

RACK 'N ROLL® GARMENT RACK

The best way to protect and transport your valuable garments.

The Rack 'n Roll from Wenger is a rugged costume rack that rolls easily even when fully loaded. Available in 4' and 6' (1219 and 1829 mm) lengths, Rack 'n Roll is designed for years of trouble-free service. Top and bottom shelves are made of welded steel grill construction with a 11-gauge, 1³/₄" (32 mm) round hanger bar that accommodates heavy full-length costumes, uniforms, and other garments. The top shelf, and a basket that folds flat when not in use, is ideal for storing smaller items such as hats, props and boots. Heavy-duty non-marking casters provide exceptional maneuverability, making it fast and easy to transport items from long term storage to stage level. Both 4' and 6' (1219 and 1829 mm) long models fit through a standard 32" (813 mm) door. And Rack 'n Roll is easy to set up or take apart for storage. Pieces fit together securely without the use of tools.

RACK 'N ROLL® GARMENT RACK

Rack 'n Roll is equipped with a single full-length hanger bar near the top of the rack providing ample hanging space to accommodate a full range of theatrical costumes, formal gowns, uniforms or other garments.

Units completely disassemble without tools and stack for compact storage.

Folding basket holds smaller items and stores compactly when not in use.

Dust cover made of a breathable fabric with two zippers on one side for easy access and security strap.

Two units can be combined with an optional Privacy Screen for quick and convenient costume changes.

Optional Hanger Retainer Clips lock hangers in place for secure transport.
