Wenger®

# HIGH-QUALITY, DURABLE MU
# THE ONLY BETTER INVES
# IS IN THE STUDE

Music makes the world a better place. Music educators know that pursuing excellence requires high-quality equipment that is durable, dependable, and designed for the daily demands of practice and performance. By using the highest-quality materials combined with superior workmanship, Harry Wenger was able to grow a business from an Owatonna, MN

# SIC EDUCATION EQUIPMENT:
# TMENT YOU CAN MAKE
# NTS THEMSELVES.

basement into the standard of the music education industry today. While we are known for selling music education equipment, what we have really sold since 1946 is value. The only better investment you can make is in the students themselves.

## "WE STARTED WITH THE SOUSAPHONE CHAIR, THEN IT WAS OUR CHORAL RISERS, AND THEN... WELL THEN IT JUST TOOK OFF FROM THERE."

– HARRY WENGER, FOUNDER OF WENGER CORPORATION

Since 1945 we have worked closely with music educators. Those partnerships have given us a focused understanding of customer needs and helped us to create interactive, high-value products and services to enable and inspire great performances. We are pleased to take this opportunity to showcase all of the reasons Wenger products are the ideal choice for your program. Above all, we value our relationships, and take pride in helping music educators nationwide thrive and succeed. In addition to this catalog and our website, our sales representatives are always here to assist and consult with your program needs. Our goal is to provide you with all of the necessary tools and information to help you make informed purchasing decisions. We thank you for your business and look forward to working with you in the upcoming year.

# A PRODUCT LINE STANDING

For more than 75 years, we at Wenger have crafted so many innovative products that it's hard to find a music facility that doesn't have something stamped with the Wenger logo. Our product line and support services before, during and after the sale demonstrate our commitment to functionality,

# CHAIRS

Wenger is the leader in music posture chair design. No matter the need, the level of performance, or size of the musician, Wenger has a chair that is perfect for everyone. Better posture, improved technique, protection for valuable instruments and undisputed value. These are just a few of the attributes that make Wenger the industry leader with regards to music education seating.

*"Posture is the basis for everything you do as a musician, and having the right posture alleviates problems for students. And if the students are comfortable, they are going to focus on their playing."*

– Michael Eddy, Fine Arts Coordinator, Henry County School System, Georgia

# MUSIC POSTURE CHAIRS

## STUDENT AND MUSICIAN CHAIRS

There can only be one original. Wenger Student and Musician Posture Chairs are the tried-and-true seating solution trusted by educators for over 75 years. These chairs provide just the right amount of support and comfort while promoting a more natural performance. The Musician model adds padding for increased comfort during long sessions.

### FEATURES/SPECIFICATIONS

- Posture chair design promotes easier breathing
- Student model has wear-resistant polypropylene seat and back for even weight distribution, improved comfort and long-lasting durability
- Musician model is padded and upholstered for added comfort
- Chair glides provide increased durability and stability
- Six heights available to accommodate most musicians, seat-to-floor frame heights of 15½", 16", 17", 17½", 18½" and 19½"
- GREENGUARD Certified

## CELLIST CHAIR

A unique playing position demands a chair that is just as unique. The Cellist Chair has been specially designed to comfortably promote the difficult lean-forward position required by cellists. By properly stabilizing and supporting the musician, they are free to focus on the demands of the performance and their technique, not the chair.

**FEATURES/SPECIFICATIONS**

- Provides the ideal lean and balance requirements for a cellist
- 16-gauge steel frame with powder coat paint finish
- Fully cushioned seat and back with non-slip upholstered surface for long-lasting comfort
- Stackable or compatible with Wenger Move & Store Cart
- Two seat-to-floor frame height options of 18½" and 19½"

## SYMPHONY CHAIR

The Symphony Chair is the ultimate expression of Wenger's musician-first design philosophy. Every curve and angle has been thoughtfully engineered to optimize posture and improve comfort and breathing during the performance. With full lumbar support and a contoured seat that eliminates pressure points, the Symphony Chair performs as though it is an extension of the musician's body.

**FEATURES/SPECIFICATIONS**

- Posture chair design promotes easier breathing
- Durable 14-gauge oval tube frame with powder coat paint finish
- Adjustable seat angle
- Premium, durable upholstery and formal, all-black styling
- Two seat-to-floor frame heights options of 18½" and 19½"

# SPECIALTY CHAIRS

## CONDUCTOR/STRING BASSIST/PERCUSSIONIST CHAIR

Nobody understands the unique posture requirements of musicians like Wenger. The Conductor/String Bassist/Percussionist Chair is proof of this industry-leading expertise. The chair's upright, half-seated position puts the conductor in the ideal position to direct. The chair's upright posture and swivel lock makes it a great solution for string bassists and percussionists, as well. Fully adjustable design enables musicians the flexibility to find their own ideal position.

### FEATURES/SPECIFICATIONS

- Cushioned seat supports half-seated, half-standing posture
- Seat swivel locks for bassist use and swivels 170-degrees for the extended range of percussionists
- Combined pneumatic seat height and footrest adjustment
- Low back and small, rounded seat
- Strong, durable black steel framing
- Seat-to-floor frame heights of 26½" to 36½"
- GREENGUARD Certified

*"I like the adjustable height Conductor's Chair. I'm short and can vary the height to suit my preference. It goes up and down smoothly and is easy to move."*

– Nancy Epperson, Orchestra Director, Lady Bird Johnson Middle School, Irving, Texas

## SOUSAPHONE CHAIR

Harry Wenger, a band leader and educator, always looking for ways to help his students and fellow musicians, designed a chair that supports the instrument's bulk. It allows musicians to concentrate on their technique. The Sousaphone Chair has not changed much since Harry Wenger's original design, neither has Wenger's desire to develop the innovations that enhance your musician's abilities.

**FEATURES/SPECIFICATIONS**

- Three adjustable support arms enable optimum positioning of the Sousaphone
- 16 gauge base frame
- 15½" square vinyl clad seat
- Seat height is 16¼" at back and 16" in front

| MODEL NUMBER | PRODUCT |

## CAVEA™ FIXED AUDIENCE SEATING

Wenger Corporation's prominence in the education and theatre equipment markets goes back over 75 years. Now, we have partnered with SERIES® Seating to engineer a new line of audience seating specifically designed to fit the needs of our K-12 education customers. We've combined industry-leading durability and comfort to create a seat that's exceptional in every way.

### FEATURES/SPECIFICATIONS

- Seat and back contours to help position the occupants' body for proper posture and comfort
- Specific cushion density and patented webbed support system provide ideal comfort for the duration of a performance or class
- Easy to replace seat coverings
- Integrated lumbar support
- Variety of finishes to meet the aesthetic needs of your space
- Curvature of the armrest provides proper support and placement of occupant's arms and wrists
- Seat site mechanism is a ¾ fold, noise dampening gravity rise system. It reduces noise and allows the seat bottom to be pushed back to allow more aisle space for people to pass
- Seat design with fully enclosed components eliminates any pinch points
- "Drop-in" assembly reduces installation time and eliminates excess brackets and fasteners
- Compact seating envelope (16.5") maximizes seating capacity without compromising comfort

**CLASSIC 50® MUSIC STAND**

# STANDS

For over 50 years, more music educators and musicians have trusted their music stand needs to Wenger. Elegant in design, sophisticated in appearance and uncompromising in construction, Wenger sheet music and tablet stands deliver the ideal combination of size, balance and functionality. From the rehearsal space to the auditorium, Wenger's commitment to quality, value and professionalism remains as unwavering as the stands themselves.

## UNIVERSAL TABLET STAND

Here is something Vivaldi could never have seen coming: the Universal Tablet Stand. Built on the same trusted sturdy base as our standard-setting Bravo Stand, the Universal Tablet Stand brings traditional functionality to the modern age. Spring-loaded clamps gently secure your tablet to the stand, with or without a case.

### FEATURES/SPECIFICATIONS

- Holds most tablets from 5" - 13" in size and up to 1¼" thick - one dimension of tablet must be less than 8¼"
- Spring loaded, rubber coated clamps gently secure tablet to stand
- Friction height adjustment mechanism adjusts height from 29" - 50¼", as measured from floor to center of support
- 360-degree rotation with locking positions in portrait and landscape orientations

### ACCESSORIES

Hands Free Page Turner

Spring-loaded finger clamps for a secure hold.

HANDS-FREE PAGE TURNER
Simply turn on and pair, silent, hands-free page turning and app controls, internal rechargeable battery without messy cables.

| 049E001 | TUBA TAMER |

**FLEX® CONDUCTOR'S SYSTEM**

# CONDUCTOR'S EQUIPMENT

No two conductors are alike. That's why Wenger offers the widest selection of stands, podiums and fully customizable systems to fit the unique needs and personal style of today's modern music conductors. From the rehearsal space to the auditorium, Wenger conductor's equipment combines industry-leading ergonomic design, superior flexibility and professional aesthetics so conductors can create the most comfortable, efficient and organized workspaces.

33 | Flex® Conductor's System

35 | Director's Stand and Folding Conductor's Podium

36 | Preface® Conductor's Stand

* Product color samples can be provided upon request

# FLEX® CONDUCTOR'S SYSTEM

The Wenger Flex Conductor System gives you the ability to design, build and customize a workspace that perfectly fits your needs and your rehearsal or performance space. Each piece within the system has been ergonomically designed to allow you to tailor your equipment to your size. Simply choose the pieces you need and start customizing your workspace.

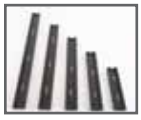
Keep your laptop within easy reach on our tiltable attachment.

The conductor's stand is large, more versatile and rotates, tilts and swivels right where you like it.

Clamp a desktop worksurface to your bridge. It's perfect for iPods, mixers, microphones, music books, speakers...

Add accessories like a cupholder and a tablet mount.

MIDI keyboards rest comfortably on the TechBridges. The special keyboard mount holds most sizes of electronic keyboards.



Customize the length of your TechBridge with bridge lengths of 2' - 8'.

Easily adjust to your preferred height.

Heavy, cast iron footings give Flex a confident foundation.

The TechBridges swivel to just about any angle, allowing you to customize your conducting space.

## FLEX TECHBRIDGE

### FEATURES/SPECIFICATIONS

- Cast iron legs for stability and wheels on one side for easy transport and repositioning
- Height adjustable from 29" - 41" floor to bridge top with no accessories
- Lengths available from 2' - 8'
- GREENGUARD Certified

# DIRECTOR'S/CONDUCTOR'S STANDS AND PODIUM

## DIRECTOR'S STAND

Classic. Durable. Stable. These are the hallmark features of our Director's Stand. Built with a strong, wobble-free base and transparent desk, the director's stand is fully adjustable, lightweight and professional in appearance. In other words, exactly what you've been looking for.

**FEATURES/SPECIFICATIONS**

- Transparent polycarbonate desk
- Durable tripod base with black powder-coat finish
- Desk measures 27"w x 20"h with 1½" lip
- Polycarbonate desk surface resists heavy scratching and chipping
- Foot pedal release allows easy height adjustment
- Broad tripod base for extra stability
- GREENGUARD Certified

| MODEL NUMBER | PRODUCT |
|---|---|
| 141C001 | DIRECTOR'S STAND |

## FOLDING CONDUCTOR'S PODIUM

Whether you're bouncing room-to-room or traveling for a performance, you need a conductor's podium that travels light. The Folding Conductor's Podium is lightweight and durable with laminated plywood sides that securely lock into position to create a stable foundation.

