy-duty speakers up to 14" (36 cm) deep and 24" (61 cm) wide, support speakers up to 50 lb (22.5 kg).
- Tilt speakers into performance positions at just the right angle, in 0°, 15°, 30° and 45° increments.
- A tow bar is included, and an optional accessory tray is available to hold and store battery packs.

Adjusting the speaker angle is easy.
