

TUBA & SOUSAPHONE MOBILE STORAGE RACKS

Attractive, durable and mobile.

Tubas come in all shapes and sizes and can be difficult to store; add Sousaphones to the mix and easy transport of multiple instruments is even more challenging. The Tuba/Sousaphone Rack is the perfect way to move and store any combination of Tubas and Sousaphones safely and securely. Steel molded cradles gently hug your valuable instruments to keep them held in place. Adjustable left and right, they allow storage of multiple sizes and shapes of both Tubas and Sousaphones. Horizontal supports are adjustable vertically to allow storage of small or large instruments. Heavy-duty casters provide smooth transport and are equipped with locking mechanisms to keep rack stable when used for fixed storage.

TUBA & SOUSAPHONE MOBILE STORAGE RACKS

Tuba and Sousaphone Mobile Storage Racks are available in 3-Unit or 4-Unit models that can be easily configured to hold Tubas only, Sousaphones only or a combination of both instruments on the same unit.

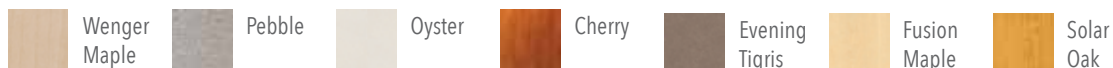

Instruments fit securely into "cradles" which can be adjusted left and right to hold instruments securely in place.

Swivel casters provide exceptional maneuverability and have a locking mechanism for stability when the rack is in a fixed location for storage.

COLORS