**FEATURES/SPECIFICATIONS**

- The perfect complement to the Director's Stand
- Interlocking design for strength and stability
- High-quality built-in handle made for transporting
- Durable grey carpeted surface on solid-core plywood frame
- Tough steel edging and stable, locking hinges for extra support
- Measures 30"w x 30"d x 8"h

| MODEL NUMBER | PRODUCT |
|---|---|
| 021L022 | FOLDING CONDUCTOR'S PODIUM |

Fold the frame and use the carrying handle for transport.

*"I've used my Wenger conductor's system for 30 years – it still works great and I love it! There's not a thing wrong with it; it'll go another 30 years, no problem."*

– Dr. Buddy Clements, Band Director, Walnut High School, Walnut, California

## PREFACE® CONDUCTOR'S STAND

The Preface Conductor's stand gives you more. More workspace. More storage. More functionality. With its refined black finish and generous desk size, this stand looks as professional as it performs. Fully adjustable dual-supports allow you to set the desired height and desk angle for optimal comfort. And best of all, you get all this added function without the added weight or cost.

Storage box extends the full width of the stand and is accessible from both sides.

### FEATURES/SPECIFICATIONS

- Extra large desk and lip hold plenty of sheet music, and the accessory shelf holds batons, pencils and more
- Strong, wide base with two upright posts
- Smoothly adjust the height and desk angle to suit your needs
- Tilting desk allows for easy angle adjustment
- Integrated storage box design allows access from both sides
- Bolt-through desk attachment maintains stability
- Durable black powder-coat paint finish for a formal appearance
- Lightweight but durable metal construction weighs 15.3 lb
- Desk measures 29"w x 18½"h
- Height adjustment from 25½" - 49¼", desk lip to floor
- GREENGUARD Certified

*"Before Wenger, we just winged it. Our media storage room was a mix of old library shelves and cabinets that other departments didn't want anymore. We had a multitude of users for various events and it was tough to keep it all organized. Wenger stepped in and put us back on the right path."*

– Dann Hurlbert, AV Specialist and Film Studies, Instructor, Henry Sibley High School, Mendota Heights, Minnesota

## MOBILE MEDIA STORAGE CABINETS

As the role of technology in the classroom has increased, so too has the need for storage equipment that allows you to effectively manage and allocate it across classrooms. The Mobile Media Storage Cabinet is a flexible solution that's easy to maneuver and allows you to transport your valuable technology assets quickly, efficiently and safely.

### FEATURES/SPECIFICATIONS

- Mix and match interior components including: Slide-out shelves, drawers, rackmount sections, power strips, accessories and more
- Sturdy wood design, durable worksurface top, rolling casters, and locking doors
- Two sizes available, one column measures 32"w x 24⅝"d x 43"h and the two column measures 48¼"w x 24⅝"d x 43"h
- Two configurations:
  - Standard - Suited for drawers and shelves
  - Rackmount - Built to hold rackmount units
- Finished in thermally fused polyester laminate

## FIXED MEDIA STORAGE CABINETS

Audio-visual equipment can create an unruly mess when left unorganized. Our Fixed Media Storage Cabinets are purpose-built for the storage and organization of audio-visual equipment. Handsomely designed, unbelievably spacious and secure, these cabinets remove the chaos and help to protect your valuable audio-visual investments.

### FEATURES/SPECIFICATIONS

- Mix and match interior components including: Slide-out shelves, drawers, rackmount sections, power strips, organization grid, accessories and more
- Organize and protect your important equipment in a way that file cabinets and bookshelves can't
- Sturdy wood design, steel pilasters for mounting shelves, and locking doors for security
- Two sizes available, one column measures 21½"w x 24"d x 85⅝"h and the two column measures 42"w x 24"d x 85⅝"h
- Three configurations:
  - Standard - Suited for drawers and shelves
  - Organizer - Wire grids let you add hooks and baskets
  - Rackmount - Built to hold rackmount units
- Finished in thermally fused polyester laminate

# REHEARSAL RESOURCE CENTER

Downtime in a classroom is wasted time. The Rehearsal Resource Center puts all your controls, electronics and lesson materials right at your fingertips. Smartly designed and elegant in appearance, the resource center consists of separate left and right units that can be used either separately or connected to create a larger workspace. Finally, a resource center that works as hard as you do.

LEFT CURVED UNIT

### FEATURES/SPECIFICATIONS

# WARDROBE CABINET

You selflessly devote yourself to your students, the music program and school. Often at the expense of keeping your personal instruments, files and performance attire organized. The Wardrobe Cabinet allows you to store and organize the personal pieces you rely on every day in one secure place. Because an organized educator is a good educator.

### FEATURES/SPECIFICATIONS

- Personal space with room to stay organized and clutter-free
- Full, locking door with individual key lets you keep your personal items secure
- Three adjustable shelves for flexibility
- Two Pendaflex file-sized drawers for storing personal files
- Garment compartment with hanger rod and venting holes to help dissipate moisture, mildew, and odors
- Mirror mounted on inside of door
- Bolt-through construction and tamper-resistant hardware
- Shipped fully assembled, with door attached

# WORKSTATIONS

## SELECT LAB WORKSTATION

With its winning combination of comfortable ergonomic design, spacious work surfaces and hidden cable management compartment, Wenger has created a workstation that works harder. The Select Lab Workstation puts everything a young musician needs comfortably within reach, and eliminates the annoyance of loose cables and wires on the work surface.

### FEATURES/SPECIFICATIONS

- Choose the model width, number of rackmounts, and whether or not your workstation has adjustable height, wheels, and a bottom shelf, etc.
- Plenty of room for a computer and all the other lab tech you want
- Electronic piano keyboard fits on the slide-out tray
- Two widths available - 62" or 50"w x 30"d
- Fixed or adjustable height
- Optional 4" diameter rolling casters
- Includes headphone hook with feature that allows the addition of a padlock
- Flip-up compartment allows access to a wire way channel for organizing cords and power strips
- Bottom shelf is optional in fixed-height model only
- GREENGUARD Certified

### WORKSTATION COLORS

Wenger Maple | Pebble | Oyster | Cherry | Evening Tigris | Fusion Maple | Solar Oak | Graphite

Graphite option is available for Select Lab and Essential Lab Workstations only.

## ESSENTIAL LAB WORKSTATION

Just because space is limited doesn't mean you need to compromise your students' comfort. The Essential Lab Workstation is a sleek, smart solution that packs a lot of features onto a small frame. Its spacious work surface provides ample space for monitors, tablets and keyboards. The C-shaped frame opens legroom for a tighter setup that fosters collaboration between students.

### FEATURES/SPECIFICATIONS

- Standard desk sizes 32" or 42"w x 22"d
- Custom desk sizes available with any width 32" - 49"
- Welded 16-gauge, c-shaped tubular steel frame has a black textured powder-coat paint finish
- Engineered to hold up to 175 lb of equipment
- Desk height is 27¾" (28¾" with spacers)
- Pull-out computer keyboard shelf measures 24"w x 15¾"d x 2"h
- Lockable headphone holder, mountable on either side
- GREENGUARD Certified

### ACCESSORIES

## CLASS PIANO WORKSTATION

Not recommended for pianos with sloping tops.

There's no easier way to instantly add functionality to your digital pianos than with our Class Piano Workstation. This workstation mounts securely to 76- and 88-key digital upright pianos to provide a spacious platform for a computer, speakers, sheet music and other accessories. Non-residue suction cups make the workstation easy to remove and won't damage your instrument.

### FEATURES/SPECIFICATIONS

- Workstation measures 60"w x 18"d x 5½"h
- Fits most 76-key and 88-key flat-top, upright digital pianos
- Pull-out computer keyboard shelf slides out of the way when not in use
- Clear acrylic music holder and mouse pad are included
- Back cover panel conceals cords and protects wiring
- U.L.®-listed six-outlet power strip
- GREENGUARD Certified

# ELEMENTARY PRODUCTS

Young learners require educational tools that are interactive, easy to engage with. Wenger elementary education products fit this description. With over 70 years of experience, we understand what works and what doesn't. That's why all our innovative products have been designed to keep young learners engaged in the lessons and, most importantly, having fun.

– Emily Hausmann, Music Specialist, Keene's Crossing Elementary School, Windermere, Florida

# TEACHERTAXI® CART

Teaching is not a stationary discipline. You're constantly moving around the classroom and jumping from one subject to the next. The teacherTAXI is the indispensable mobile storage cart that's fast, nimble and provides easy access to all your essential tools and materials – books, instruments, sheet music, etc. It's like having an entire classroom on wheels.

## FEATURES/SPECIFICATIONS

- Tough 1½" diameter powder-coated curved steel tubular frame
- Two 4" front pivoting swivel casters and two 12" static rear wheels for smooth maneuverability and exceptional stability
- Easily fits through standard doorways, hallways, and elevators
- Total cart weight empty: approximately 85 lb
- Adjustable center shelf can also be removed
- Two cupholders (one large, one small)

Wenger Maple | Pebble | Oyster | Cherry | Evening Tigris | Fusion Maple | Solar Oak

As the name suggests, the ORFFmobile and ORFFgarage are tailor-made to simplify the storage and transport of your valuable ORFF instruments. Now, even those big bass xylophones can be safely moved into playing position and then out of the way when not in use. And when it's music time, three stable surfaces allow you to put together an ensemble in a snap.

## ORFFGARAGE®

**FEATURES/SPECIFICATIONS**

- Four adjustable shelves in upper cabinet
- Full-length lockable doors
- Leveling pads on base
- Cabinet measures 48"w x 29¼"d x 72"h
- ¾" thermally fused composite wood
- GREENGUARD Certified

| MODEL NUMBER | PRODUCT |
|---|---|
| 168E001 | ORFFGARAGE |

## ORFFMOBILE®

**FEATURES/SPECIFICATIONS**

- Makes it easy to move instruments and always keep them in ready-to-play position
- Three playing surfaces at different heights accommodate any child or instrument
- Solid-steel construction and ⅛" ABS plastic shelves create an extremely stable playing surface
- Easy-rolling casters make transportation smooth and stable when folded
- Mallet storage on cart

| MODEL NUMBER | PRODUCT |
|---|---|
| 167D001 | ORFFMOBILE |

*"Our three ORFFmobiles are easy to move in and out of the room as needed – they only take 30-40 seconds to set up. The ORFFmobiles help students know where to go and how to present themselves."*

– Sterling Scroggins, Music Teacher, Wheatley Elementary School, Washington, D.C.

”

*“Our Wenger cabinets enable students to keep their instruments and belongings safe. With open shelves, security can be a major issue. We’re very happy to have the cabinets and they’re holding up really well.”*

– Oscar W. Wright, Director of Bands, R.B. Stall High School, North Charleston, South Carolina

UltraStor Cabinets are the world's most trusted and proven instrument and uniform cabinets. The quality materials, solid construction and adjustable shelf option make these cabinets the industry's go-to storage choice.

