Portable Staging/Seated Riser Guardrail

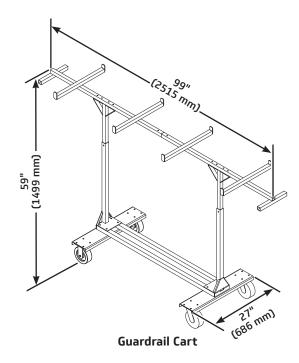

CORPORATION

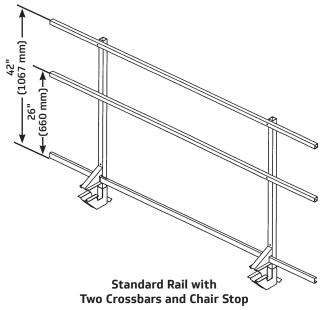

- Fits the following Wenger Portable Staging/Seated Riser Systems: Versalite®, Stagehand® and Trouper®
- Guardrails comply with many building code requirements for loading
- Guardrails are recommended for elevations over 12" (305 mm)
- Available with either two crossbars or an infill panel that complies with the 4" (102 mm) sphere requirements of some building codes
- Guardrails are 42" (1067 mm) high and include a chair stop; the second crossbar on the standard rail is located 26" (660 mm) above the stage deck
- · The quardrail has a black powder-coat paint finish and the chair stop has a dark grey powder-coat paint finish
- Attaches to the staging with a simple clamping device
- Storage truck available to store and transport the quardrail
- Ten-year warranty
