

GANG CLAMP INSTRUCTIONS/CONFIGURATIONS:

1. Snap one side of the clamp to the first chair frame at the desired location, depending on the setup configuration.

Example: For in-line connection, snap the clamp at a location between the seats; for setting up an arc, snap the connector to either the front or back leg. (See photos below)

2. Snap the other side of the clamp to the second chair frame to complete the connection.

Snap Onto First Chair