## FEATURES/SPECIFICATIONS

- Load-tested doors, bolt-through construction and polyester laminate
- Heavy-duty hardware, top-quality doors, and tamper-resistant shelves
- Designed to specifically meet the needs of educators with the right size compartments, cabinet heights and features specific to instruments and equipment
- Choose between solid doors, straight or waterfall grille doors or no doors
- Attractive polyester laminate and composite wood core resists chipping and looks new years longer than other laminates
- Shelves feature patented ventilation ridges and rounded front edges, improving airflow crucial to musical instrument, equipment and garment longevity
- Fixed or adjustable shelf options available
- Three heights available: 85⅝", 69¾" and 38⁵⁄₁₆"
- Standard and narrow widths available
- Available with right- or left-hinged (standard) doors for easy access
- Seismic-compliant bracing available upon request
- Available in several core substrates to meet your specific needs: fire-rated, industrial-grade composite wood with no added formaldehyde (standard), moisture-resistant, FSC®-certified (FSC® C103872) and Vencore (plywood)
- GREENGUARD Certified

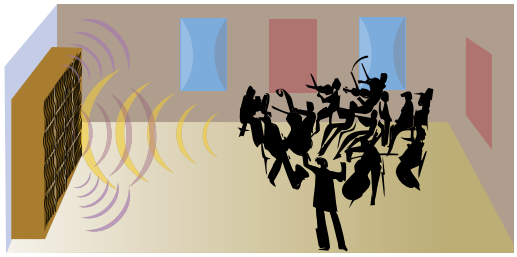
# ACOUSTICABINETS®

Add instrument storage cabinets to your rehearsal space without sacrificing the acoustical integrity of your space with AcoustiCabinets. Our patented design is the industry leader in the sound absorption, security and durability.

### FEATURES/SPECIFICATIONS

- Independently tested solution provides more than twice the sound absorption as standard storage cabinets
- Unique curved grille door design minimizes a room's cubic volume loss and reduces distracting vibrations
- Load-tested doors, bolt-through construction and polyester laminate
- With ridges designed for ventilation and a rounded front to prevent damage to instruments, our one-piece polyethylene shelves are unique in the industry and nearly indestructible
- Heavy-duty hardware, top-quality doors and tamper-resistant shelves keep your valuable investments safe
- Available in all standard Wenger cabinet sizes
- GREENGUARD Certified

Four cabinets shown: #6, #4, #4 and #10



A rehearsal room with Wenger's AcoustiCabinets and used in conjunction with absorber and diffuser panels can create an acoustically balanced environment. Loudness is controlled and balanced over the full audible range.

# CORNER STORAGE CABINETS

Maximize your space with cabinets designed to fit corner spaces. As one of our most versatile storage options, the Corner Cabinets fit perfectly into any corner and can be equipped with up to six adjustable stationary or revolving shelves and fixed or revolving garment bars.

Three cabinets shown:
#4, Corner Cabinet and #2

### FEATURES/SPECIFICATIONS

- Cabinet measures 48¼"w x 48¼"d x 84⅝"h
- Heavy-duty construction
- GREENGUARD Certified

### STATIONARY SHELF MODEL FEATURES/SPECIFICATIONS

- Door opening is 24" wide for easy access
- Up to six 48" wide adjustable shelves
- Side panels are 29" deep
- Accommodates adjustable 48" wide shelves
- Available with stationary hanger bars or shelves

### REVOLVING SHELF MODEL FEATURES/SPECIFICATIONS

- Available with revolving hanger bars or shelves
- Includes deflector panel to prevent items from falling off revolving shelves
- Will accommodate up to six 360° shelves

# GEARBOSS® SHELVING

Great for music equipment, theater costume and prop storage. GearBoss Shelving offers rugged, adjustable metal shelving that is perfect for storing your equipment. A versatile system that can be configured to your specific needs, the cantilever design maximizes both overhead and floor space.

Three bays shown

## FEATURES/SPECIFICATIONS

- Configure your optimal storage space by adding shelves, workspace desks, drawers, locking cabinets and hanger rods
- Cantilever design has fewer supports to give you extra space and make cleaning easier
- Adjust shelves in 1" increments without tools
- Each bay is load-rated at 1,000 lb
- Easy to install and relocate
- Available in 4'w x 8'h bays
- Silver powder-coat paint finish
- GREENGUARD Certified

## CONFIGURATIONS

GearBoss® Shelving comes in a wide variety of configurations. Call your Wenger representative for the best solution and budget estimate for your program.

# SHEET MUSIC STORAGE

## MUSIC LIBRARY SYSTEM

Cut your storage space in half with Wenger's Music Library System. Built for maximum organization with the minimal amount of wall space. Our patented high-density rollout design keeps your sheet music clean, crisp and easy to find.

### FEATURES/SPECIFICATIONS

- Designed to accommodate most music filing boxes, end-tab file folders and envelopes
- Shelves feature a protective polyester laminate and are reinforced with an aluminum extrusion to prevent sagging
- Available in six or seven shelf units
- Available in standard or oversized width shelves
- Interior shelves and base are Oyster
- GREENGUARD Certified

### ACCESSORIES

Lock Kit | Top Closure Kit

Four units shown

Adjustable shelves allow you to conveniently store sheet music for choral, instrumental, choral octavos and marching band - even lesson books and compilations - all in the same easy to use unit.

An average-size music program needs as many as 10 four-drawer file cabinets – that take up 13½' feet of wall space – just to accommodate 1,000 titles.

But Wenger's slide-out-shelf design lets you store those same 1,000 titles in a 4-unit system that takes up only 5'8" of wall space.

*"The Music Library System is deceptive, holding a lot more than I first thought. We're able to access sheet music very quickly and efficiently. The units also open and close easily."*

– Basil Kerr, Band Director, Charleston County School of the Arts, North Charleston, South Carolina

# MUSIC SORTING RACK

Sort your scores by instrument and roll it from your music library to rehearsal or performance. Strong, stable design will stand up to years of use.

### FEATURES/SPECIFICATIONS

- Durable, smooth-rolling swivel casters let you take your sheet music anywhere
- Identifies 46 slots by instrument for easy organization
- Slots measure 1"w x 10½"d and 9"h
- Rack measures 49⅝"w x 25¼"d x 35 1/16"h

# GEARBOSS® HIGH-DENSITY STORAGE

Engineered for maximum flexibility, GearBoss high-density storage carts give you a customizable, spacious storage system for music, athletic, phy-ed equipment and uniforms. There is nothing a combination of our different storage carts can't handle, and your Wenger representative can design the best arrangement for you.

## X-CART™

### FEATURES/SPECIFICATIONS

- X-Cart is available in two sizes and measures 32" or 48"w x 78"d x 79"h
- Roller guides follow the track keeping the units aligned
- Rugged construction with welded chassis and steel wire grille end frames
- Heavy-duty 8" wheels allow the cart to roll smoothly on the track
- Durable powder-coat paint finish
- Wire grille ends come in a variety of colors to match your program colors

### ACCESSORIES

Doors | Shelves | Garment Bars | Hangers | Stackers | Attic Units | Track

## TEAM CART™

### FEATURES/SPECIFICATIONS

- Team Cart is available in two sizes and measures 32" or 48"w x 78"d x 79"h
- Roller guides follow the track keeping the units aligned – but are retractable for when you need to remove the cart from the track
- Rugged construction with welded chassis and steel wire grille end frames
- Heavy-duty 6" swivel casters make transportation easy
- Durable powder-coat paint finish
- Wire grille ends come in a variety of colors to match your program colors

### ACCESSORIES

Doors | Shelves | Garment Bars | Hangers | Stackers | Attic Units | Track

*"Storing and transporting marching band uniforms and hats is much easier with our GearBoss Team Carts. The uniforms are well-protected and we now can get prepared faster at band reviews."*

– Bruce Tipton, Band Director, Vanden High School, Fairfield, California

## SPORTCART™

Built with the same features as the Team Cart and just as solid, the SportCart is a smaller storage unit that easily navigates small hallways, short doorways, and most elevators. Take your equipment wherever you need with ease.

### FEATURES/SPECIFICATIONS

- SportCart measures 32"w x 41¾"d x 73"h
- Extra wide heavy-duty 5" swivel casters for easy moving on hard surfaces such as concrete, gym floors, tile and commercial grade carpet
- Durable powder-coat paint finish
- Wire grille ends come in a variety of colors to match your program colors

### ACCESSORIES

Doors | Shelves | Garment Bars

## WORKSTATION

The GearBoss Workstation is a two-in-one storage and workstation that is perfect for folding uniforms, storing gear and more. At 42" tall, with a laminate surface, the Workstation is as durable as it is portable.

### FEATURES/SPECIFICATIONS

- Workstation measures 32"w x 78"d x 42"h
- Laminate surface is 1" thick
- Roller guides included for use on the X-Cart track if desired
- Rugged construction with welded chassis and steel wire grille end frames
- Heavy-duty 6" swivel casters make transportation easy
- Durable powder-coat paint finish
- Wire grille ends come in a variety of colors to match your program colors

### ACCESSORIES

Doors | Shelves | Garment Bars

### CONFIGURATIONS

GearBoss® High-Density Storage Carts come in a wide variety of configurations. Call your Wenger representative for the best solution and budget estimate for your program.

# MOBILE CARTS

Tailor-made for moving garments or gear, the OnBoard Cargo Cart and Rack 'N Roll garment rack are the rugged answer to storage. Sturdy enough to carry uniforms and equipment, sleek enough to fit through standard doorways; these racks are the ultimate in mobile transportation.

## ONBOARD® CARGO CART

### FEATURES/SPECIFICATIONS

- Cargo Cart measures 72½"w x 31½"d x 70½"h
- Fits through standard 3' doorways
- Available with two locking and two fixed heavy-duty solid rubber casters or pneumatic wheels that maneuver easily on hard or soft surfaces
- Equipped with removable full-length garment bar and 40 hanger retainer clips to lock uniforms in place
- Bottom shelf constructed of 16-gauge steel with black powder-coat paint finish
- Top of garment bar to top of bottom shelf is 5'1½"
- GREENGUARD Certified

*"Every time I turn around, they find a new use for our TranSport Cart. When you have one of these carts, everyone gets their hands on it and doesn't want to let it go. It fits all kinds of roles for us."*

– Jaime Sherwood, Director of Athletics and Activities, Wayzata High School, Plymouth, Minnesota

# ONBOARD® PODIUMS

Wenger has perfected a line of drum major podiums to offer solutions that are both sturdy and portable. The OnBoard Field Podium and Auxiliary Podium are both easy to transport and can be unfolded and ready to use in less than 30 seconds. It's the perfect solution for where safety meets efficiency.

## ONBOARD® FIELD PODIUM

**FEATURES/SPECIFICATIONS**

- Breakthrough design sets up in less than 30 seconds with two people
- 72" heigh platform lets a drum major see and be seen
- Ladder steps on each end and removable safety rails on top
- Four large-diameter, rubber wheels and tow bar make transportation onto the field easy
- Sturdy deck with excellent traction and long life durability
- Unique combination of black, powder-coat painted steel and aluminum for a striking appearance and maximum durability
- Includes two gas assists to minimize lifting effort
- Folds compactly and will fit on most trailers and trucks
- Field Podium measures 46¼"w x 96"d x 110"h with rail, 46¼"w x 96"d x 72"h without rail and 46¼"w x 96"d x 21½"h in the stored position

| MODEL NUMBER | PRODUCT |
|---|---|
| 210C018 | ONBOARD FIELD PODIUM |

## ONBOARD® AUXILIARY PODIUM

**FEATURES/SPECIFICATIONS**

- Breakthrough design sets up in less than 30 seconds by one person
- 42" high platform lets a drum major see and be seen
- Ladder steps on the back and a safety rail on top
- Two rubber wheels make transportation onto the field easy
- Sturdy deck with excellent traction and long-life durability
- Unique combination of black, powder-coat painted steel and aluminum for a striking appearance and maximum durability
- Simple design folds compactly and rolls from storage to performance position
- Auxiliary Podium measures 32"w x 72"d x 80"h with rail, 32"w x 72"d x 42"h without rail and 32"w x 54"d x 8"h in the stored position

# ONBOARD® CARTS

Our line of percussion carts accommodate almost any percussion instrument imaginable for both outdoor and indoor performances. The OnBoard Timpani Cart fits all sizes of timpani and converts from towing position into a performance platform in four easy steps. The Percussion Cart and Bass Drum/Gong Cart make it easier than ever to move on and off the field.

