

# Trouper® Seated Band/ Orchestra Risers

- System consists of individual Trouper staging units, combined to create a multi-level seating arrangement
- Platforms are available in 4' x 6' (1219 x 1829 mm) and 4' x 8' (1219 x 2438 mm) surface dimensions and in standard heights of 8" (203 mm), 16" (406 mm), 24" (610 mm), and 32" (813 mm)
  - Pie-shaped units are also available
  - Percussion extensions available for the 24" (610 mm) elevation
- Decks are available in the following surfaces:
  - Black: 3/4" (19 mm) 7-ply plywood with a black slip resistant thermally fused overlay
  - Grey Carpet: 3/4" (19 mm) 7-ply plywood with 1/8" (3 mm) (approximate pile height) manufacturer's standard grey carpet
- Legs are one-piece, 16-gauge, 1-1/4" (32 mm) tubular steel; legs are designed to open in one motion and are automatically locked in place by a spring-loaded clip
- Wrap around 16-gauge steel provides strength and protects the deck edge from damage
- Frame clamps are a quick cam-type lock for positive locking to the frame of the adjacent unit; one clamp per side of each stage unit, which provides two clamps per side when units are locked together; wood spacers securely hold the units of different heights together
- Five-year warranty

## Accessories

- Side Closure Panels – Close each end of the riser arrangement
- Front Closure Panels – Closes the gaps between elevations; gives a finished-off, built-in look
- Guardrails – Provide a measure of protection while adding a professional appearance
- Transport Carts – Move units from one location to another; enables efficient two-person handling
- Guardrail Carts – Move guardrails from one location to another

Guardrail, Stairway, Backdrop and Drapery
