

Porcelain Steel Markerboard

- The environmental low-gloss magnetic steel surface laminated to a 7/16" thick MDF substrate for extra strength and moisture resistance and framed in anodized aluminum trim
- The surface has environmental advantages of no VOC's, and is made from a min. 30% post-consumer and post-industrial waste; the surface is 99% recyclable
- Enhance your lessons with the optional permanent ceramic ink music stave lines (five sets) that have been fused to the surface to provide years of use and assistance with the teaching of music notation
- The surface is engineered to create greater color contrast with dry erase markers
- Marker ghosting is not a problem with the porcelain steel surface, which offers superior erasability; the reduced surface light distortion enhances visibility to provide optimum eye comfort
- Dual purpose surface can be used for both writing and magnetic purposes
- Includes an accessory tray with rubber corners
- Boards provided with L-clips, rawl plugs, and screws for installation; professional installation available
- Ten-year warranty
- Other sizes available upon request