## ONBOARD® TIMPANI CART

### FEATURES/SPECIFICATIONS

- Fits all five sizes of pedal-style timpani – 20", 23", 26", 29" and 32" diameter
- Stabilizer bars allow cart to remain steady on uneven surfaces
- Carts can separate and be used individually
- Fold-down player platform quickly locks into performance position
- Tie-down rings allow timpani to be secured in place
- Can be easily pulled onto the field with drums in place
- Metal tow bar
- Holds up to four drums
- Each cart includes four 10" diameter pneumatic wheels
- Load capacity: 200 lb evenly distributed per cart
- Cart measures 34½"w x 149"d in the towing position and 90"w x 90"d in the performance position
- GREENGUARD Certified

## ONBOARD® PERCUSSION CART

### FEATURES/SPECIFICATIONS

- Designed to hold a wide selection of small percussion instruments at arm's reach
- 150 lb load capacity
- Includes four accessory mounts with clamps to attach instruments to bar, metal tow bar and storage pockets for mallets, sticks, etc.
- Pneumatic wheels for easy mobility on soft surfaces
- Cart measures 72¼"w x 31"d x 49½"h
- Fits through standard 3' doorway
- GREENGUARD Certified

## ONBOARD® BASS DRUM/GONG CART

### FEATURES/SPECIFICATIONS

- Elastic suspension system designed to easily hold the weight of a large bass drum or gong up to 40" diameter
- Drum tilts in 15-degree increments
- Two rigid and two swivel pneumatic wheels
- Includes storage pockets for mallets and metal tow bar
- Black powder-coat paint finish
- Cart measures 25½"w x 64"d x 57½"h
- GREENGUARD Certified

## ONBOARD® KEYBOARD CART

The OnBoard Keyboard Cart makes it easier than ever to store, transport and perform with your keyboard – all on the same cart. The cart's pneumatic wheels roll over grass, hard surfaces, thresholds and cords with ease.

### FEATURES/SPECIFICATIONS

- Top shelf accommodates 88-key keyboard length and width
- Designed to prevent keyboard from sliding around during transport
- Bottom shelf supports amplifier, graphic equalizer, speakers and other electronic equipment
- 300 lb load capacity
- Cord wrap for power cables and metal tow bar included
- Adjustable to proper playing height 41" - 44"
- Fits through standard 32" doorways
- Rolls easily on grass with heavy-duty pneumatic tires
- Accommodates speaker dimensions up to 22"w x 16½"d x 30"h and 75 lb
- Built to withstand limited exposure to outdoor elements
- Cart measures 68½"w x 31"d x 41"h
- GREENGUARD Certified

## ONBOARD® SPEAKER CART

Your days of struggling to transport heavy speakers are over with the OnBoard Speaker Cart. Built with pneumatic tires for easy movement over grass, hard surfaces, thresholds and cords, the OnBoard Speaker Cart can securely transport even your heaviest speakers.

### FEATURES/SPECIFICATIONS

- Designed to move heavy-duty speakers up to 24"w x 14"d
- Cart tilts speakers into performance positions – 0, 15, 30 and 45-degrees
- Black powder-coat paint finish
- Metal tow bar included
- Rolls easily on soft surfaces with two rigid and two swivel pneumatic wheels
- Fits through a standard 32" doorways
- Cart measures 25½"w x 39"d x 27"h
- GREENGUARD Certified

VAE® TECHNOLOGY

# ACOUSTIC SOLUTIONS

Wenger is a pioneer of acoustical equipment for music spaces, with innovative solutions that improve the learning environment and inspire great performances. Whether you are looking for traditional treatments or cutting-edge virtual technology, Wenger has a variety of solutions to meet your acoustic needs.

87 | VAE® Technology
88 | VAE® Rehearsal and Studio VAE®
89 | SoundLok® Sound-Isolation Rooms
90 | Pre-Engineered Acoustical Doors
91 | Traditional Acoustic Panel Series
92 | Dynamic Acoustic Panel Series

94 | Legacy® Classic Acoustical Shell
95 | Legacy® Basic Acoustical Shell and Acoustic Shield
96 | Travelmaster™ Acoustical Shell

* Product color samples can be provided upon request

# VAE® TECHNOLOGY

Wenger's VAE (Virtual Acoustic Environments) uses highly advanced technology to simulate the acoustics of nine different performance spaces at the touch of a button. The VAE system can be installed in any music space, from a small music studio to a large rehearsal room. Built-in features such as record/playback make this technology a powerful tool in the music classroom.

**Multipurpose Room Acoustics** Adjust the acoustic environment and volume level to meet the needs of your music programs. Soloist? Turn the room acoustics up for support. Percussion section? Turn the room acoustics down for clarity and safety.

**Nine Performance Environments** VAE offers a broad range of performance environments, ranging from a small ensemble room to a cathedral and large sports arena.

**Accelerate Learning** Supportive room acoustics help students learn to listen and facilitate the development of pitch, tone and overall sense of ensemble.

**Record and Playback** Get immediate feedback with high quality recordings and immersive playback; a great tool for assessments and ensemble work.

**Upload and Download** Upload an accompaniment or take an ensemble recording home to practice with.

** VAE Practice and Studio only*

## CONFIGURATIONS

Whether part of a larger renovation or an addition into an existing classroom, our experienced team makes the VAE design and installation as seamless as possible. Call your Wenger representative for a consultation today.

*"The Wenger practice room works out very well as my teaching studio, especially the excellent sound isolation. The VAE technology's recording/playback is a fabulous teaching tool that I use in lessons. By listening to themselves, students get immediate feedback and awareness of how they actually sound."*

– Ben Coelho, Professor of Bassoon, University of Iowa, Iowa City, Iowa

## VAE® REHEARSAL SYSTEM

Wenger's VAE technology transforms the acoustics in your rehearsal space to meet the needs of any size ensemble or music style. VAE Rehearsal optimizes balance and blend in the classroom, allowing each member of your ensemble to hear themselves and other sections more clearly.

**Flexible Acoustics** Take complete control of the sound level and acoustic signature of your rehearsal space. Adapt your classroom to meet the needs of each ensemble and musical style.

**Custom Preset** Wenger's acoustic engineers can map the acoustic environment of your performance venue and custom program it into the VAE Rehearsal system, taking your rehearsals to the next level.

**Critical Listening** Develop listening skills and adapt to performing as an ensemble in a variety of spaces.

**Record and Playback** VAE Rehearsal uses high quality microphones and loudspeakers for an accurate recording and immersive surround sound playback experience.

**Seamless Integration** Each VAE Rehearsal System is individually designed to meet the unique needs of your rehearsal space and music program.

## STUDIO VAE®

Studio VAE is an ideal package for any small practice or studio room, converting what are traditionally small spaces that are not ideal for music into so much more. Able to install into any room less than 200 square feet with ease, Studio VAE is a great option for both teachers and students.

**INCLUDES**

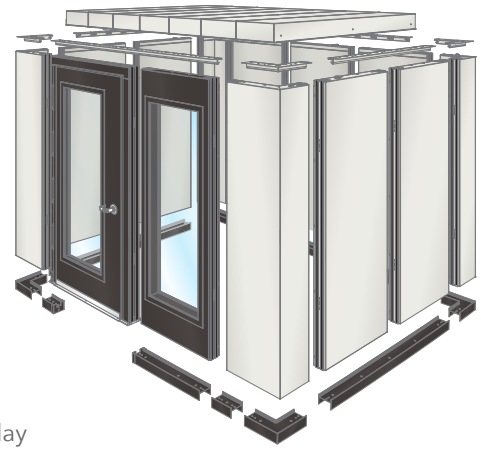
- VAE digital processor & control panel
- Four speakers
- Two microphone wall panels
- All cables and speaker wire for complete installation

*"Part of my interest in the VAE Rehearsal system was the ability to have a "Wayzata Auditorium" setting. The Wenger acousticians and engineers measured the acoustic environment in our auditorium and emulated that in our rehearsal room, making a smooth transition for our young musicians. Now when we're rehearsing in our orchestra room, we can feel like we're rehearsing on our stage."*

– Mark Gitch, Orchestra Director, Wayzata High School, Plymouth, Minnesota

# SOUNDLOK® SOUND-ISOLATION ROOMS

Great sound isolation is difficult to design and even more challenging to build. The smallest shortcut in construction of brick and mortar music practice spaces can result in poor isolation performance. For over 50 years, Wenger's SoundLok rooms have been providing excellent sound isolation in a wide variety of music education programs worldwide. Due to their modular format, SoundLok rooms can be relocated or resized as your music program grows.



### FEATURES/SPECIFICATIONS

- Wenger guarantees the sound isolation with the highest rating in the industry, making each room 25% quieter than similar rooms on the market
- The correct amount of absorption and diffusion is built-in for the best possible environment for music practice
- VAE technology (optional) allows musicians to practice in the acoustics of different performance spaces, make professional quality recordings and play along with accompaniments through built-in fully immersive surround sound system
- An independent cost study shows that the Wenger SoundLok room costs 10% less on average when compared to a properly constructed stick-built practice room
- Clean, professional 4" thick steel wall and ceiling panels are filled with high-grade acoustical insulation
- Rails, channels, and corner pieces interlock panels at the floor and ceiling with double-seated gasketed seams
- Glass door and window panels (optional) allow for easy monitoring, personal security, and inviting ambiance.
- Connect directly to building HVAC (or optional fan ventilation system) for quiet and efficient air exchange
- Dimmable LED lighting for lower power consumption
- Room heights (interior) available in 6" increments from 7'6" - 10'
- Door Options: 3' standard; 4' door for large instruments; double door for grand piano
- GREENGUARD Certified

### ACCESSORIES

- Horizontal broadcast application window and vertical window panels
- Horizontal and vertical closure panels to create a complete, built-in look for side-by-side installations
- Extra-capacity raceway for communications and network cabling
- Floating floor (inset in room) provides impact noise reduction for percussion rooms

*"We have five SoundLok practice rooms with VAE technology. Students practice in them constantly – at lunchtime, before school or after school – so I know they're enjoying them. Students use the acoustic settings and recording capability and can practice without disturbing our rehearsals."*

– Dr. Buddy Clements, Band Director, Walnut High School, Walnut, California

# PRE-ENGINEERED ACOUSTICAL DOORS

We've heard too many horror stories about poorly fitting doors and inadequate sound isolation. That's why Wenger engineers and acoustical experts have created an acoustical door that provides superior sound isolation. We've created an advanced split-frame design that accommodates virtually any wall thickness so every Wenger acoustical door fits perfectly. After all, even a small gap or imperfection can create enormous acoustical problems. Because our doors are pre-engineered, you'll be assured a high-integrity installation.

**Superior Sound Isolation –** Every door is pre-engineered to make it easy to install and to provide minimum sound leakage, rather than relying on a contractor to assemble a "door kit."

**Continuous Cam-Lift Hinge –** A continuous cam-lift hinge eliminates pinch points and provides a solid seal at the bottom of the door for maximum sound isolation.

**Teflon®-Coated Sweep Seal –** Allows door to close easier with stainless steel sill plate and creates a tight seal for maximum sound isolation.

### FEATURES/SPECIFICATIONS

- Minimizes sound leakage outside of room to surrounding environments
- Most doors with one-hour UL® fire rating
- Durable, maintenance-free hinges up to 100,000 cycles
- Standard mortise pocket for easy leverset installation
- Door widths: 3′, 3½′, 4′, and 6′ double door with removable mullion
- Installs in wall thicknesses 4½" - 12½"

# TRADITIONAL ACOUSTIC PANEL SERIES

Enhance the acoustics of your rehearsal space with Wenger's Traditional Acoustic Panels. We design and manufacture a wide-range of panel sizes, types and finish options. Since the needs of each space are unique, Wenger provides consultation on how to optimize the acoustics in your rehearsal room.

