

Maximize your learning environment while minimizing downtime.

The Rehearsal Resource Center from Wenger Corporation lets you take control of your classroom by providing instant access to all the teaching tools important to an ideal learning environment. The mobile, versatile, all-in-one design puts everything within easy reach - for both students and teachers - so class downtime is dramatically reduced. Available as a single-unit and twin-set versions, the Rehearsal Resource Center makes efficient use of classroom time by giving you a complete system for organizing recording/playback electronics and computer equipment, as well as lesson materials and assignments.

The Single-Unit Rehearsal Resource Center is available in a model for stereo components or with drawers and includes open space for storage. Both models offer optional lockable security panels for safeguarding equipment.

The Twin-Set Rehearsal Resource Center combines two single units and provides more space for electronic components and other equipment, and can be configured in a straight line or in an L-shape to accommodate rehearsal space or teaching style. Both Rehearsal Resource Center versions are available with a variety of options and are solidly built to withstand years of use.

So, whether it's before, during or after rehearsals, now you can take control of your classroom time with Wenger Corporation's Rehearsal Resource Center - designed to improve the quality and efficiency of music education by keeping your students focused on one goal - music learning.

REHEARSAL RESOURCE CENTER

The optional folio shelf inserts create organized storage. And, with the flip down back panel, students can grab handouts and lesson plans right when they enter the classroom.

Set of two optional speaker shelves fold down flat when they are not in use or during transport.

Five tubular steel leg extensions add 6" (152 mm) to the height of Rehearsal Resource Center.

Optional locking security panels are available to help safeguard your valuable equipment.

COLORS

	Wenger Maple		Pebble		Oyster
	Cherry		Evening Tigris		Fusion Maple
	Solar Oak		Graphite top, bottom and interior panels
