

# flipFORMS® STAGE PLATFORMS

**Wenger®**  
Your Performance Partner

## Ready, Set, Show.

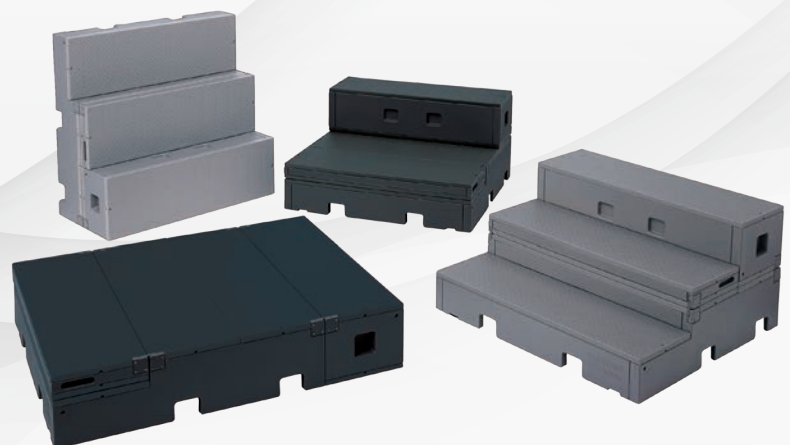

Wenger flipFORM Stage Platforms are an ideal alternative to used or homemade furniture or set pieces because they offer a variety of advantages.

They're flexible. flipFORMS are designed to adapt to your needs by changing shape. flipFORM has two moveable sections hinged onto a core unit that simply flip to create a single platform or a 2 and 3 tiered configuration. Simulate furniture, create stairways or combine them in anyway you can imagine.

They're mobile. When flipFORM is in the upright position, recessed wheels and pocket-molded handgrips allow one person to move it easily on stage or off.

They're durable. The blow-molded plastic construction is solid and easy to clean. flipFORMS can take whatever a crew can dish out and continue to look good for years. And they're available in solid black and grey or you can choose from four colors - blue, green, red and yellow.

flipFORM Stage Platforms, a flexible, mobile and durable alternative from Wenger - As committed to the quality of our products as you are to your craft.

# flipFORMS® STAGE PLATFORMS

### Platforms.

flipFORM has two moveable sections hinged onto a core unit. When both sections are down, it can be used as a one tier raised platform.

### Two-tier.

Flip the larger back section onto the core unit for two tiers.

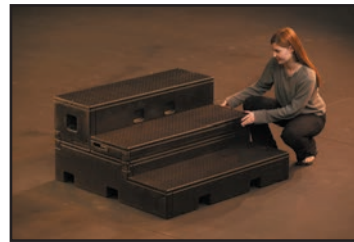

### Three-tier.

Flip both back and front sections onto the core unit for three tiers.

### Out of the Way.

Recessed wheels in reinforced wheel pockets and molded handgrips on front and sides provide mobility.