**Guaranteed Acoustic Performance –** Every room is first analyzed to provide the best solution of absorption and diffusion, and then Wenger guarantees the resulting acoustical performance.

**Solves Acoustic Problems –** Wenger understands the acoustic problems that negatively affect rehearsal room such as flutter echo, hot spots and dead spots, lack of clarity, and excessive loudness. Wenger has a diverse product offering to effectively eliminate these problems.

**Diverse Product Offering –** Wenger has engineered five unique technical designs, in dozens of sizes, shapes, diffusion angles and finish options, to yield a broad selection of acoustic panels.

Absorber Panels

Type II Convex Diffuser Panels

Type I Convex Diffuser Panels

**COLORS**

**PREMIER UPHOLSTERY**

Wenger acoustic panels add visual appeal. You can choose from dozens of attractive fabric colors to coordinate with other Wenger products and compliment your color scheme.

Quadratic Diffuser Panels

Pyramid Diffuser Panels

**CONFIGURATIONS**

Call your Wenger representative for the best solution for your program and an estimate to help you budget your investment.

*"The acoustical treatment has really changed our rehearsals; my students are excited to hear the difference. Band comes alive when you can move beyond learning your own part to analyzing other parts and hearing what the composer intended. I think that's the ultimate enjoyment and reward of music in the band setting – it's about the ensemble"*

– Anthony H. Bailey, Director of Bands, Hart High School, Santa Clarita, California

# DYNAMIC ACOUSTIC PANEL SERIES

Wenger's Dynamic Acoustic Panels have an upscale finish and the series includes the patented Tunable Panel, which can change its sound absorption properties. A system of tunable panels can be used to create a truly flexible classroom, ideal for various music styles and ensemble sizes. Simply turn the handle of the tunable panel to the left to maximize absorption, and right to maximize diffusion. Take control of your room acoustics with the Dynamic Panel Series.

**Flexibility –** Allows the same rehearsal space to be used for both instrumental and choral rehearsals. A series of tunable panels can change the reverberation time by 0.5 to 0.8 seconds. Acoustic test data is available.

**Innovation –** The tunable panel combines the latest manufacturing technology with innovative engineering for a truly unique product that you won't find anywhere else. The simple turn of a handle changes the amount of airspace behind a microperforated panel, changing how much sound is absorbed across a wide-range of frequencies.

**Aesthetics –** With their unique shape and finishes, the dynamic panel series offers a fresh look for college and university recital halls as well as rehearsal rooms. Dozens of fabric colors are available, as well as woodgrain finishes to match other Wenger products.

## FEATURES/SPECIFICATIONS

- Series includes tunable panel, as well as matching absorber and diffuser panels
- Tunable panel is easily interchangeable for absorption or diffusion
- Provides broad range of variable absorption, from 125Hz to 2000Hz
- Durable construction and replaceable fabric cover
- Available in 4'w x 4'h and 4'w x 8'h sizes

Diffusion Mode
Reflects sound waves for improved blending of sound.

Absorption Mode
Absorbs sound waves to lower sound level.

## CONFIGURATIONS

# LEGACY® CLASSIC ACOUSTICAL SHELL

Legacy is an excellent portable acoustic shell that can transform just about any space into an impressive-sounding performance venue, while still being a simple one-person set-up. The Legacy Classic is the go-to choice for an easily maneuverable yet professional shell.

### FEATURES/SPECIFICATIONS

- Designed for one person to set up in a short amount of time
- Adjust the canopy angle for optimizing sound reflection to the audience.
- No protruding front legs eliminates interference with setup and trip hazards
- Lift mechanism to raise and lower shell
- Filler panel provides full coverage within 1" of floor and folds up for storage
- All panels fit flush with no overlap shadows or exposed fasteners
- Fully extended height is 15'2"
- In storage position, unit fits through 36"w x 80"h door opening
- 90 square feet of reflective surface
- Units nest for storage

### COLORS

Oyster

Harvest Maple

Roll shell into place. Lower its kick panel and raise and set the canopy.

Use tool to adjust canopy angle for optimum sound projection.

Turn handle of lift mechanism to set shell height into performance position.

Position panels together to create your finished shell.

*"I cannot believe the difference in sound when the Legacy shell is up. Our gym has very good acoustics, but I can clearly tell whether or not the shell is up. The Legacy shells are very easy to work with – my kids and I can easily handle them."*

– Cydney Dixon, Band Director, Lower Lake High School, Lower Lake, California

# LEGACY® BASIC ACOUSTICAL SHELL

Turn your gym or cafeteria into a performance venue in minutes with our Legacy Basic acoustical shell. Designed for a one-person setup, just roll it into place, set the canopy angle and crank it up to its full height for impressive acoustics on a budget.

**FEATURES/SPECIFICATIONS**

- Sets up quickly and raises in a few seconds
- Canopy adjusts to four different angles to optimize reflection to the audience
- No visual hardware on front panel eliminates exposed screws and brackets that may cause unwanted light reflections
- Fully extended height is 13'6"
- Upper panels are 1" thick with honeycomb core. Lower panel is ¾" thick with laminated wood core
- Easy, intuitive lift mechanism for raising and lowering shell
- Canopy adjusts to 45, 60, 75 and 90-degree angles
- Legs protrude in front of shell to provide counterweighted base design
- Canopy panel is 6'w x 36"h

Shells nest together for ompact storage.

Roll shell into place.

Adjust snap-in pins for desired canopy angle.

Lift canopy to preset angle for optimum sound projection .

Turn handle of lift mechanism to set shell height into performance position.

## ACOUSTIC SHIELD

The Acoustic Shield effectively reduces potentially damaging sound energy and features a unique cantilever arm that extends over chair backs for ideal positioning behind the head of the musician. This easy-to-use, lightweight shield has a low-profile base that provides excellent stability without interfering with musicians or stands.

**FEATURES/SPECIFICATIONS**

- Large 22½"w x 17"h shield surface for maximum diffusion
- Use at its higher position to deflect sound around a musician's head or use it at its lower position to help project French horn sound
- Adjustable height from 10" - 43"
- Folds compactly with built-in carrying handle

| 143E102 | ACOUSTIC SHIELD |

# TRAVELMASTER™ ACOUSTICAL SHELL

With the Travelmaster Acoustical Shell, you can bring a reliable acoustic environment with you wherever you perform. Durable and lightweight, these shells were equally built for maximum portability and sound reflection so you can give a perfect performance every time.

### FEATURES/SPECIFICATIONS

- Sets up easily and disassembles fast for transport anywhere
- Lays flat and compact for transport on the Travelmaster Storage Cart
- A six-unit set can be set up or taken down in less than 30 minutes
- Formed ABS panels have built-in diffusion providing excellent cross communication for ensembles
- Durable, lightweight panels provide large, acoustically reflective geometric surfaces
- Legs are designed to fold out for fast setup
- Base panels adjust from 9'4" - 12'2" heights
- 3'1"w x 9'6"h filler panels attach to base panels

Roll shell into place.

# SIGNATURE® CHORAL RISERS

Our Signature Choral Risers are designed to incorporate every meaningful advantage possible, all with a full 15-year warranty. An easy-to-reverse design and adjustable riser arrangement makes for quick and secure transitions. Optional side rails attach without tools, while 3- and 4-step models roll easily through standard doorways.

### FEATURES/SPECIFICATIONS

- Formed and welded steel construction for unparalleled stability and quiet performance
- Fold-down design allows easy one-person setup
- Integrated backrail with child-height safety crossbar
- Bolt step mount provides the safety of bolted construction while letting you reverse steps to create new setup configurations
- Singers feel confident standing on Signature risers with a 150 lb live load capacity per $ft^2$
- Designed for in facility use, easily fits through standard doorways
- Rubber edging protects risers when being moved or stored

### ACCESSORIES

Siderails

Compact footprint, both the 3- and 4-step model fold up for compact storage and easy transportation.

A Signature Choral Riser is easy for one person to roll and control.

Maneuver it into place and unfold with a single fluid motion.

3- and 4-Step riser sets available.

It sets up quickly and easily and provides excellent stability.

4-step model shown with optional siderail.

|---|---|
| 098G053 | 3-STEP SIGNATURE RISER |
| 098G054 | 4-STEP SIGNATURE RISER |
| 098G541 | SIDERAIL SET (2) |

*"We use Signature Risers daily in our choir room and we roll them to the auditorium for concerts. Setting them up is a piece of cake – they're wonderful!"*

– Robin Rogers, Choral Director, Charleston County School of the Arts, North Charleston, South Carolina

## SIGNATURE CHORAL RISER SETS

Signature Choral Risers may be arranged in a variety of configurations to support both large and small choral groups and may be adapted to fit almost any space. Use the charts below as a general guideline when determining your needs. Contact your Wenger representative for help in making your final selection.

**3-STEP SIGNATURE (098G053)**

| GROUP CAPACITY* | UNITS NEEDED | SPACE REQUIRED |
|---|---|---|
| 12-16 | 1 | 6′w x 4′10″d |
| 24-32 | 2 | 11′10″w x 6′4″d |
| 36-48 | 3 | 17′5″w x 6′3″d |
| 48-64 | 4 | 22′5″w x 7′7″d |
| 60-80 | 5 | 26′10″w x 9′d |
| 72-96 | 6 | 30′7″w x 10′10″d |
| 84-112 | 7 | 33′6″w x 12′9″d |
| 96-128 | 8 | 35′5″w x 15′d |

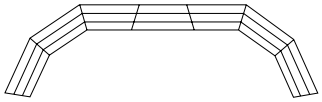
**4-STEP SIGNATURE (098G054)**

| GROUP CAPACITY* | UNITS NEEDED | SPACE REQUIRED |
|---|---|---|
| 17-23 | 1 | 6′6″w x 6′d |
| 34-46 | 2 | 12′10″w x 6′11″d |
| 51-69 | 3 | 18′10″w x 7′9″d |
| 68-92 | 4 | 24′3″w x 9′1″d |
| 85-115 | 5 | 29′1″w x 10′6″d |
| 102-138 | 6 | 33′1″w x 12′4″d |
| 119-161 | 7 | 36′2″w x 14′4″d |
| 136-184 | 8 | 38′4″w x 16′6″d |

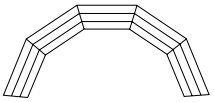
*First number indicates how many high school students will fit on a riser set if all students stand shoulder to shoulder. Second number indicates how many students will fit on a riser set if they are all facing center with shoulders overlapping. Numbers include a row of students standing on the floor. Adult groups should use lower number.

For a straight arrangement, alternate reversed riser units with regular units.

For a winged arrangement, reverse only the center unit.



For a horseshoe arrangement, reverse the center unit and add three regular units to each end.



For a semicircular arc, place regular units end to end.

### COLORS

Grey Carpet

Step supports are welded steel for maximum stability and strength. Backrails are permanently attached for maximum safety. Risers have a stable, secure contact with the floor when in the performance position.

Carpet edges protected by structural aluminum extrusions adds both distinction and stability.

### RISER REVERSIBILITY

Easily change riser arrangements by simply switching the position of the steps on the frame. You can configure Signature Risers into straight, winged, horseshoe, or semicircular designs that are every bit as secure as the original position.

# TOURMASTER® CHORAL RISERS

No other risers travel this smoothly; it's easy to take them around tight corners, across the parking lot and into a bus or a van. Tourmaster risers will deliver reliable operation for a long time, guaranteeing that they are your best value for a traveling riser. No wonder they are the #1 choral riser in the world.

### FEATURES/SPECIFICATIONS

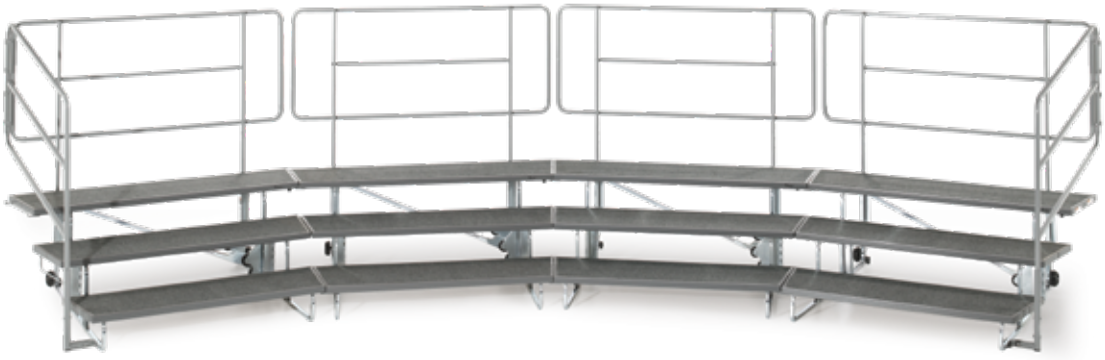
- A proven design that can withstand the rigors of institutional use
- Folds and unfolds in 10 seconds
- Across country or across town, Tourmaster Risers fold, roll and travel smoothly
- Minimal storage space required when not in use
- Safe and solid traveling riser with 125 lb per $ft^2$ load capacity
- Durable carpeted plywood steps in both 18" and 24" depth
- Steps can be reversed to create different configurations
- Steel frame with heavy-duty wheels and built-in stair glides stands up to years of use
- 3-Step/18" deep model available in 4' and 6' lengths, with optional 4th-step addition
- 3-Step/24" deep model available in 4'7" length, with optional 4th-step addition

### ACCESSORIES

4th-Step | Backrails | Siderails | Move & Store Cart

### COLORS

Grey
Carpet



Tourmaster units roll smoothly through hallways, around tight corners, and up and down stairways.

Each unit quickly unfolds accordion-style.

Step on the frame and pull the riser toward you to raise it to the upright position.

Optional safety backrails and siderails attach quickly and securely without tools.

Move and store your riser sets wherever you need them. Each cart holds up to four risers, plus backrails and 4th-step additions.

*"We have several sets of Tourmaster Risers, which we use in different places around campus, like the refectory, chapel or headmaster's house. We also take them off-campus. Their flexibility and mobility makes them perfect for us."*

– Robert Palmer, Chairman of Performing Arts, Avon Old Farms School, Avon, Connecticut

## TOURMASTER CHORAL RISER SETS

Tourmaster Choral Risers may be combined to match the needs of any size group. Use the charts below as a general guideline, please contact your Wenger representative for help in determining what makes the most sense for your situation.

**18" 3-STEP 6' TOURMASTER SETS**

| GROUP CAPACITY* | UNITS NEEDED | SPACE REQUIRED |
|---|---|---|
| 12-16 | 1 | 6'w x 4'10"d |
| 24-32 | 2 | 11'10"w x 6'4"d |
| 36-48 | 3 | 17'5"w x 6'3"d |
| 48-64 | 4 | 22'5"w x 7'7"d |
| 60-80 | 5 | 26'10"w x 9'd |
| 72-96 | 6 | 30'7"w x 10'10"d |
| 84-112 | 7 | 33'6"w x 12'9"d |
| 96-128 | 8 | 35'5"w x 15'd |

18", 4', 4th-step addition will add space for 3-4 performers per unit. 24", 4th-step addition will add space for 3-4 performers per unit. 18", 6', 4th-step addition will add space for 4-5 performers per unit.

**18" 3-STEP 4' TOURMASTER SETS**

| GROUP CAPACITY* | UNITS NEEDED | SPACE REQUIRED |
|---|---|---|
| 8-12 | 1 | 4'3"w x 4'8"d |
| 16-24 | 2 | 8'6"w x 5'd |
| 24-36 | 3 | 12'7"w x 5'4"d |
| 32-48 | 4 | 16'8"w x 6'1"d |
| 40-60 | 5 | 20'4"w x 6'8"d |
| 48-72 | 6 | 23'10"w x 7'8"d |
| 56-84 | 7 | 27'w x 8'8"d |
| 64-96 | 8 | 30'w x 9'11"d |

**24" 3-STEP 4'7" TOURMASTER SETS**

| GROUP CAPACITY* | UNITS NEEDED | SPACE REQUIRED |
|---|---|---|
| 8-12 | 1 | 4'7"w x 6'2"d |
| 16-24 | 2 | 9'2"w x 6'6"d |
| 24-36 | 3 | 13'6"w x 6'10"d |
| 32-48 | 4 | 17'10"w x 7'7"d |
| 40-60 | 5 | 21'10"w x 8'2"d |
| 48-72 | 6 | 25'8"w x 9'3"d |
| 56-84 | 7 | 29'2"w x 10'2"d |
| 64-96 | 8 | 32'3"w x 11'6"d |

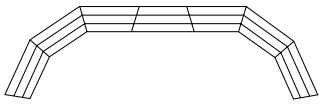
* First number indicates how many performers will fit on a riser set if all performers stand shoulder to shoulder. Second number indicates how many performers will fit on a riser set if they are all facing center with shoulders overlapping. Numbers include a row of performers standing on the floor. Adult groups should use the lower capacity number.

## RISER REVERSIBILITY

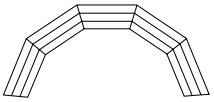
Wenger makes it easy to change riser arrangements by simply switching the position of the steps on the frame.

For a straight arrangement, alternate reversed riser units with regular units.

For a winged arrangement, reverse only the center unit.



For a horseshoe arrangement, reverse the center unit and add three regular units to each end.



For a semicircular arc, place regular units end to end.

*"We're a very creative school – everyone is full of ideas – and our StageTek platforms adapt to almost anything: theatrical presentations, musicals, dance, opera or multi-department events. We're making full use of them."*

– Chris Krambo, Technical Director, Los Angeles County High School for the Arts, Los Angeles, California

StageTek is the standard for versatility. Lighter, stronger, easier to handle and faster to set up, the StageTek staging system is as elegant and stable as it is durable and repairable. Compared to anything else, StageTek is the best all-around platform and investment.

## FEATURES/SPECIFICATIONS

- Simple, economical, plug-in legs make an unlimited number of configurations possible
- Legs are fabricated from round 2½" diameter aluminum extrusions and finished with a non-marring cap
- Legs are available in three types: Fixed height, telescopic, and adjustable height
- Standard Uniform Load: 125 lb/ft$^2$
  Heavy-Duty Uniform Load: achieved with center leg or smaller decks, 200 lb/ft$^2$
- Easy-to-handle platforms have lightweight aircraft-grade aluminum frames with rounded contours that are easy to grip
- Decks are ¾" thick and constructed of Group I veneer plywood with a protective laminate on both sides
- Decks have cast aluminum leg sockets and are secured quickly without the use of tools
- Fixed leg height: 8", 16", 24", 32", 40" and custom sizes available

# STAGETEK® OUTDOOR STAGING

The StageTek® Outdoor decks add to Wenger's StageTek System that has proven itself over the past decade in thousands of schools, theaters, events centers and more. The outdoor decks are built for the elements, so you do not have to panic when the forecast turns murky. Plus, the simple and adjustable leg options make assembling a stage over uneven terrain fast and easy.

**STANDARD DECK SIZES**

4′ x 4′

4′ x 6′

4′ x 8′

### FEATURES/SPECIFICATIONS

- All-Weather Design – Aluminum deck designed for outdoor use in all types of weather. Decks have spaces for drainage and a textured surface to improve traction and reduce shine. Will not rot, peel, warp or swell and is non-combustible.
- Strong and Stable – Impressive load ratings that exceed performance expectations for uniform load, side load and point load.
- Compatible – Works with existing StageTek decks, legs, and accessories

### ACCESSORIES | See StageTek Accessories Page

Leg Options | Connectors/Brackets | Leg Retention Clips | Guardrails | Skirting and Backdrops | Move & Store Carts | ADA-Compliant Ramps | Closure Panels

Legs available from 4" – 120" (102mm – 3048mm)

- Fixed Height
- Adjustable
- Telescopic legs

A crew of two can set up an entire StageTek stage – with accessories – quickly. StageTek goes up without pins, tools or separate assemblies. Just slip the legs into the sockets and tighten.

StageTek's outdoor textured surface improves traction and reduces shine. Spaces for drainage ensure water doesn't pool on deck.

# STAGETEK® SEATED RISERS

StageTek Seated Risers have the versatility for you to build the right configuration for any sized group and performance space. Simple and lightweight, StageTek Seated Risers can be set up in minutes. See for yourself why our risers have been a staple in facilities and classrooms for decades.

## FEATURES/SPECIFICATIONS

- Simple, economical, plug-in legs make hundreds of configurations possible
- Light weight deck with rounded edges for a comfortable grip
- Save as much as 50% in storage space with our storage and transport cart
- Load ratings (Uniform Load, Dynamic Load and Point Load) meet or exceeds building code requirements
- Easy-to-handle sections have lightweight aircraft-grade aluminum frames with rounded contours that are easy to grip
- Decks have cast aluminum leg sockets and legs are quickly secured without tools
- Decks secure to each other quickly and easily without the use of tools
- Decks are ¾" thick and constructed of Group I veneer plywood with a protective laminate on both sides
- Legs are fabricated from round 2½" diameter aluminum extrusions and are finished with a non-marring cap
- Legs are available in three types: Fixed height, telescopic, and adjustable height
- Fixed leg height: 8", 16", 24", 32", 40" and custom sizes available
- Deck sizes: 3'w x 3'd, 4'w x 4'd, 6'w x 3'd, 8'w x 4'd, 6'w x 4'd and 8'w x 3'd
- Pie shaped and custom sizes available

*Seating capacities are based on one row of chairs on the floor.

## CONFIGURATIONS

StageTek® comes in a wide variety of configurations. Call your Wenger representative for the best solution for your program and an estimate to help you budget your investment.

# STAGETEK® ADA-COMPLIANT ACCESSIBILLITY RAMP

Wenger portable ramps are strong, stable and easy to assemble. They have been designed to attach securely to Wenger staging units and are available in a wide variety of heights and configurations. This cost-effective ramp solution helps ensure that all performers have an equal chance to take the stage.

24" ramp elevation shown with optional mid-rails.

## FEATURES/SPECIFICATIONS

- Ramp design meets all guidelines of the Americans with Disabilities Act (ADA) according to the 2015 International Building Code (IBC)
  - Hand rails are continuous throughout ramp
  - Clear width on ramp is a minimum of 36"
  - Landings are a minimum of 60"w x 60"d at any direction change
  - Railings extend 12" at end of handrails
  - Contrasting color indications designate any elevation changes
- Multiple ramp configurations available to fit your needs
- Compact storage is ideal for facilities that have limited storage space
- Parts are labeled for quick set-up
- Adjustable legs are provided for easy set-up on uneven surfaces

## CLOSURE PANELS

Front and side closure panels for seated risers cover the space between levels and enclose each end to create a finished, built-in look.

## SKIRTING & BACKDROPS

Add finishing touches to complete your stage with skirting and backdrops.

## BACKDROP FRAME

Supports a curtain up to 8′ tall. The frame connects to the guardrail and clamps to the legs of your deck without tools. Curtain attaches with hook and loop fastening strips.

# TROUPER® STAGING

Trouper Staging features a fold-out design without the hazard of pinch points found in many fold-and-roll stages. Trouper staging is built with superior structural integrity and the highest quality materials to ensure reliable operation over a long life.

### FEATURES/SPECIFICATIONS

- Integrated platform and legs make setup simple and tool free
- Camlock unit-to-unit connector provides a safe and solid connection between units
- Heavy-duty construction with a 200-lb-per-square-foot live load rating
- Frame constructed of solid 16-gauge steel
- Decks constructed of ¾" solid plywood
- Deck edges are fully capped by finished steel edging that overlaps and protects the deck surface and carpet
- Legs unfold quickly for easy setup
- Fixed-height leg lengths: 8", 16", 24", and 32"
- Optional dual-height leg lengths: 16"/24" and 24"/32"
- Individual decks available in 6'w x 3'd, 6'w x 4'd, 8'w x 3'd and 8'w x 4'd

# EVERY PIECE OF PERFOR HAS OVER OF STAGE E

## PERFORMING ARTS

From acoustics-optimizing shells and banners, to the most advanced theatre rigging and motion control solutions available, Wenger has the equipment you need to get the most out of your performance spaces. Wenger's deep and intimate understanding of these performance spaces translates into equipment that helps to maximize their

# MING ARTS EQUIPMENT

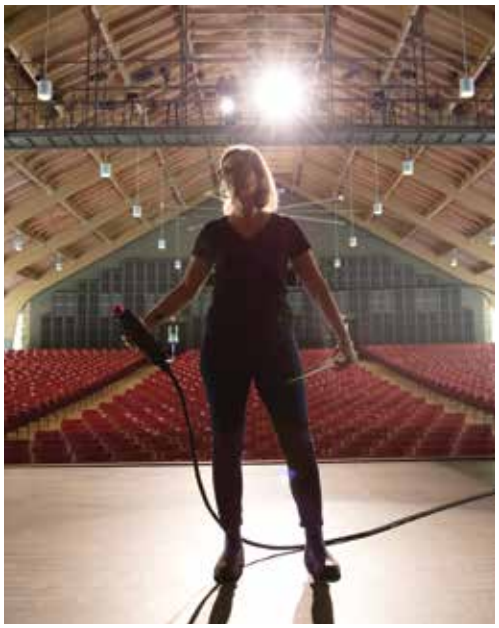
# 75 YEARS XPERIENCE.

potential for both performers and audiences. From full-stage auditoriums to black box theatres, Wenger performing arts equipment allows you to put your best stage forward.

Wenger® | JRCLANCY

# THEATRE RIGGING SOLUTIONS

Wenger and J.R. Clancy. Two great names in theatrical equipment with a shared goal; deliver the best stage engineering solution for your auditorium or performance center. From hoists and motion control systems to counterweight rigging systems, Wenger and J.R. Clancy bring state-of-the-art performance solutions to your facility.



# TRAINING, INSPECTION & MAINTENANCE

At Wenger Corporation, we are committed to helping you create and maintain a safe, reliable venue.

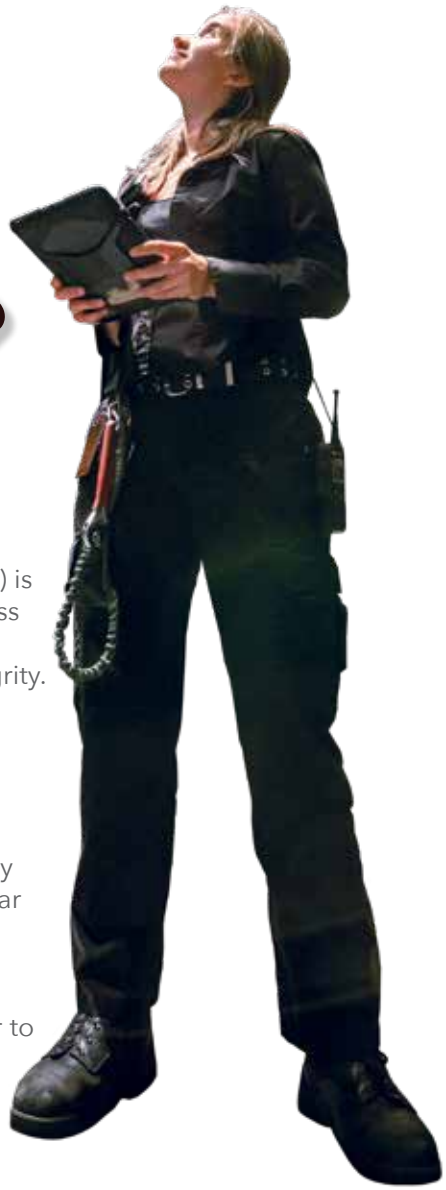
ENSURE THAT YOUR THEATER IS THE SAFEST POSSIBLE ENVIRONMENT FOR YOUR PERFORMERS, STAFF, STUDENTS AND AUDIENCE.

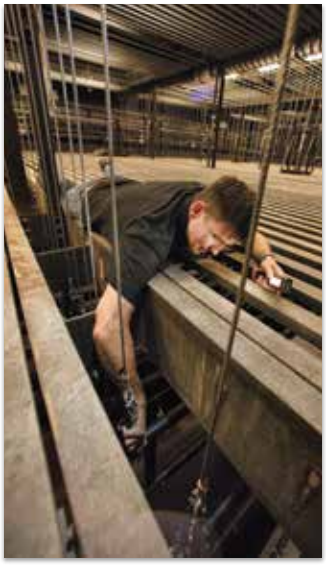
TiM TRAIN INSPECT MAINTAIN®

Our thorough inspections conducted through our J.R. Clancy Train, Inspect & Maintain (TIM®) program protect your investment, ensure the safety of your facility, and keep you compliant with the latest ANSI standards. We provide additional documentation for your safety program, and during inspections will identify any equipment and/or installations that may be unsafe.

Our ETCP-trained technicians can handle any job, from simple repairs and replacements to complex troubleshooting and renovations. If you're looking to upgrade, we can provide you with a variety of options and a complete estimate to help you plan for your new Wenger and J.R. Clancy products.

If you have any questions about your Wenger and J.R. Clancy equipment, just give us a call at 800-836-1885 or visit our web page to complete an online form.





MAKE SURE YOUR RIGGING MEETS ANSI STANDARDS

The American National Standards Institute (ANSI) is dedicated to enhancing business competitiveness and quality of life by promoting and facilitating voluntary standards and safeguarding their integrity. ANSI E1.47-2020 Entertainment Technology, Recommended Guidelines for Entertainment Rigging System Inspections states that Manually Operated Equipment and Motorized Equipment should be inspected annually or immediately after equipment or components have been newly installed, altered or repaired. We schedule regular inspections with our customers to ensure their rigging systems are in excellent working order. We also train our customers to identify potential problems so they can act in the timeliest manner to promote ongoing safe operation.

To schedule, go to: www.jrclancy.com/tim.asp

# TRANSCEND® ACTIVE ACOUSTICS

Enhance the functionality and acoustics of any space with Transcend Active Acoustics. From performing arts centers, theatres and opera houses to arenas and places of worship, active acoustics technology requires fewer microphones and speakers to provide a more reliable and stable system. This streamlined, cost-efficient solution ensures the best possible sound quality for any seat in the house.

### FEATURES

- Dynamic – Advanced design. A dedicated, state-of-the-art processor for Active Acoustics using high speed digital audio communications with the other system components
- Clarity – Natural reflections. Transcend Active Acoustics enhances the reflections of the space providing optimal acoustics for any performance or event
- Transport – Technology transforms. From choral and symphonic to drama and lecture, Transcend Active Acoustics can optimize the space for each performance
- Connect – Command and control. The entire system can be managed with remote control and visual monitoring using state-of-the-art Audio Architect software

# FULL-STAGE ACOUSTICAL SHELLS

## DIVA® ACOUSTICAL SHELLS

Diva acoustical shells combine industry-leading acoustics with the ease of portability to deliver unrivaled full-stage sound quality for performance spaces of all sizes. High-grade wood veneers impart a decided touch of elegance to your stage. With Diva, you get uncompromising acoustics and aesthetics in perfect harmony.

### FEATURES/SPECIFICATIONS

- Beautiful, full-stage acoustics for optimum on-stage sound and excellent sound projection to the audience
- Perfect for medium and large theatres
- Modular design accommodates everything from full orchestras to string quartets
- Integrated Wenger Lieto™ LED light fixtures available
- Finishes include: Paint, High-Pressure Laminate, High-Grade Wood Veneer and Custom Veneer Options

## MAESTRO® ACOUSTICAL SHELLS

With incredible sound quality, appearance and functionality, Maestro acoustical shells fit the demanding acoustic requirements of your performance center, and your budget. Maestro delivers impressive full-stage acoustics and elegant aesthetics.

### FEATURES/SPECIFICATIONS

- Finishes include: Low-Pressure Laminate, Paint, High-Pressure Laminate, and High-Quality Wood Veneer panel finish
- Towers nest together to reduce storage space required
- Ceiling rows set up easily with a crew of as few as two people
- Integrated Wenger Lieto™ LED light fixtures available

# TRANSFORM® ACOUSTICAL BANNERS

Optimize the acoustics of your performance space at the touch of a button. Transform motorized acoustical banners deploy quietly and quickly to control the levels of sound absorption and reflection in your space.

### FEATURES/SPECIFICATIONS

- Available in 3' - 10' widths
- Tubular motor driven system for use in an operator controlled or pre-set environment
- Banner system will integrate with J.R. Clancy's SceneControl™ systems and other intelligent control systems

# STAGETEK® TIERED AUDIENCE SEATING

The StageTek® name is synonymous with innovation. Every StageTek component represents the pinnacle in design, engineering, materials and manufacturing. StageTek audience seating platforms are built on this industry-leading expertise, and give you the flexibility to create seating configurations that are right for the performance and the venue. A standing ovation is all but guaranteed.

### FEATURES

- Load ratings (Uniform Load, Dynamic Load and Point Load) meet or exceeds building code requirements
- Easy-to-handle sections have lightweight aircraft-grade aluminum frames with rounded contours that are easy to grip
- Decks have cast aluminum leg sockets. Legs are quickly secured with the rotation of the knob
- Platform Decks are ¾" thick and constructed of Group I veneer plywood with a protective laminate on both sides
- Legs are available in three types: Fixed height, telescopic, and adjustable height
- Fixed height legs are available in lengths that result in the following deck heights: 8", 16", 24", 32" and 40"

# PORTABLE AUDIENCE CHAIRS

STANDARD PORTABLE AUDIENCE CHAIR

PREMIER PORTABLE AUDIENCE CHAIR

Here's a smart, affordable and flexible solution for fixed audience seating that can adapt to changing theatre seating configurations. These chairs combine all the features and comfort you'd expect from a luxury theatre chair at a price that's just as comfortable. Available in standard and premier styles.

### FEATURES

- Stable freestanding design that can be floor-mounted if desired.
- Extra comfortable with thick padding.
- Reliable automatic spring-return seat mechanism.
- Premier Audience Chair features finished hardwood on back, bottom and arm rests.
- Dimensions: 32"height x 21-25"wide (813 x 533-635 mm) in 1-inch (25 mm) increments.
- Available in a wide selection of fabrics and wood stains with custom design options available.
- Can be fitted with drink holders, donor plates and seat number plates.

## HIGH-DENSITY PORTABLE AUDIENCE CHAIRS

Comfortable. Flexible. Durable. These strong folding portable chairs are sure to leave a positive impression with your audience without leaving marks on the theatre or auditorium floors. X-frame construction prolongs the life of the chair and provides even weight distribution for enhanced comfort.

### FEATURES

- Double tube and channel frame provides strength, durability and flexibility
- Multiple seat and back cushion options to chose from
- Lobe screws make seat backs virtually tamper-proof
- Duraflex action assures level seating on uneven surfaces
- Chair Width – 18" or 19½" – add 2¼" per arm
- Seat - 21¾"d x 17¾"h x 18¼"w
- Chair Height – 31¾"
- Weight – 16 lb
- Available Options: Without arms, one-arm, two-arms, ganging brackets, move and store cart, auto seat uplift, cupholder

# CAVEA™ FIXED AUDIENCE SEATING

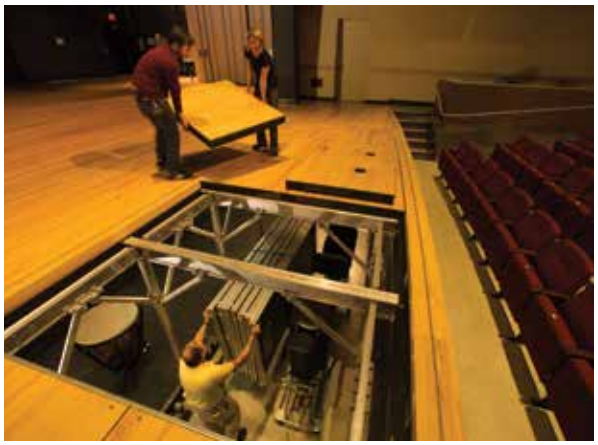
Wenger Corporation's prominence in the education and theatre equipment markets goes back over 75 years. Now, we've partnered with SERIES® Seating to engineer a new line of audience seating that specifically fits the needs of our K-12 education customers. We've combined industry-leading durability, comfort and an attractive price to create a seat that's exceptional in every way.

## FEATURES

- Seat and back contours help position the occupant's body for proper posture and comfort
- Specific cushion density and patented webbed support system provide ideal comfort for the duration of performances
- Integrated lumbar support
- Curvature of the armrest provides proper support and placement of occupant's arms and wrists
- Seat rise mechanism is a ¾ fold, noise dampening gravity rise system. It reduces noise and allows the seat bottom to be pushed back to allow more aisle space for people to pass
- Seat design with fully enclosed components eliminates any pinch points
- Having no exposed fasteners provides a clean look and reduces tampering with the seats
- "Drop-in" assembly reduces installation time and eliminates excess brackets and fasteners
- Compact seating envelop (16.5") maximizes seating capacity without compromising comfort

# STRATA® ORCHESTRA PIT FILLER

Custom-designed to fit the exact specifications of your orchestra pit, STRATA orchestra pit filler provides incredibly strong support while freeing up an amazing amount of space below. The system connects to your existing stage with ease while the acoustically dampened decks fit snugly to create an integrated surface that is extremely quiet.



**FEATURES**

- Pre-assembled substructure components make setup fast and intuitive
- Deck corners are constructed of glass-filled nylon to help eliminate sharp edges
- Deck surface options: natural or painted tempered hardboard, and tongue and groove wood flooring
- Basic system meets IBC rating and a uniform vertical load of 150 psf
- Deck surface takes a point load of 1000 lb on a 2" caster without leaving permanent marks

*"The Strata Pit Filler is great – we've been completely satisfied. It's much less expensive than a hydraulic lift system and a better solution for us. Other pit filler systems looked potentially dangerous and time-consuming to work with."*

– Mike Nicolai, Technical Director, Oconomowoc Arts Center, Oconomowoc, Wisconsin

# STUDIO® MAKEUP STATION

Getting ready for a performance is a lot easier with the right facilities and stage amenities. The Studio Makeup Station offers performers the luxury, convenience and comfort of a professional, wall-mounted lighted makeup station. The station mounts into wall studs or masonry at any height and hardwires into the room's electrical system, so two adjacent stations can share one light column.

### FEATURES

- Light columns give performers clean, shadow-proof illumination
- Curved countertop allows you to lean in just 15" from mirror
- Recessed tray and overhead shelf for additional storage space
- Steel-laminated construction keeps the mirror from curving or splintering
- Medium-density fiberboard with stain-resistant, matte-white laminate
- Permanently mounted 3/16" diameter steel wire light bulb cages

# BACKSTAGE® MAKEUP STATION

Make the most of your limited space with the backstage makeup station. This lightweight, portable, lighted makeup station provides even, shadow-free lighting. And the large head-to-shoulders mirror makes it easy to achieve great results in a small space. This makeup station sets up on a table in seconds – just plug it in and go.

### FEATURES

- Multiple stations nest together for compact storage

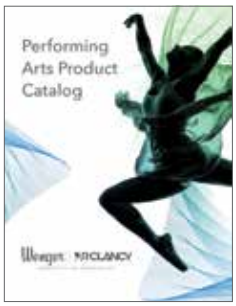
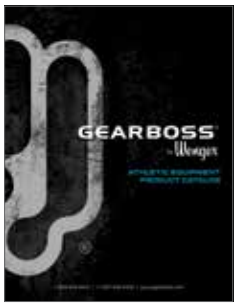
- Steel frame and unique aluminum light housing surround the mirror
- Single outlet and rocker switch combination with built-in GFCI protection
- Auxiliary power outlet operates with lights off

# PLANNING

## PLANNING IS EASIER WITH OUR FREE PLANNING TOOLS:

We offer six comprehensive, free guides (including guides for performing arts and athletic facilities), and a powerful, online planning tool specially designed for architects, to help you navigate the construction planning process to meet your dream of creating music, performing arts and athletic facilities that bring out the best in your musicians, performers and athletes.





*"The Planning Guide was absolutely my bible during this project. It gave me a standard to reference and included some things I never would have thought about, related to room size, space usage and acoustics."*

– Marc Riegel, Band Director Chapman Middle School, Chapman, Kansas

The success of your new facility depends on your plan. At Wenger we'll help you plan your ideal environment while balancing budgets, needs and space. For more than 75 years, we've helped educators and administrators get the most out of every dollar. No company has spent more time with music educators or studied more types of facilities. We understand how to make music programs more successful.

Your Wenger representative is in tune with music education and performance and will help you make smart, cost-effective decisions on everything from product selection to space allocation. You'll benefit from our close relationships with architects, ensuring your satisfaction by providing a trusted resource for the complexities of designing a space.

We can collaborate with your committee and give you the support you need to present your plan. It's important to know that from concept to completion, putting Wenger expertise to work doesn't cost you a dime.

The planning process can vary from project to project. Fortunately, every process follows a timeline of similar steps. From the passing of a school bond all the way to construction, Wenger can help you every step of the way.

## PLANNING PROCESS STEPS

01 ▸ School Bond Vote

02 ▸ Pre-Planning

03 ▸ Programming

04 ▸ Schematic Design

05 ▸ Design/Development

06 ▸ Construction Documents

07 ▸ Bidding

08 ▸ Construction

09 ▸ Equipment Purchase

10 ▸ School Opening

*"Wenger's Planning Guide gave me some real practical ideas which we used in two junior high music facilities – they turned out very well. I'm amazed that some architects don't take advantage of the materials Wenger has available. The Planning Guide is easy to read and offers excellent information."*

– Edward K. Skahan, Vice President, Director of Design, Kluber, Skahan & Associates, Inc., Batavia, Illinois

# SUSTAINABILITY

For as long as we've been developing high-quality, durable products to meet the needs of our customers, we've also been exploring ways to be better stewards of the environment we share. Whether it's the nearly 1,000 tons of materials we recycled last year or the energy-efficient lighting in our plant, our goals have always been green. Check out the green box below to see some of the ways we're helping reduce, reuse and recycle.

## IMPLEMENTING THE PHILOSOPHY OF THE USGBC

As a member of the U.S. Green Building Council, Wenger is dedicated to fulfilling USGBC's mission to promote green building practices. We understand and embrace the principles behind USGBC. usgbc.org.

## FOREST STEWARDSHIP COUNCIL® (FSC®) CHAIN OF CUSTODY (COC) CERTIFICATE

FSC is an independent, non-governmental, not-for-profit organization established to promote the responsible management of the world's forests. FSC provides internationally recognized standard-setting, trademark assurance and accreditation services to companies, organizations, and communities interested in responsible forestry. fsc.org FSC (FSC® C103872).

## MEETING UL GREENGUARD CERTIFICATION

The mission of UL GREENGUARD is to protect human health and quality of life through programs that help reduce chemical exposure and improve indoor air quality. To date, GREENGUARD has certified many Wenger products including Instrument Storage Cabinets, Posture Chairs and GearBoss® Storage Carts, with more certification to come. greenguard.org.

## PRODUCTS:

- GREENGUARD certification for Chairs and Stands, Instrument, Garment, and Specialty Storage Cabinets, including UltraStor® and GearBoss® Storage Carts
- Optional environmentally sensitive core material in Instrument Storage Cabinets
- High-efficiency electronic ballasts in Sound-Isolating Practice Rooms
- Wax coating on Student Chair Tablet Arm Desks eliminates emissions vs three-step solvent process
- Powder paint finishing reduces waste by 65% vs plating/solvent processes

## MANUFACTURING:

- Precise raw material ordering eliminates waste
- Computer-optimized cutting processes improve yield
- ISO quality-improvement tools reduce scrap
- Multiple use of manufacturing cooling/rinse water before discharge
- Residual material in aerosol cans is contained and disposed of properly
- Super-insulated drying and curing ovens minimize heat loss and reduce consumption
- Green cleaning agents and a non-metallic conversion coating vs caustic finish pretreatments
- Instant foam packaging – free of CFCs and HCFCs – used where possible
- Stretch-wrapping eliminates corrugated waste
- Pallets are reused or remanufactured
- Clean-burning diesel emission-control in Wenger delivery trucks
- Post-installation packaging is returned and reused or recycled

## OPERATIONS:

- Use recycled paper, recycle all paper
- Regular facility-wide recycling collection
- Recycling drop-off for employees
- Routine collection of steel and aluminum dropoff
- Routine collection of oils used in manufacturing
- Electronic information delivery
- Advanced low-consumption plant lighting
- Smart HVAC central control system

## INDUSTRY TESTIMONIALS:

# MUSIC EDUCATORS SINGING OUR PRAISES.

*"I reviewed products from Wenger and their competitors; I was amazed at the difference. Wenger offered better quality, craftsmanship and detail."*

– Justin Brinkman, Band Director, Elmwood High School, Bloomdale, OH

*"Wenger was attentive and responsive through the entire process, completing the work professionally, on time and on budget – what more can you ask for!"*

– Dwight Vaught, Director, Doudna Fine Arts Center, Eastern Illinois University, Charleston, IL

*"Other companies make look-alike products, but I wanted Wenger quality instead of inferior substitutes."*

– Jeff Henry, Band Director, Godley High School, Godley, TX

*"We've had no concerns with anything from Wenger – the products speak for themselves in terms of quality."*

– Larry Adkins, Assistant Principal, R.B. Stall High School, North Charleston, SC

*"I've been using Wenger products since my first teaching job 20 years ago. The reason is simple: consistent durability and craftsmanship you can count on."*

– Dr. David Betancourt, Director of Bands and Orchestra, Cerritos College, Norwalk, CA
